Circular

Android Development Workshop

The students of II, III year are hereby informed that the Dept of CSE in association with the "Center of Creativity and Innovation" and "Computer Society of India (CSI)", will be conducting a Student Development Workshop on "Android App Development" on 12th, 13th and 14th August 2017 in the college. The prerequisites to this workshop are

1. The students should bring their own Laptops
2. The students should have prior knowledge of JAVA programming
3. Workshop will be conducted only for 30 students on first-come-first-serve basis.

The trainer will be coming from NSIC. The cost of the workshop is Rs. 1000.00 (Rs. One thousand only). A certificate of participation will be given to all participants.

Interested candidates may register themselves by paying the amount to Y.V.N. Phanikishore (9000208680) or Uma Mahesh (8374878521), Dept of CSE on or before 9th August 2017.

Thanks and Regards

Prof. N. Chandrakanth

Workshop Usage Report

Name of the workshop: Android Application Development

1. Conducted on: 3 Days(12-08-17 to 14-08-17) Venue: GCET

2. Expert member(s) delivered Lecture:

**Mr.G.Durga Prasad,
Trainer,NSIC**

3.Contents Delivered:

Working with activities and intents in Android, Ffragments,handling Ui components, creating menus, dialogs

4. Purpose of conducting workshop:

Many future industries are looking for people skilled with android application development Since this is not part of syllabus, so we are conducting workshop in association with NSIC.

5. How it is useful to students?

Students will have the ability to design and create their own android apps

6. Outcome of workshop:

Students are industry ready with app development technologies. workshop brought new insight from the current programming skills and motivated the students to do well in the subject.

Subject: Letter of Appreciation-Reg.

Dear Sir

We thank you for sparing your valuable time and delivering an informative session on *"Apple in Education"* in a seminar conducted on 21st Dec, 2017 held at Geethanjali College of Engineering and Technology, Cheeryal .

The students have greatly benefitted by your knowledge.

Looking forward for your cooperation for the promotion of professional education in future as well.

Thanking you Sir

Yours Sincerely

Dr. S. Nagender Kumar

Seminar Usage Report

Name of the seminar: career guidance

1. Conducted on: 1 Day(30-12-2017)

Venue: GCET

2. Expert member(s) delivered Lecture:

Mr. Prasad Kodukula,
HR, Cyient India Ltd.
Mr.Naga Prasad,
HR-DQ Entertainment Pvt.Ltd

3.Contents Delivered: Current trends in the industry

Skills needed for these current trends

4. Purpose of conducting Seminar:

To make students aware on the industry trends and needs.

5. How it is useful to students?

Students get a clear picture of what they should be ready with to get in to the industry.

6. Outcome of Seminar:

Students were able to identify their skills whether they are good enough to get in to the industry directly or any skill development required.

SDP Usage Report

Name of the SDP: Big Data Analytics

1. Conducted on: 4Days(2-04-18 to 4-04-18,6-04-18) **Venue: GCET**

2. Expert member(s) delivered Lecture:

Dr.Nagender Kumar,
Professor & Head,
Dept .of CSE

3.Contents Delivered:

Big data framework Hadoop

Big Data tools(Pig and Hive)

4. Purpose of conducting SDP:

To provide the practical knowledge on various big data tools, which are apart from the DWDM and Data Analytics Courses.

5. How it is useful to students?

Students understand the architecture of Big data framework Hadoop, different flavors of Hadoop with their applications, usage of big data insights in solving and generating reports

6. Outcome of SDP: The SDP brought new insight from various data analytics techniques and tools

Hyderabad
08-03-2018

From
The Head of the Department,
Department of CSE,
GCET.

To
Mr. B. Varun,
Sr. Recruiter
SNIT Solutions

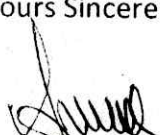

Dear Sir,

We thank you for delivering a lecture on "Networking fundamentals" for the students at Geethanjali college of Engineering and Technology during 05-03-18 to 08-03-18.

It was really splendid presentation on networking fundamentals with practical exposure.

Thanking you sir.

Yours Sincerely,

Dr. S. Nagendar Kumar,
HOD-CSE,
GCET.

Workshop Usage Report

Name of the workshop: MTA

1. Conducted on: 4 Days (05-03-18 to 08-03-18) **Venue:** GCET

2. Expert member(s) delivered Lecture: **Mr.B.Varun.**
Sr.Recruiter
SNIT Solutions

3.Contents Delivered: concepts of Networking

4. Purpose of conducting workshop:

To provide the practical knowledge on networking, apart from the course Computer networks.

5. How it is useful to students?

Students can understand and implement the concepts of networking

6. Outcome of workshop:

Mr.B.Varun enlited various skills he/she needs to pursue to have a career in Networking.

LETTER OF APPRECIATION

Date: 28.12.2017

To
Mrs. Rima Roy
Sr. AME,
GMR Aero Technic Limited,
RGIA, Hyderabad

Dear
~~Respected~~ Madam,

Thank you very much for delivering an informative and thought provoking lecture as Guest speaker on the topic "Aircrafts-MRO" held on 28th December 2017 at 2.30 PM in the Department of Mechanical Engineering of our institute..

It was really a splendid presentation, which exposed our students to the reality of Aircrafts working and MRO practices and the Engineering behind aircrafts operations. All students appreciated and got benefited from your experiential views on the subject.

Looking forward for your cooperation to enlighten our students and faculty members in the future as well

With Regards

(Dr. Udaya Kumar Susarla)

A seminar was carried out on **Recent Developments and job opportunities in Aviation** on 17th January 2018 for III B.Tech., II Semester students of Section-A and Section-B respectively. The main objective behind the seminar was to make students aware of the opportunities that are available in Aviation to undergo various courses offered by them. The courses are primarily designed to impart hands on experience in Aviation industry.

Dr. T.Siva prasad Professor HOD made an initial interaction with **R.V. Bhargava Ram** CEO of **Maruthsakha Aerospace and Aviation Pvt.Ltd** where we could get more input about possibilities for the students short term training programmes on Aviation.

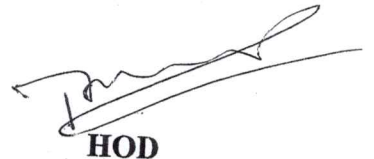

Students were taken to the following

1. About Aviation
2. Market overview and trends
3. Porter Five Forces Analysis
4. Strategies Adopted
5. MRO (Maintainance and Repair Overview)
6. Growth Drives
7. Opportunities

In addition, students were given exposure to various trainings related to Aerospace and Aviation.

DEPARTMENT OF CIVIL ENGINEERING

Report on Expert Lecture Conducted on 22/01/2018

By

Prof. A.Nelson

DATE: 23/01/2018

Department of Civil Engineering conducted a expert lecture on "Principal Stresses & Strains" dated 22/01/2018 for B.Tech (CIVIL II year Students) as per the approval of Principal dated 16/01/2018.

Mr. G.Raju, Assistant Professor has introduced the invited speaker Prof A.Nelson (Text book author, Engineering Mechanics) to the participants by citing his profile and he was presented a flower bouquet. Prof A.Nelson addressed the gathering on the following concepts:

- i. Introduction to Stresses & Strains.
- ii. Elastic constants.
- iii. Principal Stresses.

He also addressed the students about the graphical representation also, i.e.. Mohr circle. And later there was a interactive doubts session went on for a period of 30mins before closing the session.

Dr.K.R.C.Reddy, Head of the department has given concluding remarks and presented a memento to Prof A.Nelson.

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO 3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO 12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PRINCIPAL

**Geethanjali College of Engg. Tech
Cheeryal (V), Keesara (M), R.R. Dist. (A.P.) - 501 30**

PROGRAM SPECIFIC OUTCOMES (PSOs):

PSO 1: Apply knowledge in core areas of Civil Engineering such as Structural, Geotechnical, Water Resources, Transportation and Environmental Engineering to Civil Engineering practice.

Report on Expert Lecture Conducted on 19/01/2018

By

Dr.K.Jayachandra

DATE: 20/01/2018

Department of Civil Engineering conducted a expert lecture on- "**Geospatial techniques in decision making**" dated 19/01/2018 for B.Tech (CIVIL IV year Students) as per the approval of Principal dated 18/1/2018.

Mr. D.Ramachander, Assistant Professor has introduced the invited speaker Dr.K.Jayachandra to the participants by citing his profile and he was presented a flower bouquet. Dr.K.Jayachandra addressed the gathering on the following concepts.

- i. Introduction to Geographical Information System.
- ii. Applications of GIS in Civil Engineering.
- iii. Importance of Arc GIS software.

He also addressed the students about the application of Software Arc GIS in Civil engineering profession and has conducted an exam on basics of GIS and offered internship to 2 students to work on the software after necessary training.

Mr.G.Raju, Assistant Professor has given concluding remarks and presented a memento to Dr.K.Jayachandra.

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

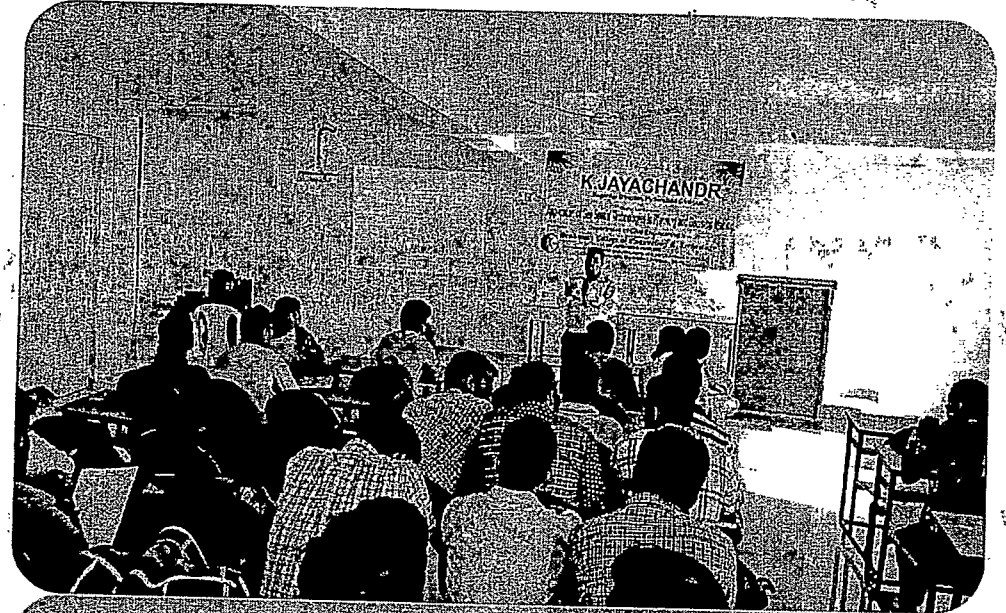

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

Sub: **Resource Person** for Expert Lecture-Reg.

Dear Sir,

The Department of Civil Engineering of Geethanjali College of Engineering and Technology is organizing a guest lecture on 19-01-2018 for IV-year students to give exposure on "**Geospatial Technologies in Decision Making**" in field Civil Engineering. In this regard, we humbly invite you as resource person to deliver a lecture for a session from 1.00 PM – 4.00 PM.

We hope that, you will accept our invitation and acknowledge the same.

With Regards,

KA

Report on Expert Lecture Conducted on 18/01/2018

By

Dr.Sheshadri Shekar

DATE: 19/01/2018

Department of Civil Engineering conducted a expert lecture on “**Quality in Construction**” dated 18/01/2018 for B.Tech (CIVIL IV year Students) as per the approval of Principal dated 17/1/2018.

Mr. D.Ramachander, Assistant Professor has introduced the invited speaker Dr.Sheshadri Shekar, Dean, NICMAR Hyd-Campus, to the participants by citing his profile and he was presented a flower bouquet. Dr.Sheshadri Shekar addressed the gathering on the following concepts.

- i. Different Construction Techniques.
- ii. Material Specifications for quality constructions.
- iii. Site Investigation of different Constructions.

He also addressed the students about the Practical exposure of the construction in the field for the final year students. He also discussed about the Job opportunities of civil engineering. And later he has briefed about the master Program offered in NICMAR.

Dr.K.R.C.Reddy, Head of the department has given concluding remarks and presented a memento to Dr.Sheshadri Shekar.

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO 3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO 11: Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PRINCIPAL

Report on Expert Lecture Conducted on 28/10/2017

By

Dr.P.V.Dilip Kumar

DATE: 30/10/2017

Department of Civil Engineering conducted a expert lecture on “**Elements & Vision of Civil Engineering**” dated 28/10/2017 for B.Tech (CIVIL II & III year Students) as per the approval of Principal dated 24/10/2017.

Mr. D.Ramachander, Assistant Professor has introduced the invited speaker Dr.P.V.Dilip Kumar, Associate Professor, Mahendra Ecole Centrale, to the participants by citing his profile and he was presented a flower bouquet. Dr.P.V.Dilip Kumar addressed the gathering on the following concepts.

- i. Application of Mathematics in Civil engineering .
- ii. Basic forces.
- iii. Concepts of Engineering mechanics.

He also addressed the students about different research projects which a b.tech student can perform during final year. And Dr.P.V.Dilip has discussed three research projects in brief as how can an structure be dynamically analysed and results are plotted. There was a discussion on different softwares which can be used in project work like.. STAAD Pro, ETABS, SAP etc..

Prof.S.Tirupathi Rao, has given concluding remarks and presented a memento to Dr.P.V.Dilip kumar.

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO 3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO 12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Respected Sir,

Sub: Permission for organizing a one day workshop
on "Elements & vision of Civil Engineering" on 28-10-17.

We would like to conduct a one day workshop
on "Elements & vision of Civil Engineering" by
"Dr. P. V. Dilip Kumar", Associate Professor, Mahendra
Ecole - Centre, college of Engineering, Hyderabad.

So, kindly permit us to conduct the workshop
on 28-10-17 for IV year Civil Engineering students
from 10:50 AM - 4:00 P.M. at Seminar hall in
Block - III. Please approve honorarium for the guest.

→ For IVth B.Tech students
on 28/10/17 (Saturday)
→ Forwarded to principal
for approval.

Expert Lecture
on
“Remote Sensing and GIS”

Date : 23-08-2017
Time : 10.30am to 1.00pm
Venue : Seminar Hall, III-floor, Block-III, Civil Dept.
Topic : “Remote Sensing and GIS”
Target Group : IV- Year (A &B) students
Recourse Persons: Dr. Saindranath John, Group Head (Sys. Reliability & QA)
Scientist ‘G’, NRSC/ISRO, Department of Space, GOI &
Mrs. B. Santhisree,
Scientist ‘F’, NRSC/ISRO, Department of Space, GOI.
Coordinators : Mr. D. Ramachander, Asst. Prof. CED,
Mr. G. Raju, Asst. Prof. CED.

GEETHANJALI COLLEGE OF ENGINEERING & TECHNOLOGY

DEPARTMENT OF CIVIL ENGINEERING

Report on Expert Lecture Conducted on 23/08/2017

By

Dr.J.Sai Indranath & B.Santhi Sree

DATE: 24/08/2017

Department of Civil Engineering conducted a expert lecture on “**Remote sensing & GIS**” dated 23/08/2017 for B.Tech (CIVIL IV year Students) as per the approval of Principal dated 21/8/2017.

Mr. D.Ramachander, Assistant Professor has introduced the invited speaker **Dr.J.Saindranath, Scientist G (NRSC) and B.Shanthisree, Scientist F (NRSC)** to the participants by citing there profile and they were presented a flower bouquet. Dr.J.Saindranath and B.Shanthisree addressed the gathering on the following concepts.

- i. Introduction to Remote Sensing & GIS.
- ii. How NRSC- National Remote sensing Corporation is working.
- iii. Oppurtunities of civil engineering towards Remote sensing & GIS.

They also addressed the students about the application of Remote sensing and Geographical Information system in Civil engineering profession.

Mr.G.Raju, Assistant Professor has given concluding remarks and presented a memento to Dr.J.Saindranath, Scientist G (NRSC) and B.Shanthisree, Scientist F (NRSC).

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO 3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO 12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

To,
The principal,
Geethanjali College of Engineering and Technology,
Cheeryal(v), Keesara (M).

Respected sir,

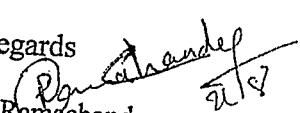

SUB: Permission for organizing a one day guest lecture on "Remote Sensing & GIS" on 23rd August-2017 -Reg.

We would like to conduct a one day guest lecture on "Remote Sensing & GIS" by Dr.J.Saindranath, Scientist 'G' (NRSC) and B.Santhisree, Scientist 'F' (NRSC).

So kindly permit us to conduct this guest lecture on 23rd August-2017 for IV year Civil engineering students from 10.30am to 1.00pm at seminar hall in Block-III. Also kindly grant an amount of Rs 5000/- as their honorarium.

Thanking you,

Regards

D. Ramachander

Assistant Professor

Civil Engineering Department

Guest lecture Coordinator.

Expert Lecture
on
“Water Recourses Engineering”

Date : 11-08-2017
Time : 11.00am to 1.00pm
Venue : Seminar Hall, III-floor, Block-III, Civil Dept.
Topic : “Water Recourses Engineering”
Target Group : III-Year and IV- Year students
Recourse Person: **Dr. K. Subramanya, Professor, IIT, Kanpur**
Coordinators : Mr..D. Ramachander, Asst. Prof. CED,
Mr. G. Raju, Asst. Prof. CED.

DEPARTMENT OF CIVIL ENGINEERING

Report on Expert Lecture Conducted on 11/08/2017

By

Dr.K.Subramanya

DATE: 12/08/2017

Department of Civil Engineering conducted a expert lecture on “**Water Resource Engineering**” dated 11/08/2017 for B.Tech (CIVIL IV year Students) as per the approval of Principal dated 10/8/2017.

Mr. G.Raju, Assistant Professor has introduced the invited speaker **Dr.K.Subramanya** Prof.IIT Kanpur, to the participants by citing his profile and he was presented a flower bouquet. Dr.K.Subramanya addressed the gathering on the following concepts.

- i. Basics of Water Resource engineering.
- ii. Different design methods.

He also addressed the students about the application of Water Resource Engineering. And there was a 30mins question & answer session on different constructions such as Dams, retaining walls etc..

Mr.D.Ramachander, Assistant Professor has given concluding remarks and Prof. S.Tirupathi Rao presented a memento to Dr.K.Subramanya.

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge:-Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO 3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO 12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PRINCIPAL
Geethanjali College of Engg. Tech
Cheeryal (V), Keesara (M), R.R. Dist. (A.P.) - 507 501

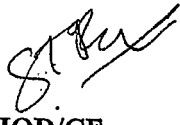

PROGRAM SPECIFIC OUTCOMES (PSOs):

PSO 1: Apply knowledge in core areas of Civil Engineering such as Structural, Geotechnical, Water Resources, Transportation and Environmental Engineering to Civil Engineering practice.

PSO 3: Shall interact and collaborate with stakeholders; execute quality construction works applying Civil Engineering tools namely, Total Station, Global Positioning System (GPS), ArcGIS, AutoCAD, STAAD and other necessary tools.

To be removed from the notice board after 11.08.2017.

Dt: 10-8-2017,
Cheeryal.

To,
The Principal
Geethanjali College of Engineering & Technology,
Cheeryal (V), Keesara (M).

Respected Sir,

Sub: Permission for organizing a one day guest lecture
on "Water Resource Engineering" on 11-8-17 - Reg

We would like to conduct a one day guest lecture
on "Water Resource Engineering" by Dr. K. Subramanyam,

Associate Professor, IIT Kanpur.

So kindly permit us to conduct this guest lecture
on 11-8-17 for III year & II year Civil Engineering Students for
11:30 AM - 01:30 PM at Seminar Hall in Block - III. Also
kindly grant an amount of Rs 5000/- as his honorarium.

Thanking you,

Yours sincerely,

D. Neeraja

This is to inform all the III B.Tech ECE students that there will be a Guest lecture on 17.03.2018 in CSE Seminar hall in Block-I, the details of which are provided below.

Topic : Applications of Digital Signal Processing
Resource Person: Dr.Anil Kumar Vuppala- IIIT Hyderabad.
Time : 10.20 am- 12.50pm.

Faculty members having class work during these periods are requested to give attendance for the students who attend the guest lecture.

Sub: Request to permit us for conducting a Guest lecture on **"Applications of Digital Signal Processing"**
for III-BTech
ECE students. Reg / -

Respected Sir,

We A.Shanker (Associate Professor) and R. Odaiah (Associate Professor) of ECE Department would like to conduct a Guest lecture on **"Applications of Digital Signal Processing"** for III-B.Tech ECE students. The aim of the lecture is to motivate the students to do some projects in Signal Processing area using DSP Algorithms thereby they can enrich their theoretical concepts for linking the practical approaches. In this regard we spoke with **Dr. Anil Kumar Vuppala, IIIT Hyderabad** and he gave his consent to deliver a motivational talk for about 3hrs on Saturday (17-03-2018) from 10-20am to 12-50pm). Hence, we request you to permit us to conduct the same.

Thanking you.

Forwarded
and
checked, signal process step.

Forwarded to Principal
for consideration. 5,000/-
An amount of Rs 4000/-
may please be sanctioned
as Honorarium for the
Speaker.

DEPARTMENT OF ECE

Report on Guest Lecture

Date: 15-03-2018.

Department of ECE conducted a guest lecture on “**Applications on Digital Signal Processing**” dated 17.03.2018 for III.B. Tech (ECE Students) as per the approval of Principal dated 13.03.2018.

Dr.C.V. Narasimhulu, Professor has introduced the invited speaker Dr.Anil kumar Uppala (Associate Professor, IIIT Hyd) to the participants by citing his profile and he was presented a flower bouquet. Dr .Anil kumar Uppala addressed the gathering on the following aspects.

- i. Introduction to Speech Signal Processing
- ii. Multirate Signal Processing
- iii. Filter Design (FIR and IIR Filters)

He also addressed the students the effects of sampling rate conversions of a speech signal and explained by using MATLAB simulation results also. This lecture covered the applications of the digital signal processing.

Prof. B.Hari kumar, Head of the Department has given concluding remarks and presented a memento to Dr.Anil kumar Uppala.

This lecture strengthen the following POs and PSOs of the Department:

PO1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO2: Problem analysis: Identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO3. Design/development of solutions: Design solutions for complex engineering problems and design system components or process. es that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (M), Medchal Dist.(T.S.)-501 301.

PO12. Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PROGRAM SPECIFIC OUTCOMES (PSOs):

1. An ability to design an Electronics and Communication Engineering system, component, or process and conduct experiments, analyze, interpret data and prepare a report with conclusions to meet desired needs within the realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability.
2. An ability to use modern Electronic Design Automation (EDA) tools, software and electronic equipment to analyze, synthesize and evaluate Electronics and Communication Engineering systems for multidisciplinary tasks.

**Professional Leadership & Cyber Security
Challenges for Professional Women-
Geethanjali College of Engineering and
Technology, Hyderabad**

Women in Engineering Affinity Group (WIE-AG), IEEE Hyderabad Section conducted a two day workshop on "Professional Leadership & Cyber Security Challenges" at Geethanjali College of Engineering and Technology, Hyderabad. The Theme of the event is "Aware & Explore to Build a Strong New Woman of yourself". To create yourself "A New Woman with Confidence" to encourage yourself and to excel beyond any obstacles facing in your life, on 1st & 2nd February 2019, in order to get awareness of crimes-causes and finding a solution to develop a technical career for safe India through professional leadership to "Explore your World & Explore your Life," from 9 AM to 5 PM at CSE

Seminar Hall, Geethanjali College of Engineering and Technology, Cheeryal, Keesara (M), Medchal (Dist.)-501301, Hyderabad.

Dr. Aruna Bharathi, Executive Member of WIE IEEE, Hyderabad Section, Professor EEE Department, GECT spoken on the benefits of becoming a WIE member and told about various events conducted by WIE. **Mr. K. Sourav**, Founder and Head of INFINOS Tech LLP, India, spoken about importance of women to be an entrepreneur and how to become an entrepreneur, what are the available opportunities to women nowadays. **Mrs. Uma Devi** Deputy Director, NRSC, ISRO, spoke about the importance of women empowerment and how women are achieving their goals by managing both home and work. She also gave few tips on how to control stress while managing both home and office. Students of NMREC WIE chapter presented a mime-skit on how women are being exploited and abused in these days. Their skit was appreciated by all the Guests, faculty and students presented there. They have also performed a dance that shows various issues faced by women this day. **Mr. Santhosh Kumar**, Founder at Raksha, inspired students with his energetic speech and taught self-defense techniques to students.

Around 150 participants attended the event.

OFFICE OF THE PRINCIPAL

CIRCULAR

A Guest Lecture is arranged for B.Tech II Year (ECE) students as per the following details.

Date : 02.03.2018
Time : 9.30 am to 4.00 pm
Venue : Seminar Hall – Block – I
Topic : **“Fundamentals of Analog Communications & Stochastic Process”**
Resource Person : Dr.K.Yedukondalu, CVR College
Coordinator : Ms.M.Sowjanya – Assoc.Professor, ECE Dept.

PRINCIPAL

To: Deans / HODs / Professors / I/Cs
AO / Event Manager / Websites
Notice Boards

To be removed from notice boards after 03.03.2018

PRINCIPAL

Guest lecture

GEETHANJALI COLLEGE OF ENGINEERING & TECHNOLOGY
(Autonomous)
Department of Electronics & Communication Engineering

Date: 27-02-18

A Guest lecture is planned as per the following details:

Date & Time: 02-03-18 10:30 to 12:30 PM

Venue: Seminar Hall-1, Block-1

Recourse Person: Dr.K.Yeukondalu, CVR College

Topic: Fundamentals of Analog Communications and Stochastic Process

Participants: ECE 2nd year students

Faculty Coordinator: Ms.M.Sowjanya, Assoc Professor ECE Dept

Interested faculty are hereby invited to attend the above guest Lecture

Report on Guest lecture

Topic: Fundamentals of Analog Communications and Stochastic Process

Name of the Recourse Person: Dr.K.Yeukondalu, CVR College

Date & Time: 02-03-18 & 10.30AM to 12.30PM

Organized under: ISF-Geethanjali College of Engg & Tech

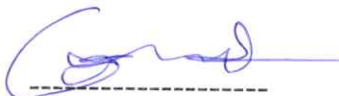

Venue: Seminar Hall-311, Block-1

Participants: ECE 2nd year students

Total No of students attended: 138

Faculty Coordinator: Ms.M.Sowjanya, Assoc Professor ECE Dept

Brief Note: He has given introduction to Analog Communications and brief explanation on types of Amplitude modulation .Under types of modulation all modulation and demodulation techniques are covered. He has taught importance of multi-tone modulation, angle modulations and the comparisons of FM &PM.He explained the performance of Communication system in the presence of noise including all the types of noise and the importance of statistical calculations under stochastic process. He finally concluded the comparisons of all the modulation techniques and applications.

**REPORT ON THE GUEST LECTURE
“INTRODUCTION TO ADVANCED MICROLLERS”
UNDER ISTE STUDENT FORUM, HELD ON 24TH FEBRUARY 2018**

The Group IV (Digital Electronics Group) of ECE Department, Geethanjali College of Engineering and Technology organized a guest lecture on “Introduction to Advanced Microcontrollers” on 24th February 2018 at Block -I1 Seminar Hall-4. The event is conducted under ISTE student forum, for the students of III ECE (A,B,C,D sections). The speaker of the lecture was Ms.B.Bhavani, presently working with Dept of ECE, M.V.S.R. Engg College as an assistant professor, having specialised in Embedded Systems. The faculty coordinator for this program was Ms. M.Laxmi, Assoc. Professor, ECE Department. The main aim of the Guest lecture was to mitigate the identified curriculum gaps in microprocessors and microcontrollers course.

The lecture started at 11:15 AM and ended around 4.00PM. The guest initiated session with overview of microprocessors and microcontrollers. The speaker emphasized on Architectures, Register Organisation, Addressing modes with examples and applications, of the Advanced microcontrollers like PIC, ARM 7, ARM 9 and CORTEX. The session was made interactive by thought provoking questions posed by Ms. Bhavani to the student audience, for which convincing answers were given by the student audience. Later speaker has narrated her version of answers.

The lecture has proven to be informative for the students. The event ended with honorarium to the Speaker by Prof. Hari Kumar, HoD, ECE Department, M.Laxmi, Associate Prof, Coordinator of the event and vote of thanks by Prof. K S. Rao, Group IV Head. Feedback was collected from the participants.

Guest Lecture file

To,
The Principal,
GCET.

Date:- 03.01.2018
Hyderabad

Sub :- GL on "Hardware-In-Loop Simulation (HILS) Technology for validation of Avionics S/W & H/W "

Respected Sir,

The Department of ECE is planning to conduct a guest Lecture, whose details are given below.

Guest Lec. :- "Hardware-In-Loop Simulation (HILS) Technology for validation of Avionics S/W & H/W "

Speaker:- Mr. Rajesh S Karvande, Scientist – E, DHILS, RCI, DRDO

Audience:- B.tech 4th Year students ECE and IEEE Members of 2nd and 3rd Year ECE Branch.

Coordinator :- Mr.S Vasu Krishna, Assoc.Prof.ECE

Date & Day :- 04.01.2018 , Thursday

Time:- 10.30 AM to 11.30 AM

Venue:- SH (2nd Floor)

Expenditure going to be incurred..

Honarium - 2000/- Rs. 3,000/- *Svk 03/01*

Travel – To be arranged by College.

Miscellaneous – 500/-

→ Forwarded to Principal for consideration. Regards,

Svk

Brief Resume

Name : Rajesh Karvande

Designation: Scientist- 'E', DHILS, 0901 Building, R.C.I (DRDO), Ministry of Defence.

Contact Details: (O) 24306164/5678, (M) 9490956052, email: rajeshk.shankar@rcilab.in

Educational Qualification: M.Tech (Software Systems) from BITS Pilani,

B.E. (Electronics & Telecommunication) from College of Engineering Pune.

Job Responsibilities:

- Joined RCI-DRDO in 2002, currently working as Scientist 'E' in Hardware-In-Loop Simulation (HILS) division.
- Involved in Design and development of Hardware-In- Loop Simulation (HILS) test-bed to validate flight on-board mission software & Embedded Hardware.
- Modeling & simulation software development for aerospace vehicle under Real Time Operating System (RTOS) to validate trajectory dynamics.
- Integration of newly adopted subsystems i.e. OBC, INS, Actuators to HILS, as well as these subsystems' modeling and simulation runs in HILS. Various configuration design, development for thoroughly validation of subsystems before real flight.
- Member of team for validation of GPS-INS integration for accuracy improvement.
- As system manager HILS involved for more than 5 different configuration projects.
- Member/Coordinator from HILS work-center for AS 9100 & ISO 9001:2008 Quality Certifications.

Memberships & Awards:

- Life Member of IETE, System society of India & ISSE.
- Published 14 Technical reports (RCI) & 3 IEEE papers.
- Technical Paper Reviewer of ICACCI conference (Industrial track) since 2014, Executive Committee member of ISSE-(Hyderabad chapter).
- Technology Group Award by RCI-DRDO in 2010.

CSE
 Report (Veenu Jindal) (27/7/17)
 AN Section
 In today's class ^{student} we had an orientation with a very beautiful and wonderful lady.

①

Her name is Veenu. Today her whole class was about identifying ourselves and how to choose our career options. She works as an entrepreneur, an artist, and a mentor for different colleges and debit company. She asked us how she could be described. We all gave her answers like she is great, this is her personality, it's her passion. But, she said that she could be described as her own brand. Then she said that we all must identify ourselves as a brand, which means we are unique & we have created some recognition for ourselves like other companies. In life there are many ups & downs. There are some adjectives which describes us. Sometimes few of them are gone from the list. But we have to keep adding them to keep motivating and encouraging ourselves and move forward. In the similar way, even she said that what ever happened in the past should be kept aside & we have to focus on the present. We have to always recognize ourselves as our CEO's. We should never say that I will try, we should always say that I will do it even if it is right or wrong. We should give our 100% in everything we do, rather than donating our blood.

Orientation Day Program

Date: 27th July, 2017

Venue: Block II, Seminar Hall, Ground Floor

Semester/ Branch: I year B. Tech, CSE

Co-ordinator: Dr. V. S. Triveni

Speaker: Ms. Ramya Raman

Time: 9.40am - 11.00 am

Submitted by: Dr. S. Rajeswari

REPORT

on

Fourth Day of Orientation Class

Summary:

The fourth day of the orientation program for B.Tech I year, CSE, was held at Block-11 seminar hall on 27-07-2017. The speaker of the session was Ms. Ramya Raman. The session started at 9.40am. The topic of the session was on Problem Solving and Decision Making. She started the session by sharing her life experiences connecting to the topic. The session is totally a brain storming session. The quotation by Thomas Edison "5% of people think, 10% of people think they think, 85% people would rather die than think" was mentioned. The entire session went on with two pictures.

Picture-1 : Thirsty crow

She asked the students to look at the picture of the thirsty crow and narrate the story within five sentences. Students responded. The possible solution to drink water is dropping stones into pot and the water comes up and finally the crow fulfils its thirst. Next she asked the students the other possible solutions. This activity made the students to come up with various solutions like

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (M), Medchal Dist.(T.S.)-501 301.

drinking water using straw, make whole at the bottom of the pot, etc. She concluded the activity stating that one problem has multiple solutions and options to take a decision. And she continued the session with power point presentation starting with "What is Problem solving? Decision making?" She stated that "Problem solving is a set of activities designed to analyse a situation systematically and generate, implement and evaluate solutions. And decision making is a part of problem solving." She also discussed the steps for an effective problem solving.

Picture-I : Pin and Brick

Ms. Ramya Raman showing the pictures of a pin and a brick asked the students "In how many ways we can use a pin and a brick?" Many students came up with various ideas.

Ms. Ramya Raman ended the session stating that "Don't stop thinking as much as it thinks creatively". The session closed by 11.00 am.

ORIENTATION DAY 2 F.N. REPORT (25/7/2017)

Orientation programme for I year B.Tech. I semester CSE branch was arranged in seminar hall of Block-II. Mr.G.Narender Reddy was the speaker for the above said program. He is a well known soft skill trainer and a motivational speaker in Telangana state.

Mr.Narender Reddy gave an elaborate talk on Communication Skills. He stressed that all the students must practice the "*mantra*" LSRW (Listen, Speak, Read, Write) at least half an hour a day to develop good communication skills in English language which may enhance their employability by the time they complete their four years of engineering degree.

6
Brief Report on the Orientation Class conducted to
the students of CSE - I year B.Tech on 26th July, 2017 in the
afternoon session by Mr. Balachandra Sunku (4)

Topic: Need and how to use Ethics in Today's Society.

Time: 1:00 to 4:00pm

Venue: Seminar Hall - Block-II

The resource person started the session by interacting with the students on the point what is value and who has to have values. He discussed and deducted various answers from the audience using his great wisdom mixed with fun and frolic. He reached to the students level and with few anecdotes and activities tried to imbibe the necessity and essence of values & Ethics in every individual. Sir focussed on employability skills; how well students can enhance their knowledge using the gadgets they have and care & bond with their parents. Sir ended up the session by expanding on the word 'STUDENT', ^{that should be} the traits of an ideal student.

The complete session was very lively with his wit & humour. Sir also gave cash prize to few students in middle of the session while conducting some activities. Students were very impressed and motivated by his voice, slokas, humour and songs.

Orientation Day Program

Goal - setting

Date: 26th July, 2017

Venue: Block II, Seminar Hall, Ground Floor

Semester/ Branch: I year B. Tech, CSE

Co-ordinator: Dr. V. S. Triveni

Speaker: Mr. Shakeer

Time: 9.30am - 12.10 pm

Submitted by: Dr. S. Rajeswari

REPORT

on

Third Day of Orientation Class

Summary:

The third day of the orientation program for B.Tech I year, CSE, was held at Block-11 seminar hall on 26-07-2017. Mr. Shakeer started the session at 9.30am. He focused on time management skill and goal setting with various activities. The session was an interactive session. All the students got involved in the session. The session started with a memory game. He stimulated the students to focus on natural memory and made them understand the difference between the natural memory and artificial memory. By this warm-up activity the students understood the reliability of natural memory. He has shown the list of 570 names with their contact numbers and an activity of memory game from that. He also mentioned the quotation of an Italian philosopher, Sadaka, "How can you say 'No' before trying it at all?" He gave a message to all the students

- Give it a try and say it is possible or not

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (M), Keesara Dist. (T.S.)-501 301

This activity streamlined the thought process of the students. The session was followed by another activity, collecting 30 signatures. The activity was made into two parts. Part-1 of the activity was done without time setting and part-11 of the activity was done with time setting. Finally he proved that any individual can perform better when he/she has deadlines. The session followed by another activity, Goal setting.

Goal Setting

Mr. Shakeer focused on goal setting in two steps.

Step-1

He discussed about the essential things in goal setting. It's like an interactive session. He said that life without a goal is like a journey without a destination and quoted the following:

Dream is an aim with a deadline

Goal is an aim with a deadline

He also said that goal should be **SMART**

S-specific

M-measurable

A-attainable

R-realistic

T-time bound

Students were asked to rewrite their goals with SMART

Step-11

Sample goal from his life was given to the students

Title of the Book: Start a new life now

Number of pages: 120

Number of chapters: 8

Price: Rs. 200/

Preface by APJ Abdul Kalam

Publisher: Pustak Mahal

Launch date: 19-03-2016

Venue: Sri Vidyaniketan Engineering College, Tirupathi

He concluded goal setting saying big goals require the accomplishment of many little goals with an action plan.

Mr. Shakeer ended the session with student's individual action plan. He guided all the students to lead an extra ordinary life by transforming their dreams into time bound goals. The session was very interactive and closed by 12.15pm.

Department of Science & Humanities

Orientation Programme 2017-2018

Report

Date: 27 July 2017

Venue: Block I, Seminar Hall, II Floor

Branch: ECE

Coordinator: Ms. N. Subhadra

Time: 9.45 am to 12.00pm

The speaker for the session was Dr. P.K.N. Choudary, Consultant Psychiatrist, Chetana Hospital, Hyderabad. His PPT presentation dealt with 'Stress Management'. He briefed about the reasons for stress and how it affects the Inter-personal relationships, Professional work and Socio-economic status. He conveyed the various ways to manage things by focusing on character building, having hobbies that are constructive and positive, do exercise or yoga and have adequate sleep. He further briefed about the need for a nutritious diet to manage stress and the need to convert stressed situations to non-stressed situations. This is done by developing skills such as Goal Setting and Time Management. He quoted few lines from the books 'One Minute Manager' and 'Who moved my Cheese' and suggested the students to read the booklets. He gave brief examples to differentiate 'Will power' and 'imagination' and said that it is 'imagination' that is required to reach our goals and avoid stress. The session was interactive wherein the students asked few questions related to stress and anxiety. One of the students shared one of her experiences of an activity and conducted the activity for the other students. This was to illustrate how imagination is powerful in changing or directing our thoughts to positive thinking. The speaker appreciated the participation of the students in the activity and advised the students to share their problems with their near ones or best friends and give an outlet to their feelings of depression. This would help them not to go on a wrong path like addiction to drugs, smoking etc. It was further extended to the explanation of terms such as 'Obsessive Compulsive Behaviour', 'Dyslexia' 'Specific Learning Disorder' and 'Border Line Disorder Syndrome' by giving an example of the film 'Tare Zameen par' and other real cases that the speaker had observed in his patients. The session concluded with few positive and negative effects of relieving stress through social networking sites. The session was from 9.45 to 11.00 am. From 11am to 12.00 noon, the coordinator briefed the students about the importance of discipline, attendance, punctuality, Time Management, assignments and the support system that students can avail from the faculty members.

Fifth Day of Orientation Class

Summary:

The fifth day of the orientation program for B.Tech I year, CSE, was held at Block-11 seminar hall on 28-07-2017. The speaker of the session was Dr. Ratnakar. The session started at 10.20am. Dr. Ratnakar focused on ethical issues, integrity, respect for law and spirituality. He started the session by sharing his life experience and continued with making the difference between communicate and communion. The session is totally a message oriented one. He took various examples from the lives of popular persons.

Mokshagundam's highest form of ethics, sincerity, dedication and commitment towards work were discussed. He also gave the examples of Aurobindo, Edison and their achievements. He gave a message "Know the value of life and uniqueness". Dr. Ratnakar shared his visit to US. After his speech in US he was asked by one of the audience that "What kind of people you find in your country?" Here is the answer

India has made extra ordinarily ordinary people, ordinarily extra ordinary people.

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (M), Medchal Dist.(T.S.)-501 304.

PRINCIPAL
Geethanjali College of Engg. and Tech.

He concluded his discussion on ethics stating "Ethics is nothing but human existence". The session was followed by integrity. Dr.Ratnakar vividly gave the four dimensions of human life namely, Physical dimension, Psychological dimension, Intellectual dimension and Spiritual dimension. From this perspective he gave a message "Body, mind and soul together is called as integrity". He went to the third point of his speech with respect for the law, respect for neighbor, love for profession, punctuality and discipline and concluded with value of time.

Dr. Ratnakar ended the session discussing on spirituality giving another message "concern for others not for yours". He received good response from the audience. The session closed by 12.00am.

Forenoon session

Approaches required for a Complete Human Being (2)

By D. Vishnuvardhan Rao (Guesty sa)

* 9 Approaches are mainly required for a Complete human being.

- Hardwork

- Skills

- Character

- Time management

- Faith in Divinity

- Professional Accomplishments

- Personal Accomplishments

- Family moral obligations

- Society moral obligations.

* This lecture inspired the students that, how to be a Role model to others and self-discipline is the key to personal growth.

* Explained about the Power of discipline. The reason behind the success is self-discipline.

Afternoon session

Science and Spirituality

By Ms. Hasinath Reddy

9

→ Science implies a search for knowledge. Balance all the activities in a life. True spirituality consists of elimination of all animal instincts in man and manifests the divine light within him.

→ Science and Spirituality both are like

- The two wings of a bird
- The two wheels of a bicycle
- The two eyes of a man

→ Honest, Humanity and our values inform our thoughts, words and actions.

2:00PM

Topic - Success

By - Mrs. Kausana Kumari

→ Qualities of success - Faith, hope, attitude, smart work, trust, belief, sacrifice, thinking, Problem solving, good health, optimism, pushing oneself.

→ Mind + Action = Success.

→ Faith - optimism - trust

- Attitude

- smart work

- Belief (mentally strong)

- sacrifice

- Thinking

ORIENTATION DAY 6 F.N. REPORT (29/7/2017)

Orientation programme for I year B.Tech. I semester CSE branch was arranged in seminar hall of Block-II. Personality development trainer, Jawaharlal Nehru .P. Who is also Psychologist & Advocate, Corporate Trainer & NLP practitioner and a motivational speaker addressed more than 1000 workshops on personality development has been invited as a speaker for the forenoon session on 29/7/2017.

Jawaharlal Nehru .P. emphasized the students that "All you need is passion. Every problem is a challenge and an opportunity to excel in life." He also demonstrated various ways to help the people of society. He inspired students to set time bound goals in life so that they can reach them in planned time. He also urged the students to respect all elders and lead a peaceful and meaningful life.

29/7/2017 - AN
CSE

(11)

Emphasized the Greatness of AS Rao

2. Use good words. Don't use abusive words even though it's the

demands.

3. Instead of going to 3 times per week.

go to 1 time per week, use remaining time for Seva

live let them live. (Win-win Policy)

5. Participate Seva as an individual.

Participate Seva as a group.

6. donate cloths for elephants on the occasion of Birthdays

Don't watch TV at dinner time.

Enjoy dinner with your family members.

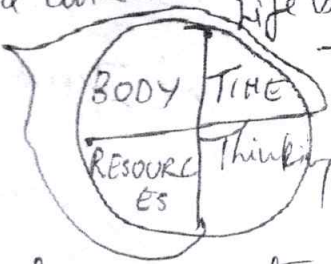

EEE & ECE

29/1/2017

1.00PM

Sir explained the contemporary situation of the 18 lakh Graduate Engineers in our Country. By 26 every person should be settled. Meaning of Value Addition, Learn what is necessary and unlearn what is unnecessary. DOB - DOD. Life is fragmented into 4 parts.

By Birth

THINKING is the determinant. How to be an effective person? Select Best of all. Eg. Cell Phone.

Machine - Feature, Appearance, Brand, Durability, Technology, Value, society.
Human: Knowledge, Proactive Nature, Human Skills, Smiling Face.

Performance of the other competitors is the deciding factor in any competitive Examination. Burning desire to be best. Facts one should know - USA imports from different countries. All repeated actions become habits, all repeated actions become involuntary actions.

Choose Talk - bad habit. (5) Being happy - habit

(1) Being Late - " "

(2) Criticising others " "

(3) Being unhappy - " "

Habits tune our lives. In every stone there is statue. - Prof. Sergei Yestonov

Behavioural problems...
Self-hidden Potentials.

20 + 40 + 20 = 80

20 + 20 + 40 = 80

GOAL -

STORE ROOM - Example.

Excellence =

Efficiency

Hard work

Intelligence

luck

Effective work

Attitude

PRINCIPAL

Geethanjali College of Engg. and Tech.
Cheerlay (V), Keesara (M), Medchal Dist. (T.S.)-501301.

Emotional Intelligence should be developed.

Language + Knowledge + Confidence = Success

Overcome fear -

① Face the situation gives experience → Confidence

Various benefits of Knowledge -

3 Reasons for failure - negative thinking, excuses, weakness

Declare war against all undesirable - ① Govind Jaiswar

② Satyanaraya Raju

Perception is our choice.

Excellence = LEARN, Practice, Perform. $E = LP$

None can destroy a person but thinking can.

LAND

OF

POSITIVE

THINKING - Eg. Japan.

Report of Guest Lecture

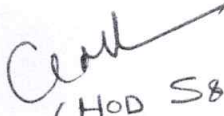

A guest lecture titled "Celebration and History of Science" was organized to commemorate the birth anniversary of Sir C.V.Raman on 8/11/2017 by Science club of S& H Department for the benefit of B.Tech. First year students. Eminent speaker was Dr.Kollu Pratap, Asst. Professor, School of Physics, University of Hyderabad delivered the guest lecture.

He spoke on History of Science and how different technologies were originated from the development of different scientific theories. He also discussed the challenge and opportunities in the field of Science and Technology.

Around 200 First year B.Tech. students from all branches of engineering attended the lecture.

The Feedback forms were also collected from the students who attended the guest lecture.

Report on Guest lecture

A guest lecture titled "Linear algebra and Applications" was organized on 17th November, 2017 by Mathematics club of S&H department for the benefit of B.Tech I Year students. Eminent speaker Dr. N. Kishore Kumar, Assistant Professor in BITS Pilani, Hyderabad, delivered the guest lecture.

He introduced the fundamentals of Matrices and its properties and discussed applications of matrices in singular valued decomposition, imaging and photography. He explained various applications of ordinary differential equations. He also highlighted the real life applications of Linear algebra.

In the interactive session, he asked the students to solve different type of questions that enriched their knowledge. He also suggested several books for reference for better understanding of concepts.

Around 200 students of various branches of engineering attended the lecture.

The feedback forms were also collected from the students who attended the guest lecture.

Student Development Programme on 17th Jan 2018

Report

Topic: Innovative Methodologies in English Language Learning Venue: Seminar Hall,Block-II

Timings :- 9.30Am -4.00pm

No. of students attended:-300

Dr. Y. Prabhavati , Professor, HOD, GITAM University, Hyderabad Campus, was the Resource Person, who took two sessions on 17th Jan 2018 on Language Learning Strategies. The sections of B. Tech ECE, CSE, Civil, Mechanical, EEE were given practical training in Language Acquisition where 300 students were benefited from this Workshop. The sub themes were

1. Language Acquisition
2. English for Science and Technology
3. Language learning through music and painting
4. Communication Technology
5. Techniques and Strategies
6. Use of Resources

The workshop was totally encouraging, motivating and inspiring to the students. The student's participation was 100%.

The Sessions were totally Interactive and Communication Skills were imparted on one to one basis.

Report

Mathematics Club along with Center of Innovation & Creativity in association with Deccan Cubing Organization conducted cube competition titled, "Geethanjali Cube Open -2018" on 21st January, 2018 in the seminar hall, Block-2. 180 members participated in the event. Dr.V.S.Triveni and Mr.N.Chandrakanth were the faculty coordinators. Prizes were distributed to the winners.

Report on Vaisheshika 2K18

Science club celebrated National Science Day on 28/02/2018. On this occasion the inaugural function was held in seminar hall of block-II. The chief guest for this function was Dr.K.C.James Raju, Professor, University of Hyderabad. All the first year B.Tech. II semester students were attended the programme.

In the forenoon session after the inaugural function Dr.K.C.James Raju gave a guest lecture on the topic "Sir C.V.Raman: Raman Effect and Its relevance". He spoke on the research work of C.V. Raman and its relevance in current scenario in the field Raman spectroscopy. It was well received by both students and faculty members.

In the afternoon session working model, demo model and poster presentation competitions were held for I year B.Tech. II semester students. Working and demo model competition held in Physics Laboratory and poster presentations were held in drawing hall of Block-II.

30 working models, 08 demo models and 40 posters were presented by the students. 68 students presented posters and 118 students participated in working and Demo model competitions. Winners were given memento and books as prizes.

For these competitions Prof. N. Chandrakanth and Mr.Y.V.N. Pani Kishore ,Mr. A. Hare Krishna and Mr. J. Uma Mahesh, worked as judges.

Feedback from the students were also collected.

The winners were as follows

Working Model	Demo model	Poster Presentations
I Prize 1. A.JyothishwaraPrasad -17R11A05G4 2. J.RajaShekhar-17R11A05G2 3. N.Mukesh-17R11A05H7 4. V.Anudeep-17R11A05k1 Topic: Biometric attendance	I Prize 1. Malavika B.S.- 17R11A0126 2. R.Kalyani- 17R11A0136 Topic: Green Building	I Prize 1. Challa Aiswarya-17R11A0598 Topic: Railway Security System
II Prize 1. PVSSK Santhosh-17R11A0376 2. V.Aravind Nayak-17R11A0364 3. K.Sanketh Raj-17R11A0162 TOPIC: Thirsty concrete	II Prize 1. Y.NikhilKamalRam-17R11A0532 2. Manthan Mehatha-17R11A0524 3. Name of the Speaker: Dr. Bhaskar, Associate Professor, JNTU Hyderabad

Title : Load Flow Studies

Date: 5/03/2018

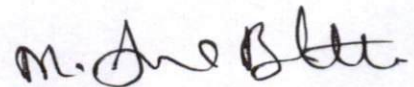

Venue: ME seminar hall, Block-3

Attending students: III & IV year

Summary of talk: The speaker explained about

- Formation of Bus Incidence Matrix
- Algorithm for Load flow calculation
- Illustrative Examples
- Line flows radial distribution system

At the end of the session students were able to understand that load-flow studies are important for planning future expansion of power systems as well as in determining the best operation of existing systems.

Sub: Approval for organizing a Guest Lecture reg-

Respected Sir,

D. Gireesh Kumar, Sr.Asst.Professor in BVRIT,Narasapur, has agreed to give a Guest Lecture on 15th February 2018 on the topic "Signals And Systems " for II year EEE Students, as per our request.. As such I request you to kindly approve the above mentioned guest lecture.

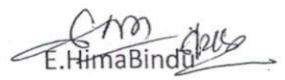

The Budget required to conduct the above mentioned guest lecture is as mentioned below:

S.No.	Item Description	Budget proposed
Arranged by college		
1	Transport for guest	Transport Dept
2	Lunch for guest	250
3	Water bottle	25
4	Juice for guest	25
5	Momento	Stores
Arranged by Department		
6	Banner	350
7	Bouquet	100
8	Honorarium for guest of honour	3500
	Total	4250

Guest lecture report

Name of the Speaker: D Gireesh Kumar, Sr. Assistant Professor, BVRIT, NARASAPUR

Title : Signals and Systems

Date: 15/3/2019

Venue: CSE seminar hall, Block-1

Attending students: II year

Summary of talk: The speaker discussed various types of signals, laplace transforms, fourier transforms and z-transforms. The Laplace transform plays an important role in control theory. It appears in the description of linear time invariant systems, where it changes convolution operators into multiplication operators and allows to define the transfer function of a system. The Fourier Transform is used to break a time-domain signal into its frequency domain components. The Fourier Transform is very closely related to the Laplace Transform, and is only used in place of the Laplace transform when the system is being analyzed in a frequency context. The z-transform is useful for the manipulation of discrete data sequences and has acquired a new significance in the formulation and analysis of discrete-time systems. It is used extensively today in the areas of applied mathematics, digital signal processing, control theory, population science, economics.

At the end of the session students were benefited by getting ideas on implementation of transformation techniques in control systems and also on region of convergence in different transforms.

Department of Electrical & Electronics Engineering

Guest lecture report

Name of the Speaker: Dr. B. Mangu, Professor-Osmania University

Title : Emerging trends in renewable energy through power electronics

Date: 20/1/2018

Venue: Seminar Hall, Block-I

Time: 10:20AM to 1:PM

Attending students: III & IV year

Summary of talk: The speaker explained about

- Types of solar cells
- MPPT techniques
- Improvements in Solar Technology
- Solar storage solutions and solar business

At the end of the session students were benefited by getting exposure to solar photovoltaic technology and future trends.

Sub: Approval for organizing a Guest Lecture by Shri N S Murthy

Respected Sir,

As per our request to **Shri N S Murthy**, previously worked as Additional General Manager, BHEL and director of PETE TRANSFORMERS .He has more than 40 years of experience in the field of transformers, he has agreed to give a Guest Lecture on 6^h Nov 2017 about transformers for II & III year EEE Students. As such I request you to kindly approve the above mentioned guest lecture

The Budget required to conduct the above mentioned guest lecture is as mentioned below:

S.No.	Item Description	Budget proposed
Arranged by college		
1	Transport for guest	Transport Dept
2	Lunch for guest	225
3	Water bottle	25
4	Memento	Stores
Arranged by Department		
5	Banner	300
6	Bouquet	100
7	Honorarium for guest of honour	3500
	Total	4150

*forwarded to
kindly do it
needed as early as
possible*
*11/10/2017

Guest lecture report

Name of the Speaker: Mrs Naveena Bhargavi, Associate Professor, CVR College of Engineering

Title : Concept of complex frequency

Date: 1/11/2017

Venue: CSE Seminar Hall, Block-I

Attending students: II year

Summary of talk: The speaker explained about

- Complex variables & functions of a complex variable.
- Complex variables singularities and poles of a function.
- Laplace transform theorems

At the end of the session students understood concepts related to complex frequency.

Sub: Approval for organizing a Guest Lecture reg-

Respected Sir,

As per our request to Prof. Bhujanga Rao , of Sreenidhi Institute of Science & Technology , he has agreed to give a Guest Lecture on 1st November 2017 on the topic "Electrical Applications of Digital Signal Processing" for IV year EEE Students. As such I request you to kindly approve the above mentioned guest lecture.

The Budget required to conduct the above mentioned guest lecture is as mentioned below:

S.No.	Item Description	Budget proposed
Arranged by college		
1	Transport for guest	Transport Dept
2	Lunch for guest	225
3	Water bottle	25
4	Momento	Stores
5	Tea and Biscuit	50
Arranged by Department		
6	Banner	300
7	Bouquet	100
8	Honorarium for guest of honour	3500
	Total	4200

To
A/c / A/c / Transport

Guest Lecture by Dr. Rajagopal reg

azra taj <azrazaine@gmail.com>
to S

Sat, Jul 29, 20

Respected Sir,

On behalf of EEE Department I would like to thank you for accepting our invitation to give Industry Expert students. We would like you to give an informative talk on the topic " Power Electronics Systems for Renewable Applications". Based on the availability of students it would be better if your goodself could deliver the lecture 10:00am to 12:30pm instead of 10th August.

We are looking forward to hearing you speak on the subject, which will be beneficial for our EEE branch. The lecture is also to impart the importance of Power Electronics in Power Systems and also to give an idea to develop/pursue.

At the end of the session kindly join us for lunch. To and fro travel facility will be provided for your convenience. acceptance through mail.

Regards

AZ

Name of the Speaker: Dr. P. V. Rajgopal, Retd Additional GM, R & D , BHEL HYDERABAD

Title : Power Electronics systems for Renewable Energy Systems applications

Date: 09/08/2017

Venue: ME Seminar Hall, Block-III

Attending students: III & IV year

Summary of talk: The speaker explained about

- Fundamentals of Switching electronic devices (most common types,
- Selection of power electronic circuits (converters, rectifiers, inverters)
- Control of power electronic circuits (including pulse-width modulation)
- Basic control theory
- Batteries and wind turbines
- Control of machines using power electronics

At the end of the session students learnt about power electronic devices used in renewable energy systems and its applications.
