ACTIVITY 1

Dated: 01/08/2023

Activity: "Haritha Haram"

Venue: Offline platform

Report: The "Haritha Haram" activity saw enthusiastic student participation in a plantation drive aimed at increasing green cover to reduce pollution, improve public health, and protect wildlife. Conducted on 1st August 2023 from 2:00 PM to 4:00 PM, the drive took place behind Block V, GCET, and extended to areas outside the college in Cheeryal village. This initiative not only contributed to environmental conservation but also raised awareness about the importance of green spaces for a healthier and more sustainable community.

Activity 2

Date: 1st October 2023

Activity: Shramdaan for Swachhata on

Venue: Offline platform

Report: The "Shramdaan for Swachhata" activity was designed to create awareness and promote cleanliness through community-driven efforts. Participants actively engaged in cleaning their surroundings, which not only led to cleaner environments but also raised awareness about the importance of hygiene and cleanliness. This initiative strengthened community bonds as individuals worked together towards a common goal, fostering a culture of cleanliness and responsibility. The collective effort in Shramdaan for Swachhata highlighted the impact of collaborative action in maintaining a clean and healthy environment.

Activity 3

Date: 12/10/2023 &13/10/2023

Activity: AMRIT KALASH YATRA

Theme: Honor Veers/Veeranganas, inspire tribute payments. It fosters national pride, honoring Veers and Veeranganas, uniting communities in paying homage to their sacrifices for our country.

Venue: Offline platform

Report: The "Amrit Kalash Yatra" held on 12th and 13th October 2023 was centered on the theme of honoring Veers and Veeranganas, inspiring tribute payments, and fostering national pride. This activity united communities in paying homage to the sacrifices made by these brave individuals for our country. Participants engaged in various ceremonies and tributes, reflecting a deep sense of respect and gratitude. The event successfully promoted a collective sense of patriotism and appreciation for the courage and dedication of Veers and Veeranganas, strengthening community bonds and national unity.

ACTIVITY 4

Dated: 15th to 25th November 2023

Activity: “E Logo Design Competition”

Theme: The program is expected to make students understand and apply skills that were learnt in theory and lab in real time.

Venue: Online platform

Report: The "E Logo Design Competition," held from 15th to 25th November 2023, aimed to help students apply theoretical and lab-acquired skills in a real-world context. Registrations took place during this period, and entries were evaluated virtually by Ms. Preeti Prasada, Assistant Professor of AIML. The competition culminated in the selection of the best logo, designed by P. Harsha Vardhhan, who was awarded a cash prize of Rs 1000/-. This initiative not only showcased the students' creativity and technical skills but also provided a platform for practical application, enhancing their learning experience.

The winner of E-logo designing competition is P Harsha Vardhan (21R11A05Q4) 3rd year CSE. Cash prize Rs 1000/- is awarded to the winner.

ACTIVITY 5

Dated: 26 and 27 November 2023

Activity: “International Year of Millets”

Theme To increase nutritional, cultural awareness of millets, foster innovation in millet consumption

Venue: Online platform

E-Poster presentation on benefits of Millets.
2 minute video recipe

Report: The "International Year of Millets" activity, held on 26th and 27th November 2023, aimed to increase awareness of the nutritional and cultural benefits of millets and foster innovation in their consumption. Conducted on an online platform, the event featured an e-poster presentation on the benefits of millets and a two-minute video recipe segment. Through these activities, students gained a deeper understanding of the nutritional, ecological, and cultural significance of millets. Participants enthusiastically shared posters and recipes of food prepared from millets, promoting the diverse uses and health advantages of this important grain.

Cash prize of Rs 1000/- has been awarded to the winners

SLOGANS :

- Go millet-crazy for a healthier you!
- Revive your health with the godness of millets.

Advantages Of Millets:-

- ✓ Helps to protect against health Deases
- ✓ Helps To Prevent Diabetes
- ✓ Helps to protect against heart diseases
- ✓ Eliminates problems like constipation, excess gas, bloating and cramping

Uses Of Millets :

- Biscuits.
- Weaning
- Foods
- Confectionary
- Beverages etc.

Types Of Millets :

- Jowar, Bajra, ragi
- Jhangora,
- Barri , Kangni,
- Kodra etc..

Done by UDAY

*Millets are small-seeded grasses cultivated for thousands of years.

*Millets are highly nutritious, gluten-free, and rich in fiber, vitamins, and minerals.

*Common types include sorghum, pearl millet, finger millet, foxtail millet, and proso millet.

Well-suited for dry and arid regions, they are resilient crops.

*They have gained popularity for their health benefits

BENEFITS OF EATING MILLETS EVERYDAY

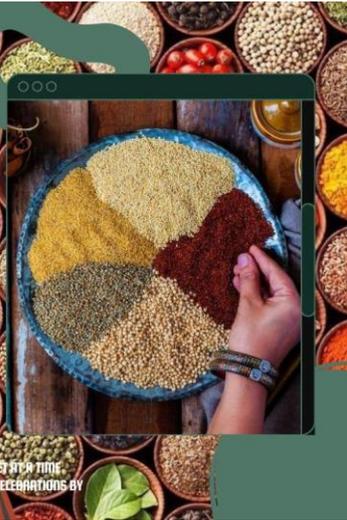

- PACKED WITH NUTRITION
- LESS CALORIE COUNT
- ENHANCES IMMUNITY
- SATIATES HUNGER
- REDUCES SUGAR LEVELS
- RESOLVES HEART ISSUES

protecting cardiovascular health, preventing the onset of diabetes, helping people achieve and maintain a healthy weight, and managing inflammation in the gut.

HIGHLIGHT THE SIGNIFICANCE OF MILLETS, EMPHASIZING THEIR ENVIRONMENTAL SUSTAINABILITY, NUTRITIONAL RICHNESS, AND CULTURAL IMPORTANCE. SHOWCASE HOW MILLETS CONTRIBUTE TO A HEALTHIER LIFESTYLE AND SUSTAINABLE AGRICULTURE IN A CONCISE AND VISUALLY APPEALING MANNER!

.From Fields to Fork: Millets Matter

MILLETSSAVOR THE SWEETNESS OF LIFE, ONE MILLET AT A TIME. MATTERINTERNATIONAL YEAR OF MILLETS - 2023 CELEBRATIONS BY ENVIRONMENTAL

Benefits of millets

- Reduces high blood pressure
- good source of iron, calcium.
- Prevents diabetes
- Prevents asthma
- Reduction of body weight

Rich in heritage, full of potential

Discover the benefits of millets!

Millets are rich in nutrients and a great addition to your diet. They are gluten-free and can help with weight loss.

Swap out your usual grains for millets and enjoy the health benefits.

millets support healthy skin and organ function

They also help in lowering cholesterol and blood sugar levels

Millets may support the body's ability to resist illness and aging

ACTIVITY 6

Date: 01/12/2023 & 02/12/2023

Activity: “National Pollution Control Day Celebrations”

Theme: “Refuse Single-Use, Choose Reuse!”.

Venue: Offline platform

Report: The "Refuse Single-Use, Choose Reuse!" program aimed to instill a deep understanding of climate change, global warming, and pollution among students. The initiative encouraged eco-consciousness by highlighting the detrimental effects of single-use plastics and promoting sustainable practices. Enthusiastic participation from all the green warriors underscored the collective commitment to environmental stewardship. Through engaging activities and discussions, students were empowered to make informed choices that support a healthier planet, emphasizing the importance of reusables in fostering a sustainable future. All the green warriors enthusiastically participated in the awareness program. : Promote eco-awareness for sustainable practices

ACTIVITY 7

Dated: 14 December 2023

Activity: “National Energy Conservation Day”

Theme : Promote energy awareness, critical thinking, and inspire sustainable practices.

Expected Outcome: Promotes public awareness, innovative energy-saving ideas, cultivate culture of sustainability, engage students in active participation.

Venue: Offline platform

Report: The "National Energy Conservation Day" activity, themed to promote energy awareness, critical thinking, and inspire sustainable practices, successfully engaged students in meaningful participation. The event aimed to raise public awareness about energy conservation, stimulate innovative energy-saving ideas, and cultivate a culture of sustainability. Through various interactive sessions and projects, students were encouraged to think critically about energy use and develop practical solutions for reducing consumption. The expected outcomes included heightened public awareness, the generation of creative energy-saving strategies, and a stronger commitment to sustainable living practices among the participants.

Activity 9

Date: 26 & 27/04/2024

Activity: Green Initiative Reduce use of plastics promote sustainable practices

Theme: To reduced Plastic use, boost sustainability: eco-friendly choices, recycling, and green alternatives.

Report: The "Green Initiative" activity, held on 26th and 27th April 2024, focused on reducing plastic use and promoting sustainable practices. The theme emphasized eco-friendly choices, recycling, and green alternatives. Participants engaged in activities designed to encourage the reduction of plastic consumption, boost recycling efforts, and adopt green practices. The expected outcomes included a significant decrease in plastic use, a cleaner environment, increased recycling rates, and higher adoption of sustainable living practices. Additionally, the initiative aimed to enhance public awareness about the importance of sustainability, fostering a community committed to eco-friendly habits.

Activity: World Environment Day Celebration

Theme: To promote awareness among students regarding the year's theme Land Restoration, Desertification, and Drought Resilience,"

Event Details: With respect to this year's theme, "Land Restoration, Desertification, and Drought Resilience," Environmental club has conducted the following activities to raise awareness and encourage active participation among students:

1. Digital PosterPresentations: Theme: "Land Restoration, Desertification, and Drought Resilience."
2. Skit on strategies for Environmental conservation.

Report : The World Environment Day Celebration on 5th June 2024 focused on promoting awareness among students about the year's theme: "Land Restoration, Desertification, and Drought Resilience." Through various educational activities and discussions, students gained insights into the importance of restoring degraded land, combating desertification, and enhancing resilience to drought. The event highlighted the critical need for sustainable land management practices and inspired participants to take action in their communities to support environmental restoration and resilience efforts.
