## CIRCULAR

Mathematics Club of Geethanjali College of Engineering and Technology is conducting a Work Shop on "Augmented and Virtual Reality". Students are informed to utilize the opportunity.

The details are as follows:

- Date : 01.11.2023 (Wednesday)
- Time : 10.00 am to 12.20 pm &  
1.00 pm to 3.30 pm
- Venue : Block V, 1<sup>st</sup> Floor, E-105, E-106
- Resource Person : Venkatesh Nooli, OpEzee, 3D Visualization products and solutions, Bangalore.
- Target Audience : All III B.Tech I Semester Students
- Program : Augmented and Virtual Reality (AR & VR) is a groundbreaking technology which enhances the real world by virtual objects in order to create a new mixed reality environment.
- (Outcome of the event)
- Event Organizer (s) : Dr. V. S. Triveni & Dr. T. Deepthi
- Mathematics Club Coordinator (s): Dr. V. S. Triveni & Dr. N. Subhadra

### Report on Workshop

On

### Augmented and Virtual Reality-Hands on Experience

On

01-11-2023

**Venkatesh Nooli, OpEzee**

**3D Holographic systems and solutions  
Bangalore.**

A workshop on "Augmented and Virtual Reality-Hands on Experience" was organized by Mathematics Club of Geethanjali College of Engineering and Technology, Cheeryal (V), Keesara (M), Hyderabad, on 01.11.2023. Session began at 09.00 AM and the speaker was welcomed by Dr V. S. Triveni, Professor of Mathematics.

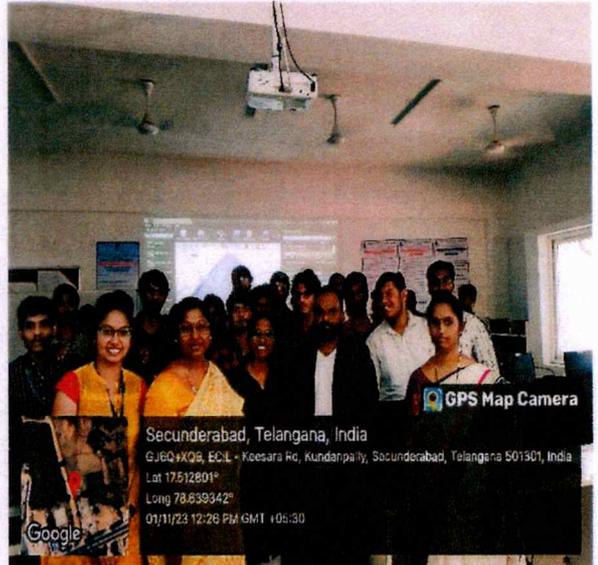

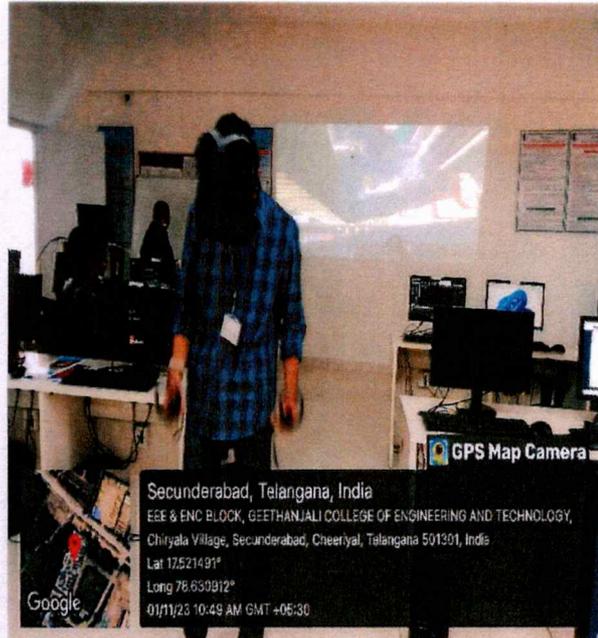

Venkatesh Nooli, started the session on Augmented reality and Virtual reality. He explained about the importance in various sectors and for engineering students to enhance the virtual world and the real world with a fictional reality in games by hands on experience with students on temple run (endless road runner) and it has applications in interior design and architecture. This technology enables interior designers to provide immersive experiences to their clients, giving them a clear understanding of how their living space and floor plan would look like, even before they commit to purchasing furniture or home decor. Speaker made the students to play the game which was designed by him with VR set.

After his lecture the students were given time to interact with him. Students felt that the session was informative and requested the speaker to provide internships.

Session ended at 12.15 pm in the forenoon and in the afternoon, session started at 1.00 pm and ended at 3.30 pm. Total of 83 students utilised this workshop and explored about AR and VR.

In Commemoration of **Ramanujan's Birthday**, December 22, (National Mathematics day) Mathematics Club of Geethanjali College of Engineering and Technology is conducting National Mathematics Week from 18-12-2023 to 23-12-2023.

The schedule is as follows:

S. No	Date & Day	Name of the Event	Topic	Timing	Faculty In charge
1	18/12/2023 Monday	Poster Presentation	Unveiling the Power of Mathematics in Real-world Engineering Innovations	2:45-3:30	Dr. Sk. Nuslin & Dr. Surya Prabhavathi
2	19/12/2023 Tuesday	Elocution	How Mathematics included in Modern Technology Development	2:45-3:30	Dr. A. Ramesh & Dr. T. Deepthi
3	20/12/2023 Wednesday	Video Presentation	Role of Mathematics in Science & Technology	2:45-3:30	Dr. G. Murali & Mr. P. Kumar Swamy
4	21/12/2023 Thursday	Sudoku Puzzle Solving	A Power of Concentration	2:45-3:30	Dr. N. Nagi Reddy & Ms. M.P Molimol
5	22/12/2023 Friday	Guest Lecture by	Power of Mathematics in Technology	1:30-3:30	Ms. S. Lalitha & Dr. A. Padma
6	23/12/2023 Saturday	Workshop	Vedic Mathematics	10:00-12:30	Dr. S. Sarada & Dr. Hemantha Laxmi

Mathematics Club Coordinator(s): Dr. V. S. Triveni, Dr. N. Subhadra.

## Report on Workshop on Vedic Mathematics

Topic: Vedic Mathematics

Speaker: Sree Parimala Alamuri, Founder of ARIETIS Inc.

In Commemoration of Ramanujan's Birthday, December 22, (National Mathematics Day) Mathematics Club has organized National Mathematics Week from 18-12-2023 to 23-12-2023. On 23-12-2023 workshop on Vedic Mathematics was conducted for III B.Tech, AIML students in Auditorium, Block-4 from 10 Am to 12:30 pm.

She started the session with the basic sutras of Vedic mathematics; one of the key principles of Vedic mathematics is the use of Sutras, or formulas that can be used to quickly solve mathematical problems. These sutras are based on ancient Indian wisdom and are designed to be easy to memorize and use. One such sutra, "Ekadhikina Purvena" (By one more than the previous one), is a method of addition that utilizes the place value system of numbers, making it easy to perform addition in your head. She also explained 5 basic rules of Vedic Maths: Nikhilam Sutra, Gyarasguna Sutra, Ekanunena Purneva Sutra, Antyaordasake Pi, and Navamguna Sutra. These rules deal with the multiplication operation.

123 students and 12 faculties benefited from the workshop. The feedback forms were also collected from the students who attended the workshop and students were satisfied and responded to her questions and interaction.

Organizers:

# YES+! REPORT

(22/11/23 to 25/11/23)

Day 1 (22-11-23)

1. **Self-awareness:** Self-awareness is the ability to see oneself clearly and objectively through introspection and reflection. Self-Awareness helps an individual to know him or her better, strength and weaknesses. Though knowing oneself is difficult, many philosopher's advice to introspect and know oneself clearly to be happy and contented.
2. **Emotional Intelligence / Coping with Emotions:** Any person who is aware of himself or herself, self-motivated and regulated and empathetic has a good percentage of emotional quotient. Emotional quotient plays a vital role while working in teams, maintaining relationships and balancing stress.
3. **Mind Management:** "The Mind is in it's own place. It can make a Hell of Heaven and a Heaven of Hell."-John Milton  
If a person can manage his or her thoughts that continuously overflow in his or her mind, then he or she is called a 'sage', above all mortal worries.

**PRINCIPAL**  
Geethanjali College of Engg. and Tech.  
(Autonomous)  
Cheeraj (M), Keesara (M), Medchal (D), Telangana-501301

Day 2 (23-11-23)

1. **Coping with Stress:** Stress Management is very important, especially in 21<sup>st</sup> century. Managing stress will help build good relationships and sustain them, work joyfully and be more productive.
2. **Health and Nutrition:** Healthy Body is Healthy Mind. Considering this maxim, nutritious diet, good health will help the mind and body work better. Thus, all faculties of mind and body work in coordination. This will reduce stress and increases the Emotional Quotient too.
3. **Effective Communication Skills:** Communicating effectively is an important 21<sup>st</sup> century skill. An effective communicator performs better both as a leader and team player. Everyone in the team is aware of what has to be done, how it has to be done, why it has to be done and by when it has to be completed.

**PRINCIPAL**  
Geethanjali College of Engg. and Tech.  
(Autonomous)  
Cheerpal (H. Keesara (M), Medchal (R), Telangana-501301

Day 3 (24-11-23)

A green handwritten signature, likely of the Principal, written in a cursive style.

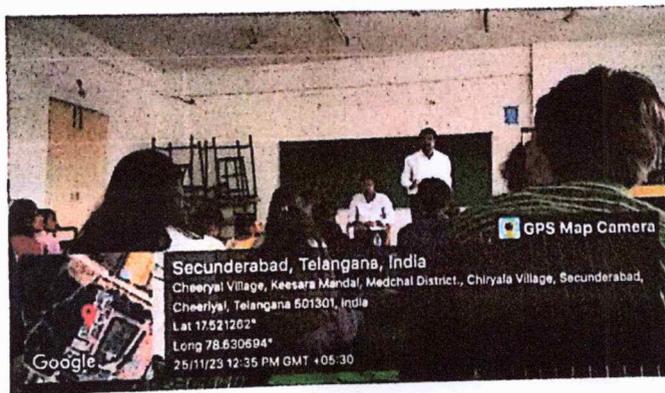

1. **Lifestyle and Environment:** Due to change in working conditions there is a lot of change in life style of an individual. For instance, in olden days, our ancestors followed 'Early to bed and Early to Rise' philosophy meticulously. Now, we find many youngsters who work in the night and sleep in the morning, against the 'natural body clock or mechanism'. Thus, there is a lot of change in life style. Usage of computers and other technology, Air conditioners also are bringing lots of changes in environment.
2. **Ethics, Morality and Integrity:** Ethics are the core principles that drive a human being in the right direction. Only ethics differentiate a man from an animal and good from bad. Thus, understanding ethics, ethical conflicts both in personal and professional life are very important.

PRINCIPAL  
Geethanjali College of Engg. and Tech.  
(Autonomous)  
Cheerpal (H), Kamsara (R), Medchal (D), Telangana-501501

Day 4 (25-11-23)

1. **Time Management and Goal Setting:** Managing time is possible through prioritizing tasks and or responsibilities. Often students complain that they don't have time. This is because they are not focussed, deviated because of gadgets and other social media. Thus, they drive off from their goals and accept whatever comes on their way.
  
2. **Active Learning and Effective Learning Strategies:** Learning is a joyful process. Active learning is possible if a person is a good listener, speaker and reads regularly. Affective learning is possible through acquiring knowledge, skills and attitudes through community engagement and emotional quotient.
  
3. **Decision Making:** Taking decisions and making decisions is very important skill. No school teaches it directly. However, this is possible through various activities the students can practice to develop. Making right choices and decisions and not repenting later in life is possible with only few, however, neither impossible nor difficult.

PRINCIPAL  
 Geethanjali College of Engg. and Tech.  
 (Autonomous)

*[Handwritten Signature]*

1. **Empathy and human values:** Empathy is the root of innovation. An empathetic person has ethics and human values. He or she can understand the other person by putting himself or herself in their shoes.
2. **Interpersonal Relationship Skills:** An effective communicator with good emotional quotient and time management skills can make and build strong relationship skills both personally and professionally. Eventually 'No man is an island.'

## “Workshop on Scientific Computing using MATHEMATICA”

23<sup>rd</sup> - 25<sup>th</sup> May 2024

### Objective(s):

Awareness on using MATHEMATICA for beginners and to enhance the proficiency of the users.

### Outcome(s):

Helps faculty, researchers and the students to compute their scientific problems efficiently.

### Session Plan :

#### Day -1 ( 23.05.2024 Thursday)

Resource person: Dr. N. Subhadra, Professor of Mathematics, GCET

Topic: Introduction of MATHEMATICA

#### Day -2 (24.05.2024 Friday)

Resource person: Dr. G. Srinivas, Professor of Mathematics, GCET

Topic: Applications of MATHEMATICA

#### Day-3 (25.05.2024 Saturday)

Resource person: Mr. Venugopal Parasuraman, CEO, ARYAMAN

Topic: All about MATHEMATICA

## Report on

### Workshop on Scientific Computing using MATHEMATICA

The workshop commenced at 10.00 AM on 23.05.2024 (Thursday). After the welcome note by Ms. G. Kalpana, assistant professor of Mathematics Dr. V. S. Triveni, professor of Mathematics and the coordinator of the workshop enlighten the need of the workshop and thanked all the 460 participants across the globe for their interest in registering and attending the workshop.

After the formal inauguration, the first day (23.05.2024) lecture has delivered by Dr. N. Subhadra, professor of Mathematics, GCET on "Introduction of MATHEMATICA". The session went well with nice interaction with the participants.

The day -2 started at 10.00 AM on 24.05.2024 (Friday), the resource person Dr. G. Srinivas, professor of Mathematics explained various applications using MATHEMATICA in the contemporary research. The participants' queries are answered by the resource person.

Day -3 started at 10.00 AM on 25.05.2024 (Saturday). Mr. Venugopal Parasuraman, CEO, ARYAMAN described the advantages of MATHEMATICA 14.0 package in various branches of Engineering, Medical and other industries. The participants felt happy with workshop and asked for some more hands on sessions. The certificates were shared for all participants via whatsapp on 29.05.2024.
