Date: 28/12/2018

Respected Sir,

Request to Issue a circular for guest lecture - organized by SAE student chapter of Mechanical Engineering Department.

Title: "Introduction to Computational Fluid Dynamics".

Date: 29th December, 2018, at 11.00A.M

Venue: Mechanical Seminar Hall (Block-3)

Resource Person:

1. **Dr. S. Senthil Kumar**, Professor, Department of Aerospace Engineering, SRM Institute of Science and Technology, Champion, Aerospace Development Council (ADC) SAE India Southern Section, Chennai.

Target Group: Students of IIIrd and IVth years, Faculty of Mechanical Engineering Department.

Faculty Co-ordinators

Dr. M. Devaiah, Professor-

A. Santhosh, Asst. Professor-

HOD-MECH

Dr. T.Siva Prasad

PRINCIPAL

Subject: Invitation for Lecture meeting "Introduction to Computational Fluid Dynamics" on 29th December 2018 at Geethanjali College of Engineering and Technology, Hyderabad

To: 7180410253 <bsrao.hod@gmail.com>

Warm Greetings from SAEINDIA Southern Section!!!

SAEINDIA Southern Section is very glad to invite you for the Lecture Meeting to be held on 29th December 2018, Saturday at Geethanjali College of Engineering and Technology**Topic: "Introduction to Computational Fluid Dynamics"****Speaker: Dr. S. Senthil Kumar**, Professor, Department of Aerospace Engineering, SRM Institute of Science and Technology, Chennai**Speaker Profile: Dr. S. Senthil Kumar**, Professor

Dr. S. Senthil Kumar is the Champion for SAEISS Aero Design challenge 2019, Management Committee member-SAEINDIA Southern Section, Member-SAEINDIA Aero Forum. He has been an active volunteer of SAEINDIA since 2009, started as a faculty member for SAEINDIA Aerospace Collegiate Club, Hindustan University, Chennai which is the 1st SAEINDIA Aero Club in India.

Presently he is working as an Associate Professor in the Department of Aerospace Engineering at SRMIST, Chennai. He has 9 years of teaching experience and 17 years of research experience including one year Postdoctoral Researcher at the Commission of Atomic Energy (CEA), Paris, France, from 2012 to 2013. He received his M.S degree in Aerospace Engineering from the Indian Institute of Technology (IIT) Madras, India, in 2003 and his Ph.D. from the Dublin City University, Dublin, Ireland, in 2009.

Honors and Awards

- Recently he was the principal investigator for a funded research project in the field of CFD and Rapid prototype, supported under the fast track young scientist scheme by Department of science and Technology, Government of India.
- He was acting as a Judge for SAE International Aero Design West 2018 held in California, USA.
- He has been nominated to Professional Development Board of SAEINDIA and elected as a Member of the same for the period 2016 – 2018.

He has been the champion for SAEISS Aerospace Design Challenge consecutively for three years since 2016.

- He was an Executive Council Member for TOPTECH program, SAEISS, Chennai, 2015-2017.
- He received full time research scholarship for his PhD from Ireland government funding agency, Science Foundation of Ireland (SFI), Ireland for three years.

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (R), Keesara (M), RR Dist: (TS) 501301.

He also received Research Assistantship during his M.S programme awarded by the Council of Scientific and Industrial Research (CSIR), India for two years.

- The CFD projects he guided won a Silver Medal in the 42nd All India Student Design Award 2011 from the National Design and Research Forum, India and the first Prize at the Student Symposium, MIT, Anna University, Chennai, India in 2010.
- Award for the best SAEINDIA Student Convention Tier-II (East Zone) Conducted in Tamilnadu state, India in the year 2010.

So far he trained several undergraduate and postgraduate students for using CFD software, ANSYS Fluent and guided many CFD Projects. Under his guidance 1 PhD research scholar, 25 PG students and 23 UG batches submitted their thesis.

He delivered invited talks on CFD in Faculty development Programs and student workshops at various Engineering colleges in Tamilnadu and also presented his research papers at various reputed conferences in London, The Netherlands and in India. He has also conducted training programs on engine heat transfer and bus body aerodynamics for Practicing Engineers of Ashok Leyland Technical Centre at Vellivoyalchavadi, Chennai.

During his research career, he developed various laminar CFD codes using C, FORTRAN 77, C++/VC++ for various engineering problems.

He is reviewer in some of the high impact International Journals such as International Journal for Numerical Methods in Fluids, International Journal of Heat and Mass Transfer, Engineering Applications of Computational Fluid Mechanics and Energy conversion and management, and SAE International.

He has co-authored 25 research articles in peer-reviewed International journals and 27 in International conference proceedings. He has one Provisional Indian Patent in his credit.

His Professional and Academic Research Interests include Computational simulation of Internal and External Fluid Flows, Aerodynamics, Multiphase Flow, Heat Transfer, Volume of Fluid Method, Multi-Fluid Flow Modeling with Phase Change, Heat pipes, IC Engine, CFD Code Development.

Venue: Seminar Hall (Block -3), Department of Mechanical Engineering, Geethanjali College of Engineering and Technology, Cheeryal (V), Keesara (M), Medchal Dist. Hyderabad, Telangana State -501301

Date: 29th December 2018, Saturday

Timing: 11.00 AM - 12.30 PM

SAEINDIA Southern Section is conducting the lecture meetings for the benefit of our members. The lecture meetings are Free for our members. You are cordially invited to participate in this Lecture Meeting and get benefited with the expert knowledge.

Report on Guest Lecture

01-02-2019,

Cheeryal.

To,
The Head of the Department,
Department of Mechanical Engineering,
Geethanjali College of Engineering & Technology,
Cheeryal-Hyderabad.

Sub: Submission of Report on the Guest Lecture "Latest Trends in Welding Technology" conducted on 29-01-2019----Regd.

Respected Sir,

I, K.Venkatesh, working as Assistant Professor in Department of Mechanical Engineering at GCET, was given the coordinator duties to conduct a Guest Lecture for B. Tech II-Year II Semester Mechanical Engineering A & B Students by the Production Group Head and I have fulfilled the duties, in this regard I am submitting the report on the Guest Lecture.

Title: Guest Lecture on "Latest Trends in Welding Technology"

Date & Time: 29th January -2019, from 10.00A.M to 12.30 P.M

Venue: Mechanical Seminar Hall (Block-3)

Resource Person: Dr. A. Seshu Kumar, Chief Scientist, Department of Mechanical Engineering, CSIR(Council of Scientific and Industrial Research)- Indian Institute of Chemical Technology, Ministry of Science & Technology, Government of India, Hyderabad.

Target Group: B. Tech II Year II Semester of Mechanical Engineering Department (ME-A & B 115 Students) and 10 Faculty Members (Professors, Associate Professor & Assistant Professors) have been attended the Guest Lecture.

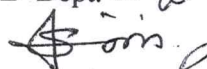

Topics Delivered: Roots of Welding Origin, Welding Defects, Causes, Remedies, Advanced Welding Technologies, Welding Procedures, Welding Techniques, Certification on Welding, Job Opportunities on Welding, etc.

Need to Conduct Guest Lecture: 1. To Interact with Industry Experts.
2. To fill the Curriculum gaps if any.

Response: Very Good- Feed Back forms are attached.

Status: Conducted and Concluded Successfully- Supporting documents are attached

Coordinator of Guest Lecture: K.Venkatesh, Assistant Professor, ME- Dept. 

Production Group Head: Dr. S. Sathagiri, Professor, ME-Dept. 

Head of the Department: Dr T. Siva Prasad, Professor, ME- Dept.

Sub:- Requesting permission for arranging a Guest Lecture - Reg.

Respected Sir,

We, the Production Group Faculty members from the Department of Mechanical Engineering, are likely to arrange a Guest Lecture on "**Welding Technologies**" for B. Tech II Year II Semester Mechanical Engineering Students.

The objectives of organizing Guest Lecture to students is:

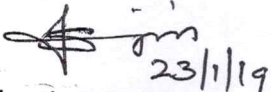

- To impart pre-requisite knowledge among the students.
- To give the welding applications in various sectors.
- To impart knowledge of practical problems associated in welding, its causes and remedies.
- To make aware on Advanced Welding Techniques.
- To make able to select the appropriate welding process.
- To fill the Curriculum gaps if any.

In this regard we request your permission to organize a Guest Lecture. Your favorable response regarding this request will be highly appreciated.

Thanking You Sir,

Dear Sir,

Sub:- Request for sanction and release of amount to pay honorarium to Guest - Reg

With reference to the above subject, the department of Mechanical Engg. is proposed to organize Guest lecture on "Refrigeration and Air-conditioning" for students of Mechanical Engineering. The Lecture is scheduled 1st March, 2019, from 9-30AM to 3-30PM.

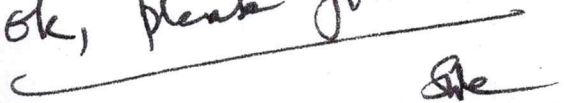

I request you to sanction and release an amount of Rs. 6,000/- (Six thousand only) towards honorarium to the expert.

Thanking you,

Yours

Cheeryal,
Hyderabad.

---Through HOD-Mechanical Engineering Department---

Sub: Request for approval to conduct Guest lecture - Design group- Mechanical Engineering Department-Reg.

Respected sir,

The design group of Mechanical Engineering department would conduct a guest lecture on "Finite Element Methods with Case Studies" for III B.Tech students and faculty of mechanical engineering department. The details of the guest lecture are mentioned below. Hence, it is requested you to approve the conduct of guest lecture and sanction the honorarium for the same.

Details of the Guest lecture:

Title: "Finite Element Methods with Case Studies"

Date: 16th March-2019, at 10.00A.M

Venue: Mechanical Seminar Hall (Block-3)

Resource Person: Mr.M.Umakanth, Scientist 'F', Research Center Imarat - DRDO, Hyd.

Honorarium: Rs 5000/-

Thanking you,

Faculty Co-ordinators

Dr. D.Shyam kumar, Professor-

A. Santhosh, Asst.Professor-

DEPARTMENT OF CIVIL ENGINEERING

Report on Expert Lecture Conducted on 8/08/2018

By

Dr.N.Suresh Kumar

DATE: 9/08/2018

Department of Civil Engineering conducted a expert lecture on “**Application of Fluid Mechanics in Civil Engineering**” dated 8/08/2018 for B.Tech (CIVIL II year Students) as per the approval of Principal dated 4/8/2018.

Mr. G.Raju, Assistant Professor has introduced the invited speaker **Dr.N.Suresh Kumar** Professor Osmania University, Hyderabad, to the participants by citing his profile and he was presented a flower bouquet. **Dr.N.Suresh Kumar** addressed the gathering on the following concepts.

- i. Introduction to Fluid Mechanics.
- ii. Verification of Bernouli's thearom.
- iii. Pumps & Turbines.
- iv. Applications of Fluid Mechanics in civil Engineering.

Mr.D.Ramachander, Assistant Professor has given concluding remarks and Dr.R.Prasanna Kumar, Head of the department presented a memento to **Dr.N.Suresh Kumar**.

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO 3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO 12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PROGRAM SPECIFIC OUTCOMES (PSOs):

PSO 1: Apply knowledge in core areas of Civil Engineering such as Structural, Geotechnical, Water Resources, Transportation and Environmental Engineering to Civil Engineering practice.

PRINCIPAL
Geethanjali College of Engg. Techn.
Cheerayal (V), Keesara (M), R.R. Dist. (A.P.) - 501 301

PSO 3: Shall interact and collaborate with stakeholders; execute quality construction works applying Civil Engineering tools namely, Total Station, Global Positioning System (GPS), ArcGIS, AutoCAD, STAAD and other necessary tools.

PRINCIPAL
Geethanjali College of Engg. Tech.
Cheriyal (V), Keasare (M), R.R. Dist. (A.P.) - 501 301.

GEETHANJALI COLLEGE OF ENGINEERING & TECHNOLOGY

DEPARTMENT OF CIVIL ENGINEERING

Report on Expert Lecture Conducted on 25/01/2019

By

Mr.Srikanth

DATE: 26/01/2019

Department of Civil Engineering conducted a expert lecture on "Building Information Modelling" dated 25/01/2019 for B.Tech (CIVIL IV year Students) as per the approval of Principal dated 24/12/2018.

Mr. D.Ramachander, Assistant Professor has introduced the invited speaker **Er.K.Srikanth** to the participants by citing there profile and they were presented a flower bouquet. Er.K.Srikanth addressed the gathering on the following concepts.

- i. Introduction to Building Information Modelling.
- ii. Importance of BIM in Civil Engineering.
- iii. Job Opportunities in BIM.

He also addressed the students about the Practical exposure of the construction in the field for the final year students. He also discussed about the Job opportunities of civil engineering using Building Information Modelling.

Dr.R.Prasanna Kumar, Head of the department has given concluding remarks and presented a memento to **Er.K.Srikanth**.

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO 3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO 5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations.

PRINCIPAL
Geethanjali College of Engg. Tech.
Cheerl (V), Keesara (M), R.R. Dist. (A.P) - 501 301

PO 6: The Engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO 11: Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO 12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PROGRAM SPECIFIC OUTCOMES (PSOs):

PSO 1: Apply knowledge in core areas of Civil Engineering such as Structural, Geotechnical, Water Resources, Transportation and Environmental Engineering to Civil Engineering practice.

PSO 2: Utilize Civil Engineering principles that are appropriate to produce detailed drawings, design reports, quantity and cost estimates, specifications, contracts and other documents appropriate for the design, construction, operations and maintenance of Civil Engineering projects.

PSO 3: Shall interact and collaborate with stakeholders; execute quality construction works applying Civil Engineering tools namely, Total Station, Global Positioning System. (GPS), ArcGIS, AutoCAD, STAAD and other necessary tools.

Report on Expert Lecture Conducted on 24/01/2019

By

Prof. A.Nelson

DATE: 25/1/2019

Department of Civil Engineering conducted a expert lecture on "**COMPLEX STRESSES**" dated 24/01/2019 for B.Tech (CIVIL II year Students) as per the approval of Principal dated 16/01/2019.

Mr. G.Raju, Assistant Professor has introduced the invited speaker Prof A.Nelson (Text book author, Engineering Mechanics) to the participants by citing his profile and he was presented a flower bouquet. Prof A.Nelson addressed the gathering on the following concepts.

- i. Types to Stresses & Strains.
- ii. Principal Stresses.
- iii. Principal Strains.

He also addressed the students about the graphical representation also, i.e.. Mohr circle. And later there was a interactive doubts session went on for a period of 30mins before closing the session.

D.Ramachander, Assistant Professor has given concluding remarks and presented a memento to Prof A.Nelson.

The lecture strengthen the following POs & PSOs of the department:

PO 1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO 2: Problem analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO 3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO 12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Date: 16-03-2019

All the students of III B.Tech (ECE) are here by informed that a guest lecture on "Monitoring and Predicting Earth's and Space Environment Using Electromagnetic Methods" will be organized by of Department of ECE on 18th Mar, 2019 from 10:00AM to 12:00PM. All the III and IV year students are recommended to attend without fail.

Guest Lecture On : "Monitoring and Predicting Earth's and Space Environment Using Electromagnetic Methods"

Target Audience : IIIrd and IV year ECE students

Resource Person : Prof. Yashudie Hobara, Head and Professor, Center for Space Science and Radio Engineering, Department of Eng and Informatics, Tokyo, Japan

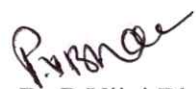

Date : 18-03-2019

Time : 10:00 AM to 12:00 PM

Venue : IInd floor Seminar Hall, Block I,

Organized by : Dr.Satya Srinivas, Associate Professor.

Dr.Satya Srinivas,

Report: Prof. Yasuhide Hobara Visit to GCET
Head and Professor, Center for Space Science and Radio Engineering,
Department of Communication Engineering and Informatics,
Graduate School of Informatics and Engineering,
University of Electro-communications, Chofu, Tokyo 182-8585, Japan.

Theme: 'Monitoring and Predicting Earth's and Space Environments Using Electromagnetic Methods'

Objectives: To strengthen research activities at GCET for: (i) Research collaboration, (ii) MOU and (ii) Joint R&D projects

Prof. Dr. Udaya Kumar, Principal and Prof. Harikumar, HoD ECE, GCET have welcomed Prof. Yasuhide Hobara

Dr. V. Satya Srinivas introduced Prof. Yasuhide Hobara to Prof. Prof. R. S. Raju, Prof. Siva Kumar and other faculty members of the department

Prof. R. S. Raju, Dean R&D GCET greeted with Bouquet

About Prof. Yasuhide Hobara:

Professor Yasuhide Hobara joined the Department of Communication Engineering and Informatics, Graduate School of Informatics and Engineering in The University of Electro-Communications (UEC) in 2009.

Following his graduation from the UEC in 1997, he worked at various different educational and research institutes such as Institute of Applied Physics Russian Academy of Sciences in Nizhny Novgorod, Earth observation research center, JAXA, Laboratoire de Physique et Chimie de l'Environnement et de l'Espace Centre National de la Recherche Scientifique (France), Swedish institute of space physics (Sweden), The university of Sheffield (United Kingdom), and Tsuyama National College of Technology (Japan). Terrestrial and space electromagnetic environment is his main field of research such as space plasma physics, seismo-electromagnetics, atmospheric electricity from ground-based and satellite measurements.

Currently he engages in both experimental and theoretical research projects to understand the physical mechanisms of Lithosphere-Atmosphere-Ionosphere Coupling (LAIC) including seismo-ionospheric perturbations by operating the UEC VLF observation network, FDTD numerical computations to simulate electromagnetic wave propagations. His research will contribute to monitor and predict the Earth environment and mitigate the natural disasters. He is a head of the Center for Space Science and Radio Engineering, Earth Environment Research Station, Research station on seismo-electromagnetics in UEC.

Activities and Discussion:

- Discussion with Prof. R. S. Raju and Dr. V. Satya Srinivas about the present R&D activity at GCET and possible collaboration in allied areas of Prof. Hobara research field. Prof. R. S. Raju discussed about execution of MoU.
- Guest lecture is organized for 2nd Year ECE students and faculty on Monitoring and Predicting Earth's and Space Environments Using Electromagnetic Methods'.
- Prof. Yasuhide Hobara visited Lidar/GNSS R&D lab, Dr. V. S. S demonstrated the salient features of multi-frequency GNSS receivers and VLF receivers and ongoing R&D with respect to solar flare detection and ionosphere responses using measurements of GNSS and VLF.

Action points:

- Collaborative research on seismic activity using electromagnetic methods using data sources of GPS (TEC), ULF and VLF measurements. – Dr. V. Satya Srinivas and Team.
- MoU with center for Space Science and Radio Engineering (SSRE), Univ. of Electro-Communication (UEC), Japan. – Dr. V. Satya Srinivas and Dr. R. S. Raju

Summary of guest lecture:

Prof. yasuhide Hobara elaborated on on-going research activities under his headship. Mentioned that the following areas are key focus of the Center for Space Science and Radio Engineering (SSRE),

1. Space environment science
2. Satellite Communication
3. Earth environment observation
4. Electromagnetic compatibility

The main emphasis is on computer modelling of electromagnetic phenomena in space and atmospheric environments. In his talk on 'Monitoring and Predicting Earth's environment by Electromagnetic methods', the following three aspects were addressed:

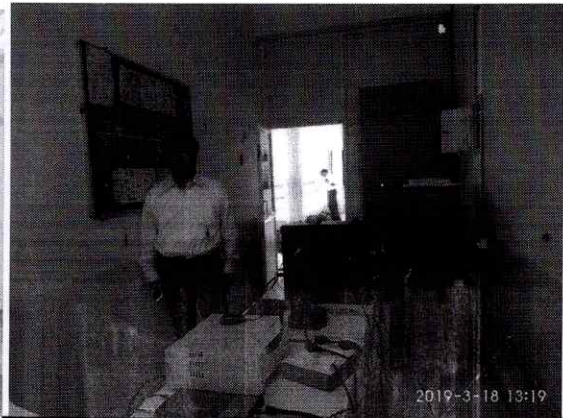

1. Lightning discharges and related phenomena
2. Electromagnetic Phenomena with seismic activity
3. Solar activity and geo-space environment.

Discussed how the ELF transient observations are used to remote sense high energy lightnings to obtain the most important properties of lightning discharges; the charge moment changes (CMC (Qds)). Prof.Hobara mentioned that lightning discharges with large CMC are recognized as a proxy of transient luminous events (TLEs) such as red sprites, that can be estimated by ELF EM waves. The red sprites observed from UEC in the Hokuriku area during the winter thunderstorm activity is shown. To deduce the detailed spatiotemporal lightning distribution with CMC around Japan and Asian region, more ELF observation stations are being installed in Japan (Hokkaido, kagoshima etc.). The stations under Japanese total lightning detection network (JTLN) operated by UEC were shown. The damage due to energetic lightening is critical when $Q > \text{few hundred C}$. Dramatic increase of total lightening activity before tornado is elaborated. Presented Seasonal dependence of lightning distribution observed by DEMETER satellite and ELF waves. Demonstrated how the ELF/VLF amplitude data is useful for monitoring ionospheric perturbations with respect to earth quake occurrences. Also mentioned this analysis is important to understand lithosphere-atmosphere-ionosphere (LAI) coupling process. Prof. Hobara said that the success rate in this aspect so far is about 50%. Further, briefed the significance of space weather forecasting for accurate prediction of lower ionospheric conditions. The slides shared by prof.Hobara are enclosed for more details, which contain the case studies and results for certain events.

The Invited talk has strong correlation to the courses EMTL and AWP for the students in 2nd year II semester and 3rd Year I semester (AWP) respectively.

The course outcomes addressed by this guest lecture are:

CO1 and CO2 of Electromagnetic Theory and Transmission Lines (EMTL) course:

CO 1. Explain the concept of static electric and magnetic fields and their implications.

CO 2. Explain Maxwell's equations and their applications in static and time varying electric and magnetic fields.

CO5 of Antenna and Wave Propagation (AWP) course:

CO5. Explain the mechanisms of wave propagation and atmospheric effects on radio wave propagation.

The POs covered include PO1, PO2, PO3 and PO4.

- 1. Engineering Knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- 2. Problem Analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- 3. Design/ Development of Solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- 4. Conduct investigations of Complex Problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

Head of The Center for Space Science and Radio Engineering
 Head of The Earth Environment Research Station
 Head of The Research station on seismo-electromagnetics

■ Biopic

Professor Yasuhide Hobara joined the Department of Communication Engineering and Informatics, Graduate School of Informatics and Engineering in The University of Electro-Communications (UEC) in 2009.

Following his graduation from the UEC in 1997, he worked at various different educational and research institutes such as Institute of Applied Physics Russian Academy of Sciences in Nizhny Novgorod, Earth observation research center, JAXA, Laboratoire de Physique et Chimie de l'Environnement et de l'Espace Centre National de la Recherche Scientifique (France), Swedish institute of space physics (Sweden), The university of Sheffield (United Kingdom), and Toyama National College of Technology (Japan). Terrestrial and space electromagnetic environment is his main field of research such as space plasma physics, seismo-electromagnetics, atmospheric electricity from ground-based and satellite measurements.

Currently he engages in both experimental and theoretical research projects to understand the physical mechanisms of Lithosphere-Atmosphere-Ionosphere Coupling (LAIC) including seismo-ionospheric perturbations by operating the UEC VLF observation network, FDTD numerical computations to simulate electromagnetic wave propagations. His research will contribute to monitor and predict the Earth environment and mitigate the natural disasters. He is a head of the Center for Space Science and Radio Engineering, Earth Environment Research Station, Research station on seismo-electromagnetics in UEC.

■ Research Interests

Total Lightning, Space Plasma, Ionospheric perturbations, Seismic activity, Satellite Observation, GLIMS, Space Weather, wind gust, extreme weather, VLF/ELF, Whistler, Ionosphere, DEMETER, Lightning charge moment

SUB: "Guest Lecture on CMOS Testing for III B.Tech(ECE) Students on 16/03/2019" in association with IEEE CAS Student Chapter, GCET - Regarding

Respected Sir,

As part of VLSI Design Course, a guest lecture is planned on **16th March, 2019 (3:30-5:30PM)** for III B.Tech (ECE) Students to cover the topics related to **CMOS Testing** in detail. This will impart a through practical exposure to students in this domain, wherein there are several attractive job opportunities available currently. For this purpose, we have planned to invite Mr.Avinash Yadlapati, Senior Director, M/s Mirafra Technologies as resource person. Honorarium of Rs. 3,000 + Rs.1000 for transport is planned to the resource person. We also require transport for about 200 students and faculty members.

I request you to kindly approve this proposal.

Thanking you sir,

Yours Sincerely,

→ Forwarded to Principal

Circular

It is hereby informed that a **Guest Lecture** is planned to be conducted in our college for students of **III B.Tech (ECE)** on **“CMOS Testing”** on **16th March, 2019** from **3:30PM to 5:30PM** in association with **IEEE Circuits and Systems (CAS), Student Chapter, GCET**. This Guest Lecture will enhance the students' knowledge in CMOS Testing. Hence, all students and associated faculty are instructed to attend the lecture without fail. Transport will be arranged.

Report
of
“Guest Lecture on CMOS Testing”

in collaboration with IEEE CAS Student chapter-GCET

Organized by Department of ECE

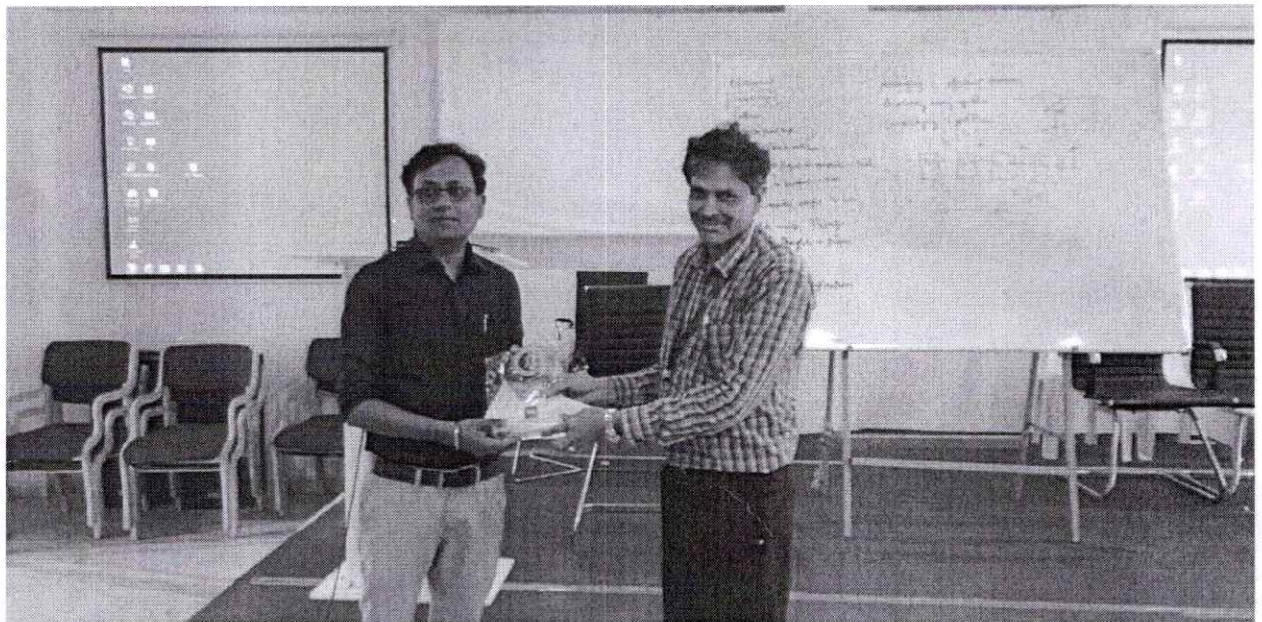

Date:16 Feb-2019

Time:3:30 PM TO 5:30PM

- No. of Student Participants: 120
- Target Students: III B.Tech II SEM-ECE
- No. of IEEE Student Member participants: 6
- Registration Fee: Nil

About Speaker:

Mr.AvinashYadlapati, with 15 years of experience in ASIC Design, Verification and Implementation (Synthesis & Timing Closure).He worked extensively on Industry standard tools like Synopsys VCS, VCSMX, Cadence NCSIM, Mentor Tools, Synopsys Design Compiler, Synopsys Prime Time and IBM Einstimer. He has 10 years of Industry experience in the ASIC Front End design activities like RTL Coding, Verification, Synthesis and LEC and close to 4 years experience in

LETTER OF APPRECIATION

Mr.Avinash Yadlapati, Senior Director, M/s Miraфра Technologies as a **Resource Person**, has successfully delivered a lecture on “**CMOS Testing**” on 16th March 2019 organized by the Department of ECE and Coordinated by Group Head, VLSI: Prof O.V.P.R Siva Kumar, as part of improving Teaching-Learning Process for the students.

The technical content delivered by him was well received by the student participants of the workshop and they felt enriched with the exposure to the field practices as well.

Mr.Avinash’s efforts are hereby appreciated.

(Dr. Udaya Kumara Susarla)

REPORT ON THE GUEST LECTURE

“Blue Print for Career Success and Personal Effectiveness”

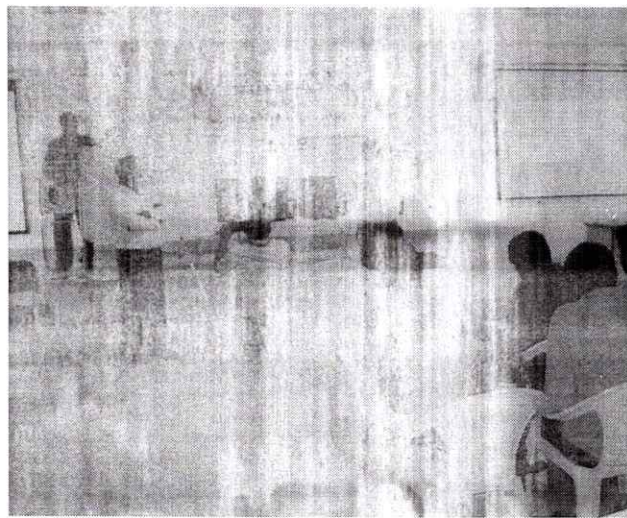

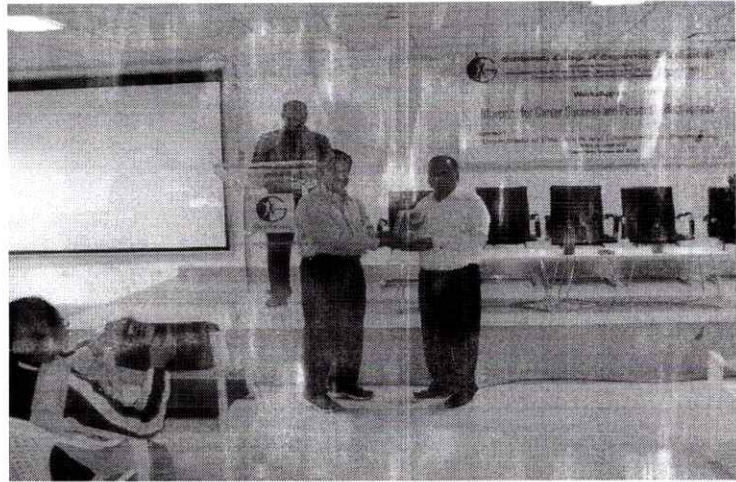

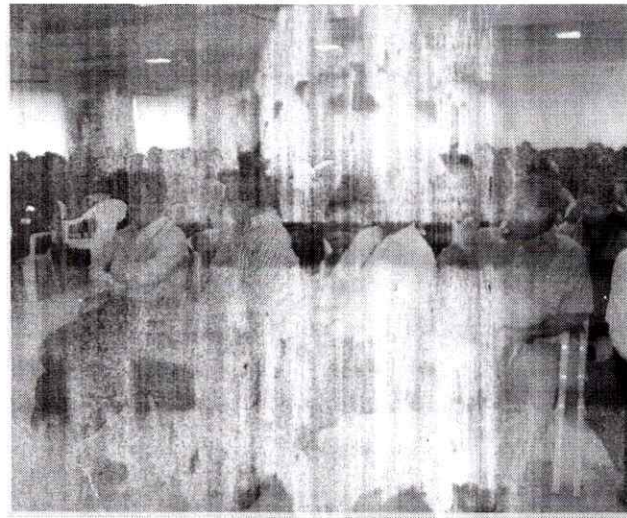

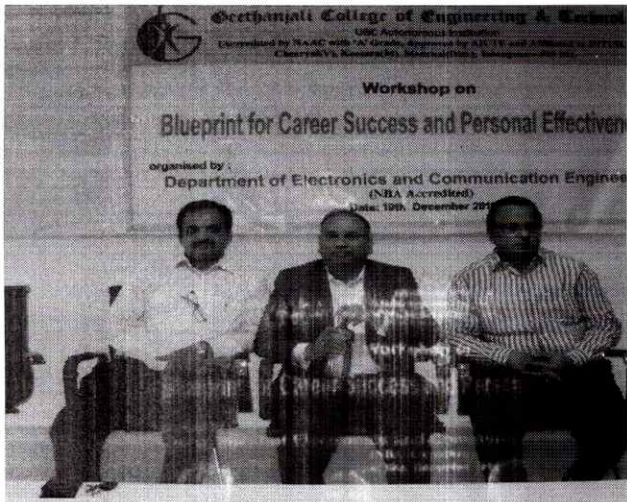

HELD ON 19TH DECEMBER 2018

Department of ECE, Geethanjali College of Engineering and Technology organized a guest lecture on “Blue Print for Career Success and Personal Effectiveness” on 19th December 2018 in Block –I Seminar Hall for II and III ECE Students (A,B,C,D& E sections) in two sessions from 10AM to 12:30PM (III years) and from 1:00PM to 3:30PM (II year). The speaker was **‘Mr.Mallesh Annamaina’** who is a motivational speaker and a psychologist who has also shared a platform with our former president of India Dr. APJ Abdul Kalam. He has also written a book on “The secrets of self confidence is revealed” which is going to be released very soon and from which he has shared few things.

More than 200 students per session were there in hall with a little bit noisy. The seminar was started with an activity of “Be alert!” where in the students had to clap only when he called out the number “3” together, but not on any other number. This activity was to re-boost the energy and attentiveness of the students in order to be alert, and the hall is with pindrop silence.

He told a story on which the moral was “small things do matter in life” and gave us an example of salt in sambar, and a refill in a pen. He told us the difference between effectiveness and efficiency, winners and champions and concluded the question like “WHAT, WHY & HOW?” matter in life for decision making. Then students had an activity on bahubali game where they have to think a number in mind and clap as many as possible after fixing a number he made students do the activity practically with a prompt of start and stop, from this activity it was proved that we can do better than what we think and not to underestimate ourselves. He told students to involve 100% in whatever work we do in every step of life without making any excuses. He also explained the concept of MAD(Make A Difference). He also spoke about fear and how to overcome it by explaining the definition of courage.

Cheerla (V), Keesera (M), Manchal Dist.(T.S.)-501 301.

Students enjoyed the session and learnt many things as mentioned and would look forward for many seminars as such which would provide them motivation and encouragement. We thank the college management for conducting such session.

We received a very good feedback from the students and they expressed their views to conduct more number of workshops in future.

This Guest lecture meets PEO3 to inculcate positive attitude Professional ethics, and interpersonal skills which would facilitate students to succeed in their lifes.

Outline

- Abstracting and Indexing
- Citation indexing Data bases
- Benefits of Citation Indexing
- Top most Citation indexing database /services/tools
 - a) Web of science
 - b) Scopus
 - c) Google Scholar
- Journal Ranking /Metrics
- Author Level Metrics
- Top most Publishers
- Journal Selection Criterion
- Examples for verification of various details
- Suggestions

Abstracting

- An abstracting service is a service that provides abstracts of publications, often on a subject or group of related subjects, usually on a subscription basis.
- For Example, IEEE xplore is an abstracting service.

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Kousara (M), Medchal Dist.(T.S.)-501 301.

Need of indexing

A research article/Journal must be indexed by one or more leading databases. In order

- to known as an authoritative source of scientific information
- to stand out from among many other publications that are crowding the publishing space
- to increase their visibility, availability, and readership.

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Keesara (M), Medchal Dist.(T.S.)-501 301.

Indexing

- Indexation of a journal is considered as a reflection of its quality.
- Indexed journals are considered to be of higher scientific quality as compared to non-indexed journals.
- Indexed journal means those journals indexed by secondary services. For different fields, there are different abstracting and indexing services.
- For example PubMed is one for biomedical journals.
- Some databases index titles, some index full articles while some others index only the abstract and/or references.

Citation indexing

- A citation index is an index of citations between publications, allowing the user to easily establish which later documents cite with earlier documents.
- There are several citation index databases include Scopus, Web of science, Google scholar, DOAJ, EBSCO, INSPEC, Cambridge scientific abstracts, ProQuest, EI Compendex, Citeseer, DBLP, SCIRUS, Index Copernicus, CiteFactor, Worldcat, Scribd, Cross ref, BASE, SIS, ACM Digital Library, PubMed and MedLine

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheerayal (V), Keerasam (M), Medchal Dist.(T.S.)-501 301.

Distinction between "citation" and "reference"

- If Paper R contains a bibliographic footnote using and describing Paper C, then
 - R contains a *reference* to C,
 - C has a *citation* from R.
- The number of citations a paper has, is found by looking it in a ***citation index*** and referring how many other's papers mentioned in it."

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheerayal (V), Keosara (M), Medchal Dist.(T.S.)-501 301.

Benefits of Citation Indexing

- Helps to know the research potential of an individual or an organization or a country
- Helps to get associated/ connected with the similar core areas of various research fields
- NIRF is utilizing these database for Ranking the institutions
- Funding agencies takes citation indexing into consideration while sanctioning the sponsored /consultancy research projects
- Helps the institutions where they stand in terms of research among other institutions

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheerla (V), Keesara (M), Medchal Dist.(T.S.)-501 301.

History of citation indexing

- Eugene Garfield introduced the first citation index for papers published in academic journals in the year 1960 by the Institute for Scientific Information (ISI).
- ISI Started with the Science Citation Index (SCI)(1964), and later the Social Sciences Citation Index (SSCI) and the Arts and Humanities Citation Index (AHCI).
- ISI was acquired by Thomson Scientific & Healthcare in 1992 and became as Thomson ISI.
- Later by Thomason Reuters ,till 2016
- ISI ->Thomson ISI -> ISI WEB OF KNOWLEDGE(Key feature of Thomson Reuters) -> WEB OF SCIENCE

History of citation indexing (cont..)

- **Web of Science** is an online subscription-based scientific citation indexing service originally produced by the Institute for Scientific Information (ISI) .
- It is run by **Clarivate Analytics** from 2016
- Web of Science has indexing coverage from the year 1900 to the present.

History of citation indexing (cont..)

- **Scopus(2004)** is the world's largest **abstract and citation database** of journals, books and conference proceedings, covering research topics across all scientific and technical disciplines. It is run by **Elsevier**
- **Google scholar (2004)** is a freely accessible web search engine that indexes the full text or metadata includes most peer-reviewed online academic journals, books, conference papers, theses and patents. It is run by **Google**.

Journal Ranking /Metrics

- **Journal impact factors (JIF) by JCR**
- **CiteScore**
- **SCImago journal rank (SJR)**
- **h5-index**
- **Eigenfactor**

PRINCIPAL
Geethanjali College of Engg. and Tech.
Choeryal (V), Keesara (M), Medchal Dist.(T.S.)-501 301.

Journal impact factors (JIF)

- The impact factor (IF) or journal impact factor (JIF) of an academic journal is a measure reflecting the yearly average number of citations to recent articles published in that journal BY JCR.
- Journal Citation Reports (JCR) is an annual publication by Clarivate Analytics. It has been integrated with the Web of Science and is accessed from the Web of Science-Core Collections

$$\text{Impact Factor 2017} = \frac{\text{Number of citations (2015 – 2016)}}{\text{Number of articles (2015 – 2016)}}$$

Journal Citation Report

The screenshot shows a web browser window with the following elements:

- Browser Tabs:** "The 2018 JCR is here! - Clarivate", "Inbox (1,412) - narsimhu ucv@...", "Microsoft PowerPoint - Hanci...", "Microsoft PowerPoint - Hanci..."
- Address Bar:** <https://clarivate.com/blog/science-research-connect/the-2018-jcr-release-is-here/>
- Clarivate Analytics Header:** Logo and navigation menu (Products, Specialty, Newsroom, Training, About, Blog).
- Blog Post Header:** "The 2018 JCR is here!" dated June 26, 2018, by Jennifer Minnick, Product Manager, TRICIS.
- Text Content:**

Science Research Connect

Clarivate Analytics is pleased to announce that the 2018 *Journal Citation Reports* (based on 2017 data) has been released today. The latest update to the JCR includes 11,655 total journals across 234 disciplines and 80 countries. On average, Journal Impact Factor scores increased by 1.7%.
- Share Buttons:** Facebook, Twitter, Google+, and a plus sign for more options.
- Image:** "Journal Citation Reports 2018" logo with the text "2018 release based on 2017 data".

h5-index

- h5-index is calculated for a journal rather than an author, over a 5 year period.
- h5 of 10 means that during the past five years a journal has published 10 articles which were each cited at least ten times
- h5- index is calculated by Google scholar.

Eigenfactor

- ***Eigenfactor*** is calculated based on the number of times articles published in the past five years have been cited in the JCR year.
- References from one article in a journal to another article from the same journal are removed, so that *Eigenfactors* are **not influenced by journal self-citation.**
- An Article influence score greater than 1.00 indicates that the articles in a journal have an above-average influence in the journal's subject category.
- Eigenfactor metrics are freely available

Source Normalized Impact per Paper (SNIP)

- SNIP measures contextual citation impact by weighting citations based on the total number of citations in a subject field using **Scopus data**.
- SNIP is the ratio of a source's average citation count per paper, and the 'citation potential' of its subject field.
- It aims to allow direct comparison of sources in different subject fields.

Author level indexing

- **h-index, or Hirsch index**, measures the impact of a particular scientist rather than a journal. It takes into account the number of papers published and the number of citations received by these papers resulting in a single number rating.

For example, a scholar with an h-index of 5 has published 5 papers, each of which has been cited by others at least 5 times.

- **i10-index** is a metric used in Google Scholar profiles for measuring the impact of an author's publications.

i10-Index = the number of publications with at least 10 citations.

Examples for verification of various details

Verification of abstracting and indexing

The screenshot displays a web browser window with the URL <https://www.elsevier.com/journals/signal-processing/0165-1684/abstracting-indexing>. The page features the Elsevier logo and a search bar. The main content area is titled 'Abstracting and Indexing' and lists various databases and services. On the left, there are buttons for 'Submit your paper', 'Guide for authors', and 'Track your paper'. A navigation menu on the right includes 'View Cart', 'Account Login', and 'Help and Contact'. The Windows taskbar at the bottom shows the system clock as 8:31 AM on 9/8/2018.

Verification of Author Wise Publications in Scopus

The screenshot shows the Scopus Author search results for the author Venkata Narasimhulu C. The page displays the author's name, a brief explanation of the Scopus Author Identifier, and a table of publications. The table includes columns for Source title, Author, Documents, Subject area, Affiliation, City, and Country/Territory. The author's name is listed as Narasimhulu, C. Venkata, with 3 documents in the field of Computer Science; Physics and Astronomy; Mathematics. The affiliation is Geethanjali College of Engineering and Technology, located in Hyderabad, India.

Author last name "Narasimhulu", Author first name "C Venkata"

[Edit](#)

The Scopus Author Identifier assigns a unique number to groups of documents written by the same author via an algorithm that matches authorship based on a certain criteria. If a document cannot be confidently matched with an author identifier, it is grouped separately. In this case, you may see more than one entry for the same author.

Web of Science™ gives you access objective content and powerful tools to search, track, measure and collaborate in the sciences, social sciences, arts, and humanities. This multidisciplinary research platform lets users search numerous databases simultaneously via one interface.

WEB OF SCIENCE™ CORE COLLECTION >

Provides access to the world's leading citation databases, with multidisciplinary information from over 12,000 high impact journals and over 160,000 conference proceedings from around the world. Includes powerful cited reference searching, the Analyze Tool, over 100 years of comprehensive backfile and citation data.

CHINESE SCIENCE CITATION DATABASE >

Clarivate Analytics partnered with the Chinese Academy of Sciences to host the Chinese Science Citation Database on the Web of Science. This database is comprised of almost 1,100 top scholarly publications from China, with nearly two million records in total.

CURRENT CONTENTS CONNECT® >

No other database offers this level of accuracy and detail on such a multidisciplinary scale. For researchers, the confidence to pursue a research path without missing any critical data is essential.

Example (cont..)

The screenshot shows a web browser window with the ORCID iD profile of C Venkata Narasimhulu. The browser tabs include 'Mendeley - Reference Manager', 'ORCID', and 'h5 index journal - Google Search'. The address bar shows 'https://orcid.org/my-orcid'. The ORCID logo and tagline 'Connecting Research and Researchers' are visible. The profile name is 'C VENKATA NARASIMHULU'. The ORCID ID is 'https://orcid.org/0000-0001-9467-0635'. The biography states that Dr. C Venkata Narasimhulu is supervising four Ph.D. research scholars at JNTUK, Kakinada, Andhra Pradesh, since 2014. He has published several research papers and guided more than 30 UG and 15 PG projects. He is a Senior Member of IEEE, Life Member of IETE, Member of IE(1) and ISTE. He is currently an Executive Committee member of IETE Hyderabad Center, India. He has taught several courses including Signals and Systems, Digital Signal Processing, Digital Image Processing, and video processing for UG and PG students. He has conducted several Faculty Development Programmes, Technical Exhibitions, and Workshops. He has attended several training programs in reputed institutions of higher learning. He also served as Head of the Department and Principal in Lakireddy Bali Reddy Engineering College, Geethanjali College of Engineering & Technology, and Hasvitha Institute of Engineering & Technology, all of which are affiliated to JNTU, Hyderabad.

The 'Education' section shows one entry: 'Jawaharlal Nehru Technological University - Kakinada: Kakinada, Andhra Pradesh, India' from 2013-05-23 to present, with a Ph.D. in Electronics and Communication Engineering. The source is listed as 'C VENKATA NARASIMHULU'. A blue stamp is overlaid on the bottom right of the page, reading 'Geethanjali College of Engg. and Tech. Cheerla (R), Narsara (M), Medchal Dist (T.S.R) 301. PRINCIPAL'.

Example (cont..)

The image shows a screenshot of a web browser displaying the Mendeley homepage. The browser tabs include 'Mendeley - Reference Manager', 'ORCID', and 'HS index journal - Google Search'. The address bar shows the URL 'https://www.mendeley.com/homepage5/?switchedFrom='.

The Mendeley website features the following text:

- Meet Mendeley**
- Your Reference Manager**
- Manage References
- Cite and Generate Bibliographies
- Organize Your Papers
- Word and Libre Office plugins
- Sign up for free
- Available for Windows, Mac and Linux
- Or simply sign in to use Mendeley Web for free

An inset window shows the Mendeley Desktop application interface. It includes a sidebar with 'MY LIBRARY' and 'MY RECENTLY READ' sections. The main area displays a list of documents with columns for 'All Documents', 'Title', 'Year', 'Published in', and 'Add'. The selected document is 'Evaluating machine learning approaches for the interpolation of monthly air temperature at Mt. Kilimanjaro, Tanzania' by T. Appelhans, E. Mwangi, and D. Hardy.

The desktop taskbar at the bottom shows the system clock as 4:07 PM on 9/14/2018.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

CIRCULAR

Date: 12-09-2018

All the students of III B.Tech (ECE) are here by informed that a guest lecture on "Microprocessors and Microcontrollers" will be organized by group IV of Department of ECE on 15th Sep, 2018 from 10:30AM to 12:30PM. All the III year students are recommended to attend without fail.

Guest Lecture On : **"Microprocessors and Microcontrollers"**
Target Audience : IIIrd year ECE students
Resource Person : Mr. Phani Kumar Varanasi, Founder and CEO Hanbit Automation, Cherlapally, Hyderabad.
Date : 15-09-2018
Time : 10:30 AM to 12:30 PM
Venue : Seminar Hall, Block II,
Coordinators : Mrs.G.Sreelakshmi & M.Laxmi.

Ms.G.Sreelakshmi,
Associate Professor

Prof. K.S.Rao,

To
The Principal,
GCET.

Sub: Request to give permission to conduct Guest-Lecture -Reg.

Respected sir,

The department of ECE, wants to organize a guest lecture in the field of "Micro processors and Micro controllers" on 15-09-2018 from 10:30 AM to 12:30 PM for the benefit of students. Presently III year students are undergoing this course. To enhance their knowledge we are planning to organize guest lecture. Ms. Bhavani, Assistant Professor, from MVSR Engineering College has been identified as Resource person for this lecture. An amount of Rs. 3000/- needs to be paid for the resource person as honorarium.

Hence I request you to give permission to conduct guest lecture.

Thanking you,

Your's faithfully,

→ Forwarded to Principal
for consideration.

REPORT ON THE GUEST LECTURE**“LATEST TRENDS IN MICROPROCESSORS & MICROCONTROLLERS”****HELD ON 15TH SEPTEMBER 2018**

The Group IV (Digital Electronics Group) of ECE Department, Geethanjali College of Engineering and Technology organized a guest lecture on “Latest trends in Microprocessors & Microcontrollers” on 15th September 2018 in Block –II Seminar Hall-1 for III ECE Students (A,B,C,D& E sections). The speaker was Ms.B.Bhavani from M.V.S.R.Engg College. The lecture started at 11:15 AM and ended around 12.30PM. The faculty coordinators for this program were Ms.G.Sreelakshmi and Ms. M.Laxmi, Assoc. Professor, ECE Department. The event started with briefing the importance of Microprocessors and microcontrollers, architectures and differences between Microprocessors & Microcontrollers . The speaker emphasized the importance of these in real time applications and latest trends in microprocessors & microcontrollers. The lecture was received with admiration by the students. Feedback was collected from the participants. 83% of students satisfied with this topic and suggested to conduct similar lectures in future on advanced topics.

A few photos of this program are attached below.

R&D/03

Report of Inauguration of IEEE Circuits and Systems (CAS) Student Branch in GCET and Guest Lecture by Prof.P.A.Govindacharyulu on 01/08/2018

The inauguration of the IEEE CAS Society, Student Branch Chapter of Geethanjali College of Engineering And Technology was held on 01/08/2018. The chief guest of the day was the Prof.P.A.Govindacharyulu, Former Director, GAETEC and Past Chair of IEEE CAS/EDC Hyderabad Section; Guest of Honour Mr.Avinash Yadlapati, Senior Director, Mirafra Technologies. The other dignitaries present were Dr.Uday Kumar Susarla, Principal; Sri O.V.P.R. Sivakumar, IEEE CAS Chapter Advisor; Sri S Vasu Krishna, IEEE SB Counselor.

The event commenced with ceremonious lighting of the lamp by the dignitaries, followed by prayer song.

The Principal welcomed all the dignitaries present on the dais, all other faculty members and the students, and spoke about participation of the college students in events of IEEE. He emphasized on creating a nexus between classroom learning and participation.

Immediately after this the planned activities of the chapter for the coming year were presented by Prof. O.V.P.R. Sivakumar, IEEE CAS Chapter Advisor. He motivated the students to take part enthusiastically in the events.

A short while later, the CAS Chapter formation letter at Geethanjali College of Engineering and Technology was released by the dignitaries and the Student Executive Committee of IEEE CAS Chapter was announced.

PRINCIPAL
Geethanjali College of Engg. and Tech.
Cheeryal (V), Kaesara (M), Medchal Dist.(T.S.)-501 301.

Prof. P.A.Govindacharyulu, Chief Guest was invited to give a guest lecture on “**VLSI Technology - Concept to Silicon**”. He threw light on the advancements that have been occurring over the decades in VLSI and asserted that thinking ahead of times and planning for inexistent technologies in the present time itself is of paramount importance.

At the end, vote of thanks was proposed by an IEEE CAS Student member, to the invited guests, faculty members, coordinators, participants for gracing the occasion by their solemn presence. It was followed by a photo session with all CAS Chapter members.

The inaugural ceremony concluded by honouring the guests with a memento and gift, as a token of remembrance.

Orientation Programme Report

Dr. Y. Shivarama Prasad, a leading Psychologist in the city, conducted a session on 'Workplace Etiquette' on 20/7/2018. He explained the term 'etiquette' with real life examples for the young engineers to connect with the topic easily. He later introduced the topic to make the students realize the need to learn, and follow workplace etiquette for a successful career growth.

The students enjoyed the session thoroughly as the speaker added situational humour.

Report on World Mental Health Day Celebrations

Freshman Engineering Department organized a guest lecture on 31-10-2018 as part of World Mental Health Day, observed on 10th October, every year.

The programme started by lightning of the lamp followed by Vandemataram. Prof. G.Neeraja Rani, Head of the department, explained the subtle difference between a Psychiatrist and a Psychologist. She suggested that the three lettered word EGO makes one's life miserable if it is untamed and successful if it is in the desired level.

Dr.Y.Shivarama Prasad, the speaker is a renowned Psychologist, President Telangana Psychologists Association, Hyderabad. He emphasized the importance of listening. He told a number of anecdotes to explain the importance of mental health. He informed the students about the evil effects of mobile phones and warned them to use them judiciously.

The lecture was well received by the students.

Convener

Dr.G.Neeraja Rani

Co- Convener

Dr.N.Subhadra.

Greetings from Geethanjali college of Engineering and Technology!
Sir

We are privileged to extend our earnest invitation to you to deliver a lecture on the topic " Importance and role of Mathematics in Engineering streams." on 13th Nov, 2018 from 10:00am to 11:30am.

We request you to accept our invitation and give your consent at the earliest.

Please find the attachment of our I B.Tech mathematics syllabus copy.

Thank you

With Regards
Dr.V.Suseela Triveni
Professor of Mathematics
Geethanjali College of Engineering and Technology

Report on Guest lecture (Prof A. Ramu)

A guest lecture titled “**Importance and Role of Mathematics in Engineering Streams**” was organized on 15th November, 2018 by Mathematics club of FE department for the benefit of B.Tech I Year students. Eminent speaker **Prof A. Ramu, Department of Mathematics, BITS, Hyderabad**, delivered the guest lecture.

He introduced the basics of mathematics and its importance in real life and also shown various examples to improve mathematical skills. He introduced the fundamentals of Matrices and discussed various applications of matrices in engineering field. He explained the importance of differential equations and also highlighted the real life applications of differential equations. He shown various examples to improve mathematical skills.

In the interactive session, he asked the students to solve different type of questions that enriched their knowledge. He also suggested several books for reference for better understanding of concepts.

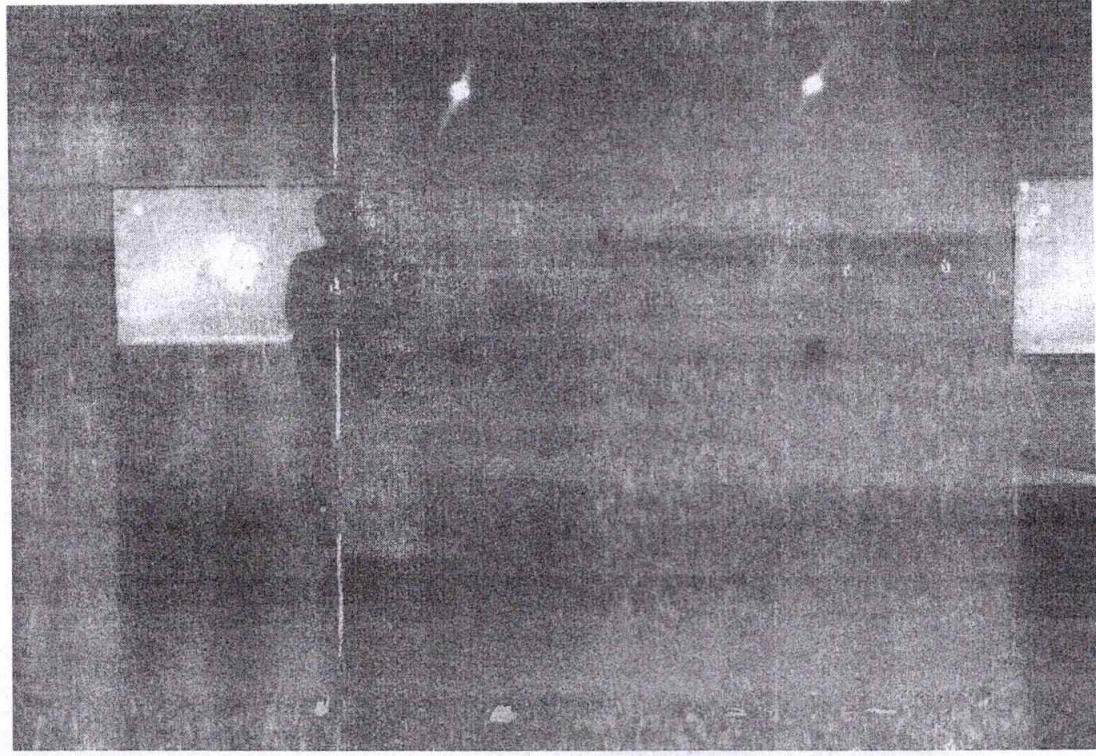

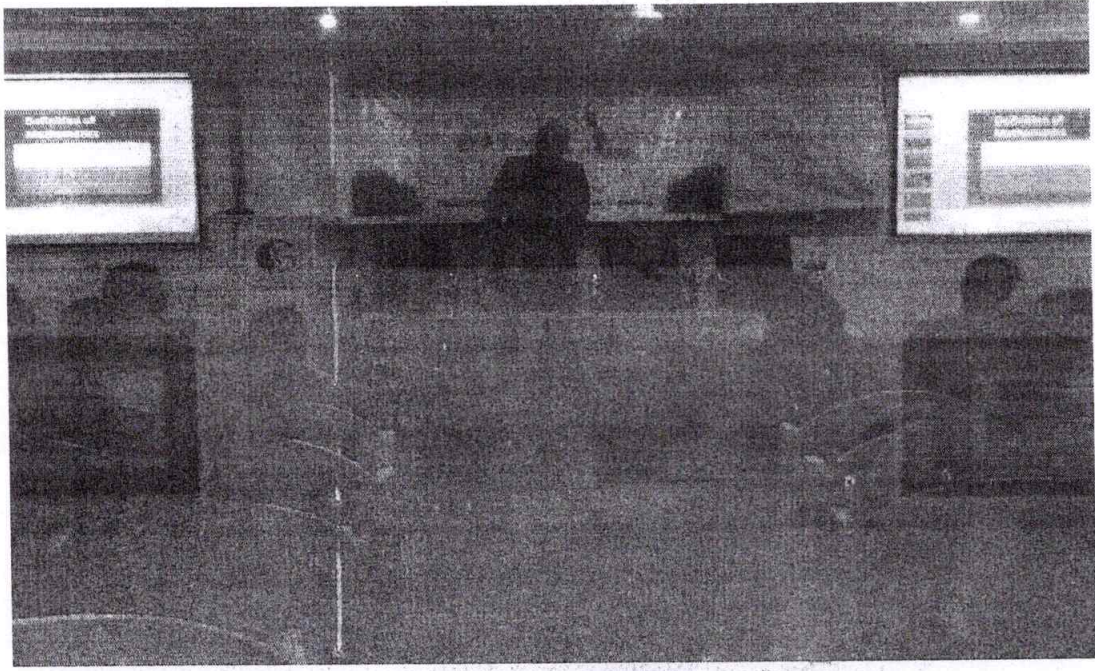

198 students from four different branches attended the session from 10.00 am to 11.30 am.

The feedback forms were also collected from the students who attended the guest lecture.

A Session on PCODs by Dr. Pallavi Prasad.

A report on the Session conducted exclusively for Girls on PCODs by Dr. Pallavi Prasad.

PCODs or Polycystic ovaries syndrome is a frequently occurring problem among girls ranging from the age 15-30. To create awareness on tackling this syndrome, a guest lecture session was organized by Dr. Madhumathi on 10th jan, 2019 in the afternoon session. It was a very interesting and informative session with a set of precautions to be implemented practically by these age group members. The resource person Dr. Pallavi informed the young girls to include in their timetable 3 hrs physical activities. To include more bending exercises and good intake of food. "One sesame laddoo a day "a must in their diet. She educated the students with practical health tips to improve their personality. Both students and staff participated in the session and Dr. Pallavi concluded the session by taking an assurance from the students that they would take care of their health.

Report on the Guest Lecture

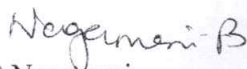

A guest lecture on 'Empowered Thinking is organized by the Centre for Soft Skills Development on 25th January, 2019 in the Seminar Hall-Block-II for I.B.Tech students. The guest speaker was Dr.Bhavana Nissima-Trainer-Innovator, CEO-Light weaver, Hyderabad.

The lecture was interesting and the speaker introduced practical examples which contrived present thinking patterns of professional students. She opined that controlled thinking can change the uncongenial surroundings to everlasting fruitful environment. The speaker demonstrated how the problems in life can be big enough to hit at. She felt the problems of youth are driving them to take hasty decisions and to avoid such circumstances, one should start thinking independently. The capabilities metamorphosed into actions which are believed, identified and skilful decisions are got hold of. The speaker also exhibited top-down strategies, highly structured examples to make the participants understand to think, 'impossible' to 'possible'. She reasoned the inflexible limitations of beliefs and proved the adage "What you think, you become."

The students were mesmerized with her innovative demonstration and participated actively throughout the session. The session was wound up with positive conclusion of setting positive goals, worked to achieve them and develop think-tank to achieve they aspire.

GEETHANJALI COLLEGE OF NENGINEERING AND TECHNOLOGY

A Report on the Guest Lecture on National Security and Citizens Role

22-02-2019

A Guest Lecture was organized by the Department of Freshman Engineering on the topic **National Security and the Citizens Role** on 22nd, February in the Seminar Hall Block II which ran for two sessions.

An eminent and towering personality, Vice Admiral Mr. Raman Puri and, a pioneer in Cyber Security Mr. Balaji Venkatesh were the renowned speakers of the day.

Mr. Raman Puri in his enchanting address dwelled around the idea of understanding sources for the mistakes committed by people of any Sovereign State and building faith on its leadership. He opined that the linear patterns of economic power should be rightly understood for maintaining National Security.

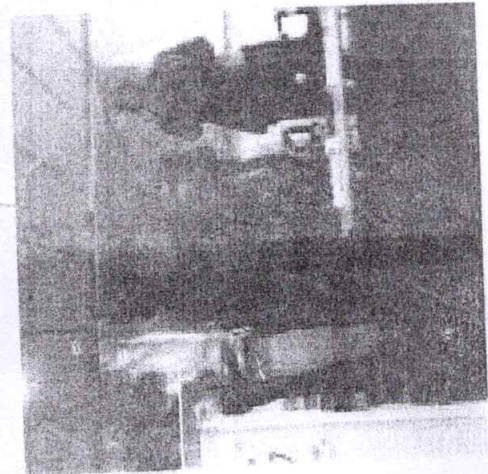

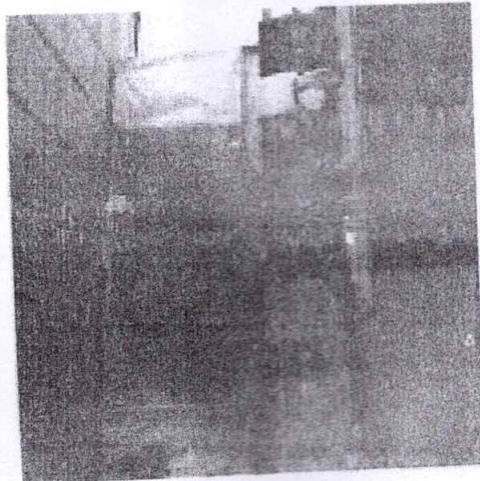

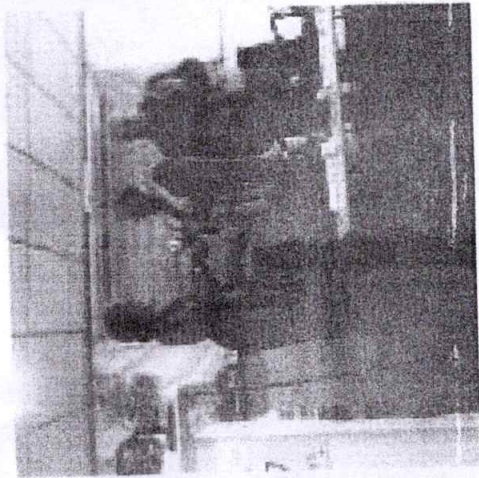

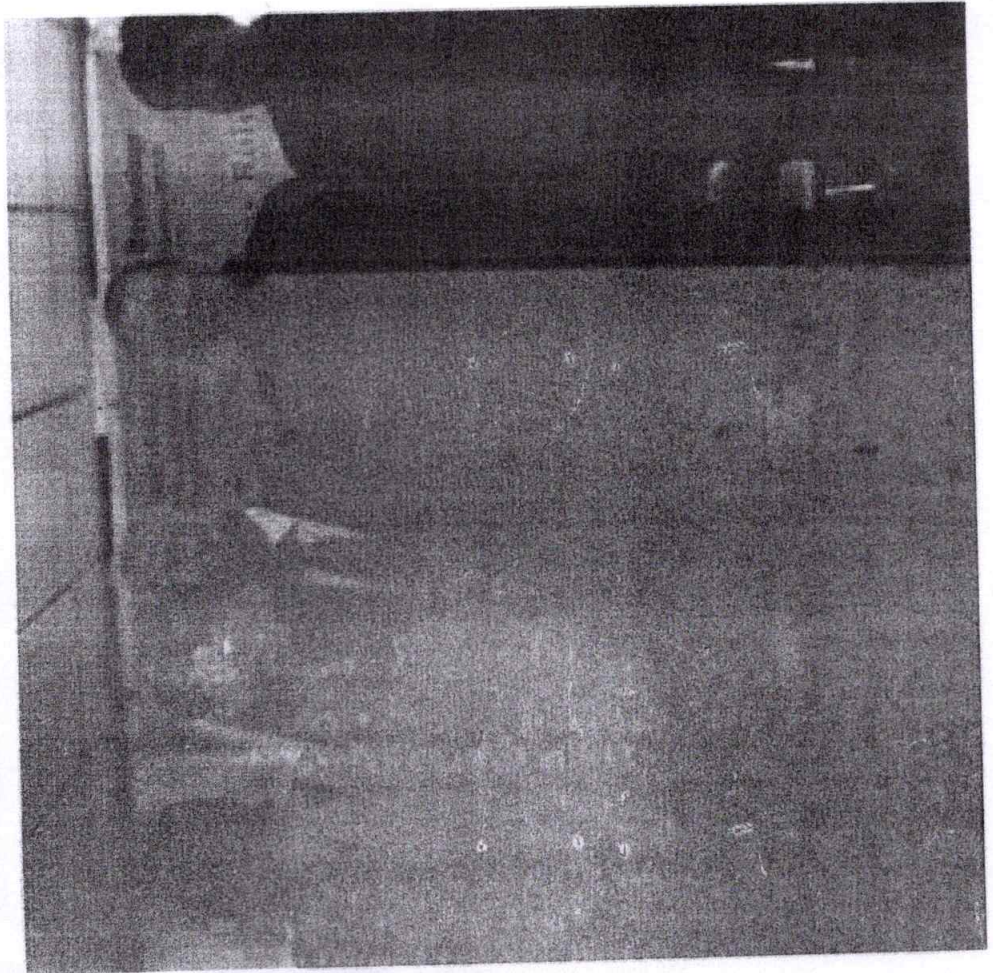

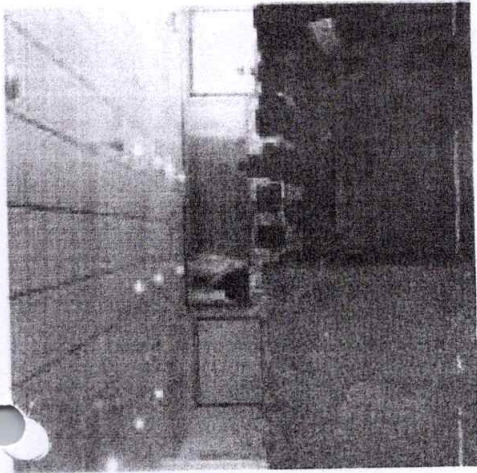

The speaker has presented a comprehensive overview of the Citizens Role in safeguarding the interests of National Security. He explained the 3 main levers of control lie with Political, economical and judicial areas of our country. He spoke on the mechanisms that control Security lie with Political, economical and judicial areas of our country. He spoke on the mechanisms that control Security. Security doesn't come with increase in power of people but from the awareness of people about various levers of controlling security. The primary focus of every citizen should be not only on franchising their vote rightly in selecting and electing their leader in a democratic set up like ours but also on participating actively in societal context. If the elected leadership is efficient, the National Security is not threatened. The economic and social challenges would be taken care of by good leaders. The speaker stressed the security threats that we face today. The foremost threat is from Cyber revolution. The Cyber Security is posing a big menace now. As engineers-in-make, the students should formulate strategies to counter the challenges of Cyber Crimes. As citizens of a Nation, all have to critically view the threats and should defend protective mechanisms. At the closing of speech, he said that unless the Citizens' wide spread outlook about various security levers, (Food, land, air and water etc..) is visualized, National Security can't be dreamt of.

Women's Protection Cell

Report

The Women Protection cell conducted an awareness program on Youth Sensitization on 13-03-2019 from 1:30 a.m. to 3:15 p.m. in the Seminar Hall of GCP.

Dr. V.S. Triveni, Presiding Officer WPC welcomed the gathering and introduced resource persons Dr. Arpitha Vellanky, Dentist and Behavioral Skill trainer.

Dr. Arpitha Vellanky addressed the gathering and gave valuable inputs regarding the behavior, dressing and attitude of students in various places. She explained how to dress up, how to behave and what kind of attitude to showcase in various places like temples, schools, colleges, family functions etc. Youth is one of the most dynamic and important segments of our society. They are the change agents to create an unbiased country. She cautioned both girls and boys about youth safety and protect themselves from bad habits like cigarette smoking drugs social media (exploitation). She advised girl students about identifying in Good touch and Bad touch. Without the involvement, enablement, and support of the younger populations of our country, it will not be able to address the several issues underlying gender equality today. And it was very interactive session students posed many queries and she replied very happily to their queries. 185 students attended the program and participants felt very happy by interacting with resource person. And it is very happy that she accepted to be external member of WPC.

Geethanjali College of Engineering and Technology AUTONOMOUS

(Accredited by NBA, Approved by AICTE, New Delhi)
Sy.No. 33 & 34, Cheeryal (V), Keesara (M), Medchal District - 501 301

From

The Head of the Department,
Department of CSE,
GCET.

To

Dr. Srinivasa Rao Dammavalam,
Associate Professor, IT Department,
VNRVJIET, Hyderabad.

Dear Sir/madam,

We thank you for delivering a guest lecture on "DATA STRUCTURES" for the II year
at Geethanjali college of Engineering and Technology on 20th September-2018.

Your presentation brought new insight from the applications of **DATA STRUCTURES** and
motivated the students to do well in the subject and project work.

Thanking you sir/madam.

Yours Sincerely

20/9/18
Dr. B.V.Swathi,
HOD-CSE,
GCET.

A Report on
Guest Lecture on Data Structures

Objective: to enhance the problem solving skills among students

Outcome: This Lecture helped the students to gain sufficient knowledge on various algorithms

Department of Computer Science & Engineering organized guest lecture for the 2nd year students of CSE topic "**Data Structures**" on 20.09.2018. The guest lecture was delivered by Dr.D.Srinivasa Rao, Assoc. Professor, Vallurupalli Nageswara Rao Vignana Jyothi Institute of Engineering and Technology (VNRVJIET)

The session started from the very basics of data structures, maturing smoothly with the introduction of stacks, queues and linked lists. Mr. Rao told that IT industry basically tests the thought process in interviews and your thought process will be sound if you are good at data structures. He provided an insight into the topic of hashing data structures which is not the core part of syllabus but is very much required in the companies.

Session was very interactive as students also participated with enthusiasm. Overall it proved to be a two way interaction in which students were very comfortable with the speaker and asked their queries without hesitation. Mr. Rao answered all the queries . He encouraged the students to focus on the data structures as it will strengthen their conceptual knowledge.

The Lecture was attended by more than 90 students.

A Guest Lecture on “**Data Analytics**” is organized by CSE Dept.as per the details given below

Date : 27-09-2018
Time : 1:30 pm to 3:30 pm
Venue : Seminar Hall ,Block 1
Target Audience: III B.Tech,CSE Students
Resource-Persons: Dr.K.P.Supreethi,Professor,Dept of CSE,JNTUH
Coordinator: Mr.N.Chandra kanth,Prof,CSE Dept.

All students are strictly instructed to attend the Session.

To
The Principal
GCET.

Respected Sir,

There is a guest lecture of Dr. Supreeti
Madam for III year students on "Big Data".
I request you to please approve a honorarium
of Rs. 5000/- to be given to the guest.

Thanking You Sir,

Regards.

A Report on
Guest Lecture on Data Analytics

Objective: To explore the fundamental concepts of big data analytics and to optimize business decisions

Outcome: students have gained sufficient knowledge on types of data and transformations

A Guest lecture on data analytics was organized by CSE Department on 27th September, 2018 for the 3rd year CSE students. The speaker for the session was Dr.K.P.Supreethi, Professor, Dept of CSE, JNTUH

The speaker started off the session by saying that technology and management goes hand in hand and if we apply science to management, our productivity will increase. she said the reason why big data came into the industry is because of the demand and supply since the data is growing exponentially in zeta bytes and also when data is coming into system it is taking too much time of processing and system space.

She introduced the students to the three types of data that we encounter daily and they are structured, semi-structured and unstructured data. she said that there are three types of transformation and they are business transformation, process transformation and technology transformation. she also explained about the eight service delivery management functions in an organization and those are Major Incident Management, Problem Management, Service Governance and Review, Reporting and Analytics, Service Catalogue, Escalation Management, Capacity Management, and Service Onboarding out of which the current focus is on Reporting and Analytics. There is a desire to change the current manual work being done at the organizations and hence there is a huge demand increase to automate the process.

CIRCULAR

Date: 28-09-2018

A Power Seminar on “**Big Data Analytics**” is organized by CSE Dept.as per the details given below

Date : 29-09-2018
Time : 10:30 am to 12:30 pm
Venue : Seminar Hall ,Block 1
Target Audience: III B.Tech,CSE Students
Resource-Persons: Mr. Sharat Babu,Director, Product Development,Oracle,Hyderabad
Mr.Dinakar,Staff Engineer,Xilinx,Hyderabad
Coordinator: Mr.N.Chandra kanth,Prof,CSE Dept.

All students are strictly instructed to attend the Session.

To
The Principal
GCET.

Respected Sir,

As you are aware we (Dept. of CSE)
conducting 2 Guest lectures on 27th & 29th of
Sept. 2018. In this regards I request you to
please approve printing of banners.

Thanking You,

Regards,

25/9/18

Prof. N. Chandrakumar.

please go ahead,

A Report on
Power seminar on Big Data Analytics

Objective: To Explore the fundamental concepts of Big Data Analytics

Outcome: Students gained knowledge in Data Analytics concepts which assist in decision making and justifying the several technical models. They gained awareness on various application areas of this technology such as Hadoop and cloud-based analytics to minimize the costs.

The Department of Computer Science & Engineering, GCET, organized a seminar on 'Big Data Analytics', on 29th Sep 2019. 141 students from the CSE Department attended the Lecture.

The main focus of this seminar was to create an awareness on the 'Big Data Analytics' domain, which is popular in all academia, business sectors, and research and development, to make effective decisions in day to day activities.

Resource Speaker, Mr. Sharath Babu, began the lecture by explaining the existence of Big Data Analytics concepts in various fields. He explained the Big Data Analytics algorithms through various case studies, which not only helped the students understand the concepts with ease, but also provided an insight on the real-time applications in the aforementioned domain.

There was an interactive Question and Answer session following the presentation, and the programme came to an end with the proposal of Vote of Thanks.

The Administrative Officer
GCET

Respected Sir,

“Workshop on Quad-copters” will be conducted on 4th October, 2018 to 5th October, 2018. We request you to please make arrangement for the following

1. Generator backup in case there is a power outage.
2. Set up the seminar hall for Inaugural at 9:00 AM
 - a. We need 6 chairs at the dais
 - b. Water bottles on the dais
 - c. Please ensure the seminar hall ACs are switched on by 8:30 AM so that it will be cool for inaugural
 - d. Seminar hall to be arranged with 20 Tables and Chairs
3. 1 Attenders / Ayyas to help throughout the program.
4. Ply wood planks.

Thanking you sir,

N.Chandrakanth

A Report on
Workshop on Quad copters

Objective: To understand, design and build a quadcopter for agricultural uses.

Outcome: Fabrication of Quadcopter frame and its circuit, Calibration and Testing of the developed Quadcopter, Quadcopter Flying using Radio Control

Computer Science & Engineering department has conducted a two days workshop on "Quadcopters" on 4th October & 5th October 2018. This workshop was very much helpful for the students to acquire the detailed technical knowledge regarding Drones. The workshop has been conducted by Mr. Bhaskaran (Skyfi Labs). Inauguration of this workshop was carried out in presence of Dr. Udaya Kumar Susarla, Principal, Dr. B.V. Swathi, Head, Department of Computer Science. Total 6 faculty have actively participated in this workshop. He has covered following points in 2 days sessions.

Introduction to Flight Controller Board This session would deal with the basics of Microcontroller. • What is Microcontroller? • Difference between Microcontroller and Microprocessor. • How can we use Microcontroller in our Own Circuits?

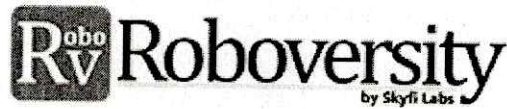

Overview of Sensor • Definition • Different Types of Sensors • Use of Sensor in QuadCopter • Interfacing of Sensors

Radio Devices • Definition • Use of RC Remote Control • Understanding Radio Transmitter • Types of Radio Transmitter • Different Channels of Radio transmitter • Basic Functionalities of RC Transmitter Assembling the Enverto Quadcopter Mega DIY Kit, Installation of Software and Debugging • Flashing the Firmware into Flight Controller Board with the use of Programmer • Updating the Firmware • Synchronizing RC Transmitter and Receiver • Calibrating RC Transmitter

PROFORMA CERTIFICATE

This is a proforma certificate given to **Attinarapu Lokeshwari** for attending a training program on **Quadcopter** at **Geethanjali College of Engineering and Technology, Hyderabad.**

The unique code of the certificate given to this participant is **49040008**. The validity of the certificate can be verified online at <https://www.skyfilabs.com/verify-certificate/49040008>.

The participant can download the original certificate online by logging into <https://www.roboversity.com/account>.

A handwritten signature in black ink, appearing to be 'P. P. N.', written over a circular stamp.

Pavan Ponnaganti,
Director and CEO,
Skyfi Education Labs Pvt Ltd.

Note: All original certificates from Roboversity, Skyfi Labs are issued by our automated certificate issuing system and come with a unique code. All certificates issued by Roboversity, Skyfi Labs can be verified online using the unique code for their validity at <https://www.skyfilabs.com/verify-certificate>.

A green checkmark is drawn over the text.

A Guest Lecture on "on **Design and Analysis of Algorithms**" is organized by CSE Dept.as per the details given below

Date : 21-02-2019
Time : 10 am to 12 pm
Venue : Seminar Hall ,Block 1
Target Audience: II B.Tech,CSE Students
Resource-Persons: **Dr.Khaleel Ur Rahman Khan** ,Professor,HOD & Dean Academics, ACE
Coordinator: Mr.J.Uma Mahesh,Asst,Prof,CSE Dept.

All students are strictly instructed to attend the Session.

Respected Sir,

Sub: Requisition for approval of Guest Lecture and Honorarium for Resource person- reg.

We, the faculty handling the course, Design and Analysis of Algorithms, are planning to conduct a guest lecture on Algorithms for the second year CSE students on 27-02-2019(FN session).The details of the speaker are enclosed herewith. Further, the topics to be covered are mentioned below.

1. General methods of design techniques of Algorithms.
2. Game trees, heuristic Searching and alpha and beta prunings.
3. Basic concepts on NP-hard and NP-complete algorithms.
4. Randomized algorithms.

In this regard, we request you to permit us to conduct the guest lecture and sanction Honorarium of Rs.5000/- to the resource person.

Thanking you sir,

Yours sincerely,

Sub: Requisition to sanction transport allowance and bouquet charges - Regarding

We, the coordinators of Guest lectures and Seminars in CSE department, organized a guest lecture on "Design and Analysis of Algorithms" for the II year CSE students on 27-02-2019 (FN session) by Dr. Khaleel Rahman Khan, Professor (CSE), Dean Academics, ACE College of Engineering and Technology, Hyderabad.

Resource person Dr. Khaleel Rahman Khan came to our college by his own transportation from Malakpet. Not used our college transportation.

Regarding this we are requesting you to sanction transport allowance and bouquet charges. Bills are enclosed.

Thanking you sir,

Yours sincerely,

M. Srinivas
A. Hari Prasad Reddy

From

The Head of the Department,
Department of CSE,
GCET.

To

Dr. Khaleel Rahman Khan,
Professor (CSE), Dean Academics,
ACE College of Engineering and Technology, Hyderabad.

Dear Sir,

We thank you for delivering a guest lecture on "Design and Analysis of Algorithms" for the II year CSE at Geethanjali college of Engineering and Technology on 27th February-2019.

Your presentation brought new insight from the applications of Design and Analysis of Algorithms and motivated the students to do well in the subject and project work.

Thanking you sir.

Yours Sincerely

HOD-CSE,
GCET. HEAD

A Report on
Guest Lecture on Design and Analysis of Algorithms

Objective: Analyze the associated algorithms, operations and time complexity.

Outcome: Understanding time complexity of an algorithm is defined, how asymptotic notation is used to provide a rough classification of algorithms and various advanced design and analysis techniques such as greedy algorithms, dynamic programming.

Department of Computer Science and Engineering of organized a Guest Lecture on "Design and Analysis of Algorithms" on 21st February 2019. . The guest lecture eminent speaker: Dr.Khaleel Ur Rahman Khan ,Professor,HOD & Dean Academics, ACE Engineering College

The lecture was attended by 203 students Computer Science and Engineering Department. The guest speaker was heartily welcomed by HOD, a student of Computer Science and Engineering Department. The vote of thanks was given by a student of CSE Department and Dr.G.Soma Shekar, Assoc-HoD , CSE Department presented a small token of appreciation to our valuable guest. As per the feedback received from the participants it was very good learning experience, the lecture helped them in their understanding the Design and Analysis of Algorithms.

CIRCULAR

Date: 27-03-2019

A Guest Lecture on “**Artificial Intelligence**” is organized by CSE Dept.as per the details given below

Date : 01-03-2019
Time : 1:30 pm to 3:00 pm
Venue : Seminar Hall ,Block 1
Target Audience: III B.Tech,CSE Students
Resource-Persons: Dr.Pradeep Kumar,Assoc.Professor,Maulana Azad National Urdu University, Hyderabad
Coordinator: Mr.Hari prasad, Assoc,Prof,CSE Dept.

All students are strictly instructed to attend the Session.

Date: 09/01/2019.

To

The Principal,

Geethanjali College of Engineering and Technology.

(Through Proper Channel)

Sub: Requisition for approval of a guest lecture and Honorarium for Resource person -

Regarding

Respected Sir,

We, M. Srinivas and A. Hariprasad Reddy, Coordinators for organizing Seminars and Guest Lectures in CSE Department, are pleased in informing you that a guest lecture on **Artificial Intelligence** has been planned to conduct for CSE-III year students of our Department by Dr. Pradeep Kumar, Associate Professor in the department of Computer Science and Information Technology of Maulana Azad National Urdu University, Hyderabad on 24/01/2019 from 1:00pm to 3:30 pm, whose profile is enclosed.

Regarding this we are requesting you to permit us conducting the guest lecture and sanction Honorarium of Rs.5000/- (Five Thousands only) to resource person

Thanking you sir,

Yours sincerely

M. Srinivas, Associate Professor

A. Hariprasad Reddy, Associate Professor

CSE Department.

AUTONOMOUS

(Accredited by NBA, Approved by AICTE, New Delhi)
Sy.No. 33 & 34, Cheeryal (V), Keesara (M), Medchal District. - 501 301.

Date: 01-03-2019

From
The Head of the Department,
Department of CSE,
GCET.

To
Dr. Pradeep Kumar,
Associate Professor (CS & IT),
Maulana Azad National Urdu University, Hyderabad.

Dear Sir,

We thank you for delivering a guest lecture on "**Artificial Intelligence**" for the III year CSE at Geethanjali college of Engineering and Technology on 1st March-2019.

Your presentation brought new insight from the applications of **Artificial Intelligence** and motivated the students to do well in the subject and doing research.

Thanking you sir.

Yours Sincerely

HOD-HEAD

Dept. of Computer Science & Engg.

A Report on
Guest Lecture on Artificial Intelligence

Objective: To make the students to get familiarize, how AI and its Applications are ruling the world.

Outcome: Understanding the concepts of Machine Learning, Artificial Intelligence and its applications to students.

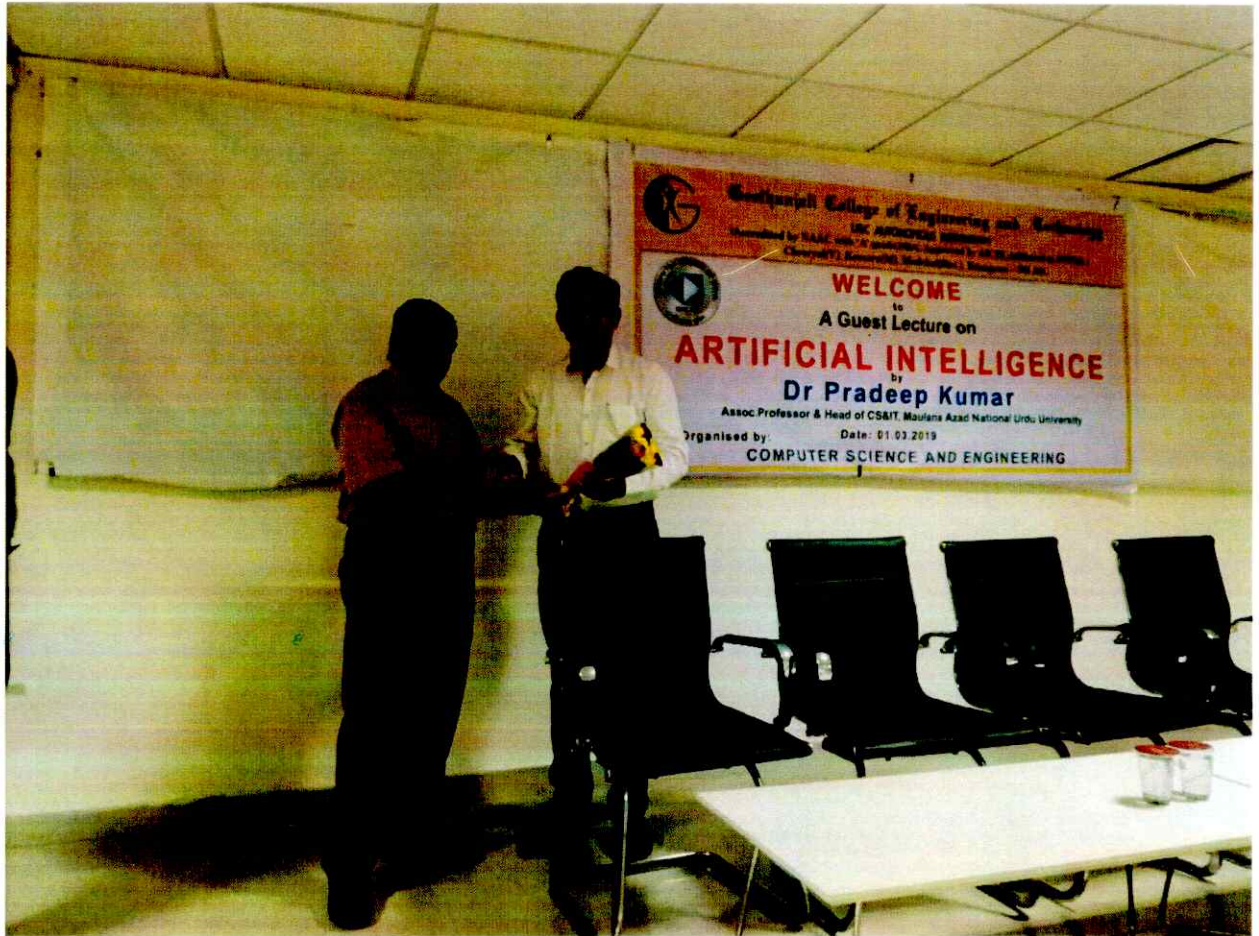

Department of Computer Science and Engineering conducted a Guest Lecture on 'Artificial Intelligence' on 01.03.2019. The Guest speaker was Dr.Pradeep Kumar, Assoc.Professor, Maulana Azad National Urdu University, Hyderabad. The event coordinators were Mr. M.Srinivas & Mr.Hari Prasad, CSE Dept

The Guest Lecture started with an introduction on what is artificial intelligence and its importance in the present times. Mr.Pradeep discussed the evolution of five generations of computer languages. He told us that at present, artificial intelligence is part of the fifth generation of computer programming languages. He also discussed concepts like Heuristics, Natural Language Processing, Knowledge representation, Automated reasoning, Machine Learning and Expert Systems. While explaining the important applications of Artificial Intelligence, He informed the enthusiastic audience that in the coming days, AI will become an important part of our lives. It is already being used in voice recognition, speech recognition, Image processing, computer vision and robotics.

CIRCULAR

Date: 10-12-2018

A Workshop on "IBM-COGNOS" is organized by CSE Dept.as per the details given below

Date : 10 Days(2 batches ,Session on every Saturday)
15 Dec 2018 to 3-03-2019

Time : 10 am to 3:30 pm

Venue : E-Class -2 ,Block 1

Target Audience: III B.Tech,CSE Students

Resource-Persons: V.Madhu Priya Sr.Software Engineer,Optum Global Solutions Pvt Ltd
R.Sandeep,Software Engineer,EBiX Software Pvt Ltd
P.Raja Ramesh,Manager,Genpact India Pvt.Ltd

Coordinator: Dr.Ramesh Babu,Prof,CSE Dept.

Interested students can register by paying fee 3,000/Rs to the coordinator.

PURCHASE ORDER for IBM CE Program

Date: 14.03.2019
 Purchase Order No: 01
 PAN No.: AAATT7624B
 GST No.: Exempted

Ship Materials to:
GEETHANJALI COLLEGE OF ENGINEERING & TECHNOLOGY
 Address: CHEERYAL VILLAGE, KEESARA MANDAL,
 MEDCHAL DISTRICT, TELANGANA, HYDERABAD 501301
 Contact Person Name: Dr S Udaya Kumar
 Contact Person Designation: Principal
 Contact No.: 9866308257

To: IBM India Pvt. Ltd.
 Address: Subramanya Arcade, Bannerghatta Road Bangalore 560029

We are pleased to issue the following purchase order to you, for the Courseware purchase under Career Education for the courses as listed below:

| Courseware Description | QTY | Unit Cost(INR) | Total Cost in INR |
|--|-----|----------------|------------------------|
| 1. IBM CE - Learning Business Intelligence using Cognos BI Course Material: For One set to each participant | 113 | 3,000.00 | 3,39,000.00 |
| Total (Rupees Three Lakhs Thirty Nine Thousand Only) | | | Rs. 3,39,000.00 |

- Payment Terms: 100% Advance
- Delivery: Delivery of course material and certificates to individual students to be completed within 10 days, on receipt of payment.
- We confirm that the invoice to be issued for this particular PO without GST no. as we are not registered under GST act.

TRAINING COMPLETION CERTIFICATE

*This is to certify that Ms./ Mr. BANDI GREESHMA
has successfully completed IBM Software training
under the Career Education Program.*

Course Name IBM CE - Learning Business Intelligence using Cognos BI

Technologies Used IBM Cognos

Registration No. 8IGB4W/CF/079

Training Date 7-Jan-19 to 12-Jan-19

Training Location Geethanjali College of Engineering and Technology, Cheeeryal(V),Keesara(M),Medchal(D)Hyderabad.

[Signature]
PRINCIPAL
 Geethanjali Collage of Engg & Tech.
 Cheeeryal(V), Keesara (M), P.R. Dist. (A.P.) - 501 201

 IBM Software Group

Report on COGNOS workshop

IBM –COGNOS training program started on 15-12-2018, the program is scheduled on 5-continuous Saturdays. About 113 students registered and attended the program. They were scheduled in two batches. Three faculty members also attended the program. IBM COGNOS is an analytics tool, which is used for the business user who needs to easily create compelling visualizations and dashboards. For the business leader who needs a proven, self-service analytics solution they can trust. For the enterprise that needs the scalability and analytics governance the business demands. Students learnt about COGNOS frame work and model, with respect to a project that contains a model, namespaces, packages, data sources, and related information for maintaining and sharing model information. Apart from working with the framework they also learnt how to use the Report Studio tool, this tool helps them develop various kinds of reports and with various visualizations.

Day1:

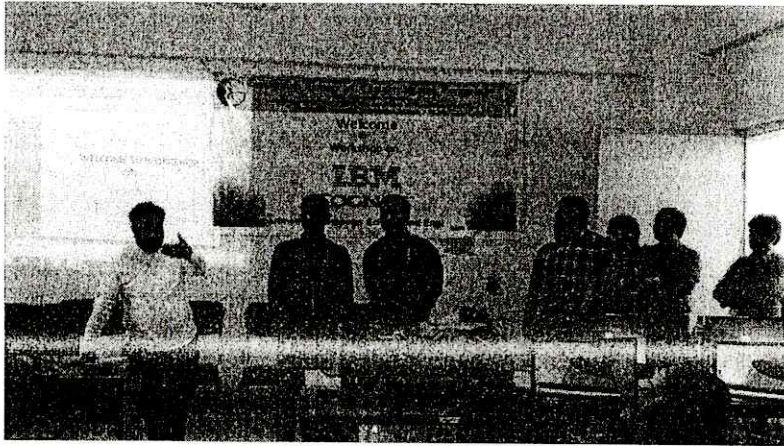

- Basics of Data ware housing and Data Mining.
- Students created new projects in the frame work manager.
- Students created Model Query Subjects used for reporting in the Business layer.

PRINCIPAL
Geethanjali College of Engg. Tech.
Channarayana (V), Kambhata (M), R.R. Dist. TA.P. - 501 301

Workshop on COGNOS

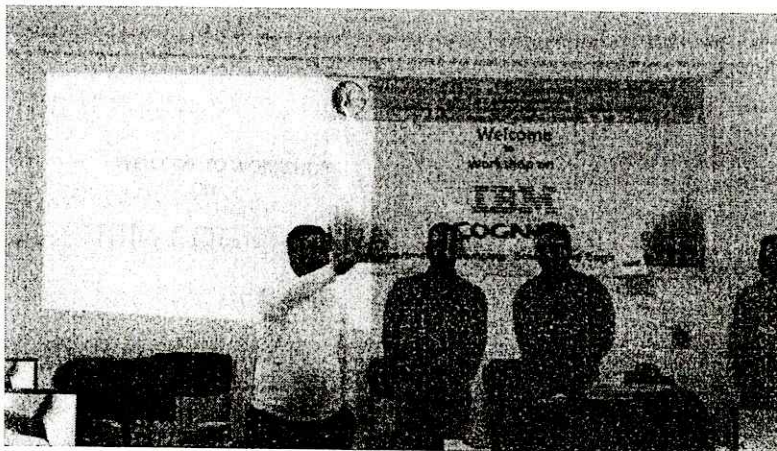

PRINCIPAL
Geethanjali College of Engg. Techn.
Cheruvu (V), Kansara (M), R.R. Dist. (A.P.) - 501 301

Day2:

- The trainer differentiated between a measure and a dimension.
- Stressed on the importance of various schemas.
- Various calculation and aggregation computation on measures.
- Converting embedded filter to Standalone filter.

PRINCIPAL
Goethanjali College of Engg. Techno
Theeraj (V), Keerasa (M), R.R. Dist. TA. P. S.

Day5:

- Students applied filters before aggregating data to filter on individual records_or after aggregating data to filter on summarized data.
- Students generated a prompt.
- Students generated various kinds of reports as per the trainer's questions.
- Students revised all the related topics.

A Workshop on “Predictive Analytics with Data Science & Machine Learning using Python” is organized by CSE Dept.as per the details given below

Date : 3 days(14-03-2019 to 16-03-2019)
Time : 10 am to 3:30 pm
Venue : Block 2
Target Audience: GCET Students
Resource-Persons: **P.Mohan**,Sr.Data Scientist,TechMahindra
Coordinator: Ms. Ester varma,Assoc Prof,CSE Dept.
Interested students can attend the sessions

Through Proper Channel

Respected Sir,

Subject : Request for permission to conduct Hackathon- Reg.

We are pleased to inform you that the department of CSE is planning to conduct a three day Workshop-cum-Hackathon for students from 14-03-2019 to 16-03-2019 on "Predictive Analytics with Data Science & Machine Learning using Python". In line with this, a two day boot camp on "Analytics using Python" will be conducted for two days i.e., on 14-03-2019 and 15-03-2019 followed by hackathon on 16-03-2019. Participants can compete on various real world problems, and find solutions using tools in machine learning and data science.

We request you to kindly grant us permission to conduct the three day workshop and also collaborate with professional bodies (CSI, ISTE, IEEE-CS).

Thanking You

Yours Sincerely,

C. Esther Varma

J. Uma Mahesh

A Report on

Workshop and Hackathon on Predictive analytics with Data Science & Machine Learning using Python

Objective: This workshop enable the students to understand the algorithms required for solving problems related to prediction using python.

Outcome: This workshop helped the students to gain sufficient knowledge on various algorithms and packages in python for machine learning to solve industry related case studies.

Geethanjali College of Engineering and Technology has conducted a 3 days' workshop cum hackathon on Predictive analytics with Data Science & Machine Learning using Python in association with CSI Student chapter.

The workshop cum hackathon was inaugurated by Dr. Udaya Kumar Susarla, Principal,GCET and Dr. B.V. Swathi, Head, Department of Computer Science and Engineering

The keynote speech by Dr Udaya Kumar Susarla has highlighted the current day trends in Computer Science.

The workshop was started with the lecture by Mr. P. Mohan, Senior Data Scientist; Tech Mahindra who highlighted the importance of Machine Learning and Data Science in today's world

The workshop was attended by more than 165 students.

After the workshop, In hackathon the students were given problem statements from Industry and asked them to provide solutions using the tools and techniques learnt.

The workshop concluded with a vote of thanks by Mr. J. Uma Mahesh, Dept of CSE followed by prize distribution.

Date: 18-03-2019

A Guest Lecture on “**Information Security: Challenges and Opportunities**” is organized by CSE Dept.as per the details given below

Date : 20-03-2019
Time : 10 am to 12:00 pm
Venue : Seminar Hall ,Block 1
Target Audience: III B.Tech,CSE Students
Resource-Persons: Dr.Bruhadeshwar Bezawada,Professor ,Mahindra Ecole Centrale,
Hyderabad
Coordinator: Dr.N.Ravi Shankar,Prof,CSE Dept.

All students are strictly instructed to attend the Session.

Dear Sir,

This is in continuation to our mail trail starting from 27th feb, 2019 regarding an invited talk at GCET on “**Information Security: Challenges and Opportunities**”. As agreed upon, we are scheduling your talk on wednesday, 20th March, 2019 from 10:00 AM to 1:00 PM.

We will arrange your transportation.

We request you join us for lunch on that day.

Principal,

GCET.

Dear Sir,

Greetings from Geethanjali College of Engineering and Technology. We are offering a course on Information Security to III Year II Sem CSE students.

We generally arrange guest lectures, on the courses the students are learning in the class room, by renowned experts, which give them a more comprehensive understanding and give them a better insight on the challenges and scope of this course.

In this regard, we would be thankful if you can make it convenient to visit our college and give a three hour guest lecture on

"The Challenges and Opportunities in the field of Information Security".

I look forward to an early and favorable response from your end.

Regards

Dr. N.Ravi Shankar, B.Tech., M.Tech., Ph.D.,

Professor in CSE

20th March, 2019

From

The Head of the Department,
Department of CSE,
GCET.

To

Dr. Bruhadeshwar Bezawada,
Professor, Mahindra Ecole Centrale,
Hyderabad.

Dear Sir,

We thank you for delivering a guest lecture on "The Challenges and Opportunities in the field of Information Security" for the III year CSE Students at Geethanjali College of Engineering and Technology on 20th March-2019.

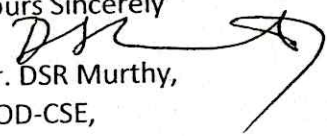

Your presentation brought new insight from the applications of **Information Security** and motivated the students to do well in the subject and project work.

Thanking you sir.

A Report on
Guest Lecture on Information Security: Challenges and Opportunities

Objective: To exhibit knowledge to secure corrupted systems, protect personal data, and secure computer networks in an Organization.

Outcome: Understand principles of web security and to guarantee a secure network by monitoring and analyzing the nature of attacks

Department of Computer Science and Engineering of organized a Guest Lecture on "Information Security: Challenges and Opportunities" on 20th March 2019. The guest lecture eminent speaker: Dr. Bruhadeshwar Bezawada, Professor, Mahindra Ecole Centrale, Hyderabad.

The students were educated about the hacking tricks. Dr. Bruhadeshwar discussed on Cyber Security. He further explains the importance of focusing on "How to Secure Social media apps". He also discussed about "Kali Linux" and explains "how to secure website". He discussed about http and https. It was an inspiring and motivating lecture for the students. Proficiency in Cyber security and ethical hacking is also a better job opportunity for the students in the IT industry.

He also addressed some concerns and queries of the students and gave some tips concerning the protection of privacy in the virtual world. Such an interactive session for the Students really helps the candidates to groom in professional life along with practical knowledge .

A Report on
Guest Lecture on Epson

Objective: work towards the achievement of desired career in the near future

Outcome: students have gained sufficient knowledge on career planning

The department CSE has organized a Guest Lecture on "EPSON" on 13.07.2018 for final year CSE students. The Program was started with invocation followed by brief introduction about the resource person.

Mr. **Mr.Elston Pimenta** , beginning with sharing his career/corporate experience from Industry, and his life experiences, then moved on to the topic of Goal Setting and Career Planning. Students were interacted and introduced how to set the goal and work towards achieving it. The session went on for more than 2 Hours, and was concluded by experiential learning for students on how to focus the mind, and work towards the achievement of desired career in the near future.

Guest lecture report

Name of the Speaker: Dr. Ch. Sunil Kumar, Professor & HOD-EEE, BVRITH

Title : Load Flow Studies

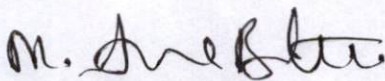

Date: 19/3/2019

Venue: ME seminar hall, Block-3

Attending students: III year(A&B)

Summary of talk: The speaker explained about modeling of power system components and network, development of load flow equations and solving the load flow equations using numerical techniques. Also the flow chart of Gauss-Siedel method, Newton-Raphson method and Fast decoupled method were explained.

At the end of the session students were able to understand that load-flow studies are important for planning future expansion of power systems as well as in determining the best operation of existing systems.

Sub: Approval for organizing a Guest Lecture reg-

Respected Sir,

As per our request to Dr. R. N.Ponnalagu ,Assistant Professor ,EEE,BITS Pilani, Hyderabad campus has agreed to give a Guest Lecture on 15th March 2019 on the topic **“Recent trends in tranducers”** for III year EEE Students. As such I request you to kindly approve the above mentioned guest lecture.

The Budget required to conduct the above mentioned guest lecture is as mentioned below:

| S.No. | Item Description | Budget proposed |
|-------------------------------|--------------------------------|-----------------|
| Arranged by college | | |
| 1 | Transport for guest | Transport Dept |
| 2 | Lunch for guest | 300 (3*100) |
| 3 | Water bottle | 25 |
| 4 | Momento | Stores |
| Arranged by Department | | |
| 5 | Banner | 500 |
| 6 | Bouquet | 100 |
| 7 | Honorarium for guest of honour | 4000 |

Title : Recent Trends in Transducers

Date: 15/3/2019

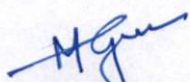

Venue: Seminar hall, Block-3

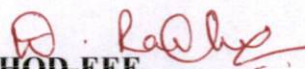

Attending students: III year(A&B)

Summary of talk: The speaker discussed about

- Elements of measurement system
- Difference between sensors and transducers
- Discussion on few example systems
- Classification of transducers
- Characteristics of transducers
- Selection of transducers

At the end of the session students were benefited by getting exposure to various transducers and its applications.

Name of the Speaker: Sri. NSS Prasad, Former Director- Bureau of Indian Standards

Title : Energy Audit - Overview

Date: 26/2/2019

Venue: G12 Room, Block-I

Attending students: III year(A &B)

Summary of talk: The speaker explained about

- Energy audit guidelines.
- Scope of energy audit.
- Types of audit, Requirements for audit.
- Energy conservation methods.

At the end of the session students understood about the process and significance of energy unit..

Sub: Approval for organizing a Guest Lecture reg-

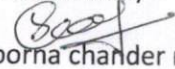

Respected Sir,

As per our request to Dr.P.V Rajgopal- Retd. AGM, R&D, BHEL, Hyderabad, he has agreed to give a Guest Lecture on 20th February 2019 on the topic "**Power Electronics Systems and Drives for Rail Transportation**" for III year EEE Students. I request you to kindly approve the above mentioned guest lecture.

The Budget required to conduct the above mentioned guest lecture is as mentioned below:

| S.No. | Item Description | Budget proposed |
|-------------------------------|--------------------------------|-----------------|
| Arranged by college | | |
| 1 | Transport for guest | Transport Dept |
| 2 | Lunch for guest | 400 (4*100) |
| 3 | Water bottle | 25 |
| 4 | Memento | Stores |
| 5 | Tea/Coffee | 12*4 |
| Arranged by Department | | |
| 5 | Banner | 500 |
| 6 | Bouquet | 100 |
| 7 | Honorarium for guest of honour | 4000 |
| | Total | 5073 |

Guest Lecture Invitation reg

**azra taj** <azrazaine@gmail.com>

Tue, Feb 19, 2

to pv_rajgopal

Respected Sir,

I am writing on behalf of EEE Department of Geethanjali College of Engineering and Technology, Cheerour our invitation to give a lecture on the topic " Power Electronics Systems and Drives for Rail Transportatic

We are looking forward to hearing you speak on the subject,

Travel arrangements have been made for you. Our driver Yellaiah will pick you at 7.45am at your residence 9912304900

On behalf of our EEE Department I also invite you to join us for lunch on the day of the lecture with us.

Thanking You,

Yours Faithfully

Regards

Mrs.AZRA ZAINEB M.TECH

Guest lecture report

Name of the Speaker: Dr. P.V. Rajgopal, Retd. AGM R&D, BHEL

Title : Power Electronics Systems & Drives for Rail Transportation

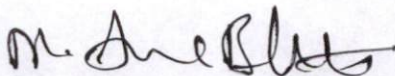

Date: 20/2/2019

Venue: CE Seminar Hall, Block-III

Attending students: III year(A &B)

Summary of talk: Power electronic devices play an important role in developing rail transportation traction systems (RTTS), which has made enormous progress over the past decades. With the development of power electronic devices such as thyristor, GTO and IGBT, traditional DC drive systems are replaced by more efficient AC drive systems. Due to the advantages of AC drive system, such as high efficiency, energy saving, environmentally friendly etc, rail transportation has shown rapid development in recent years.

At the end of the session students learnt about power electronics applications in transportation systems ranging from railways to electric vehicles.

To,
The Principal,
Geethanjali College of Engineering & Technology.

Respected Sir/Madam,

Sub: Visiting Engineering Colleges to promote Training School Programme in the Department of Atomic Energy for OCES-2019.

The BARC Training Schools under the aegis of Department of Atomic Energy (DAE), Govt. of India are set up to train Graduate Engineers and Post Graduate Scientists to take up Challenging Scientific Assignments within various units of DAE. The Trainees are imparted one year Orientation Course in Engineering and Sciences (OCES) disciplines at these training Schools located at Mumbai, Kalpakkam, Indore and Hyderabad. The Trainees, upon successful completion of their training are appointed as Group 'A' Officers in the Grade Scientific Officer 'C' in various units of the Department. The Training also forms the course work of the M.Tech degree which would be awarded by Homi Bhabha National Institute (HBNI), a deemed University at Mumbai.

In order to enhance the success of the Orientation Course, it proposed to visit your college premises and deliver a lecture to final year / 3rd year students in the Engineering and Science Streams of your Institution **highlighting the on-going programmes, career opportunities and future prospects in the Department of Atomic Energy.**

I request you for a suitable date for the talk before 30 January, 2019. Once the date is finalised from both ends, Senior Officials from Nuclear Fuel Complex/DAE, Hyderabad would visit your college and will deliver the lecture any date

The presentation will be for approximately one hour. Looking forward for your earnest response & cooperation.

Thanking you,

With best regards,

H R Ravindra

Guest lecture report

Name of the Speaker: Sri. H.R. Ravindra, DGM, Head BARC Training school, NFC

Title : Future Prospects in DAE

Date: 25/1/2019

Venue: Seminar Hall, Block-I

Attending students: IV year-A section

Summary of talk: The speaker spoke about the mission and vision of nuclear research centre. Graduate engineers of various specializations with certain minimum requirements, can join the BARC Training School. Admission to this school is through a process of preliminary screening based on GATE score and/or All India Entrance Test, followed by a final oral interview which is conducted at BARC. Only those candidates who are selected through interview, can join the school as Trainee Scientific Officer to undergo a rigorous one year orientation course at TS.

At the end of the session students gained knowledge about various job opportunities available in nuclear energy sector.

Sub: Approval for organizing a Guest Lecture reg-

Respected Sir,

We have requested Sri U. Madhav Rao, Former Director of Hyderabad Batteries Limited(HBL), to give a Guest Lecture on "Power Electronics Circuit Applications" for II year EEE Students. He has consented for the same on 28th December 2018. I request you to kindly approve the above mentioned guest lecture.

The Budget required to conduct the above mentioned guest lecture is as mentioned below:

| S.No. | Item Description | Budget proposed |
|-------------------------------|----------------------|-----------------|
| Arranged by college | | |
| 1 | Transport for guest | Transport Dept |
| 2 | Lunch for guest | 300 (3*100) |
| 3 | Water bottle | 25 |
| 4 | Memento | Stores |
| Arranged by Department | | |
| 5 | Banner | 500 |
| 6 | Bouquet | 100 |
| 7 | Honorarium for guest | 4000 |
| | Total | 4925 |

Forwarded to principal for kind perusal

Respected Sir,

I am writing on behalf of EEE Department of Geethanjali College of Engineering and Technology, Cheeryal. Thank you sir for accepting our invitation to give a lecture on the topic " Power Electronics Circuit Applications" .for our EEE students.

We are looking forward to hearing you speak on the subject,
Travel arrangements have been made for you. Our driver Prashanth Reddy will pick you at 9am at your residence. His contact number is 9000343946.

On behalf of our EEE Department I also invite you to join us for lunch on the day of the lecture with us.

Thanking You,

Yours Faithfully
Regards
Mrs.AZRA ZAINEB M.TECH

Guest lecture report

Name of the Speaker: U.Madhava Rao, Director, Hyderabad Batteries Ltd

Title : Power Electronics Circuit Applications

Date: 28/12/2018

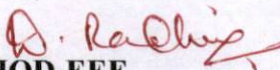

Venue: CSE Seminar Hall, Block-I

Attending students: II year-(A & B)

Summary of talk: In the beginning of the session the speaker explained about the various configurations of rectifiers, types of choppers and inverters. Later power electronics applications such as a fan regulator, light dimmer, air-conditioning, induction cooking, emergency lights, personal computers, vacuum cleaners, UPS (uninterrupted power system), battery charges, etc were discussed. Power supplies in aircraft, satellites, space shuttles, advance control in missiles, unmanned vehicles and other defense equipments. At the end of the session students gained knowledge about various power electronics circuit applications.
