

Geethanjali College of Engineering and Technology

Accredited by NAAC with 'A' Grade & NBA, Approved by AICTE and Affiliated to JNTUH
Cheeryal(V), Keesara(M), Medchal Dist., Telangana – 501 301.

Hackathons for the Academic Year: 2019-20

Geethanjali College of Engineering and Technology

CHEERYAL (V), KEESARA (M), Medchal DIST-501301, Telangana

Report on

36Hr Hackathon held at

Geethanjali College of Engineering
On the theme
'Robotic Process Automation'

In Association with

J-Hub - JNTUH

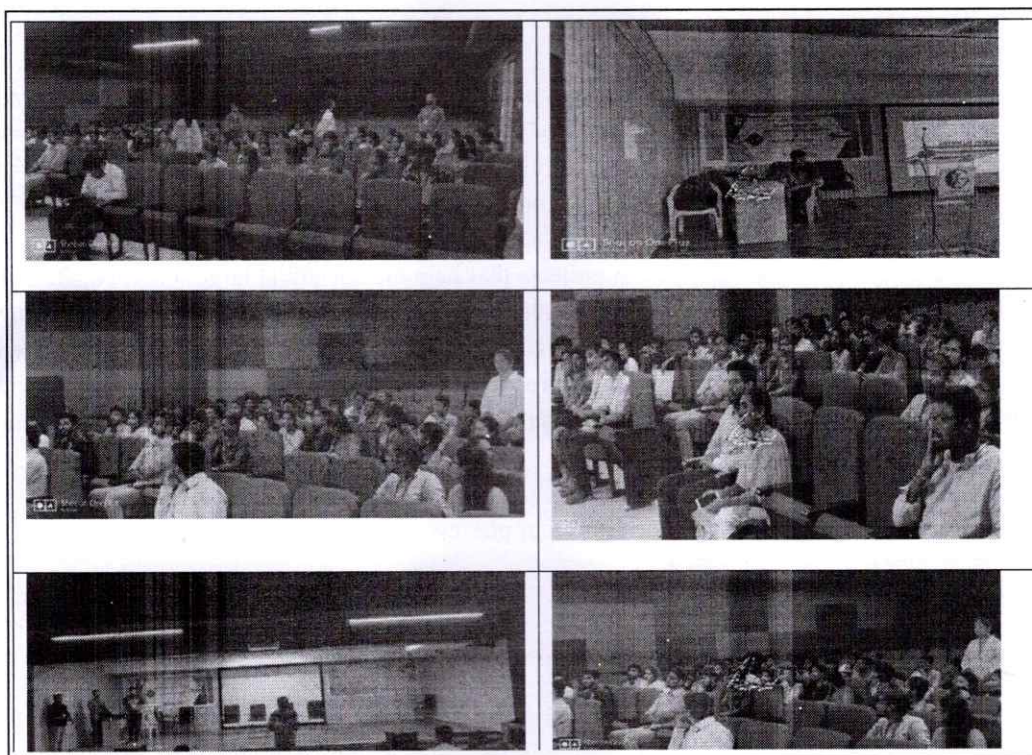

23rd – 24th Dec 2019

Convener
Dr. Anil Kumar Puppala

Co- Convener
Mr. Phani Kishore

Principal
Prof Dr. Susarla Udaya Kumar

PRINCIPAL
Geethanjali College of Engg. Techn.
Cheeryal (V), Keesara (M), R.R. Dist. (A.P.) - 501 301

Some of the pictures of Boot Camp

Hackathon:

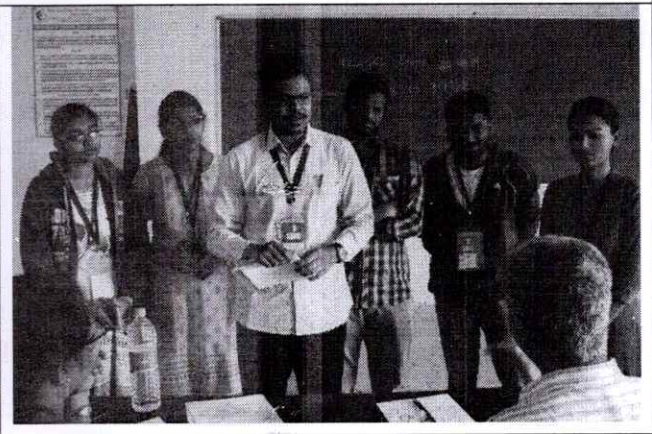

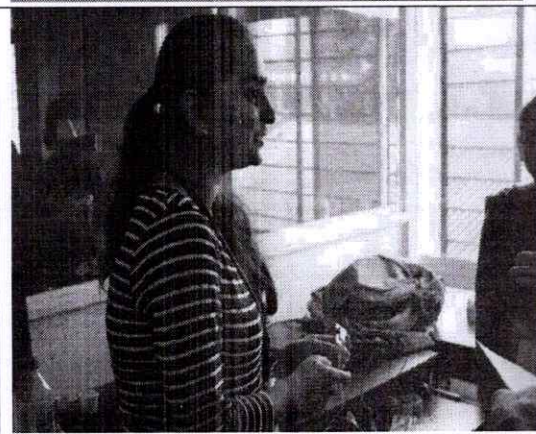

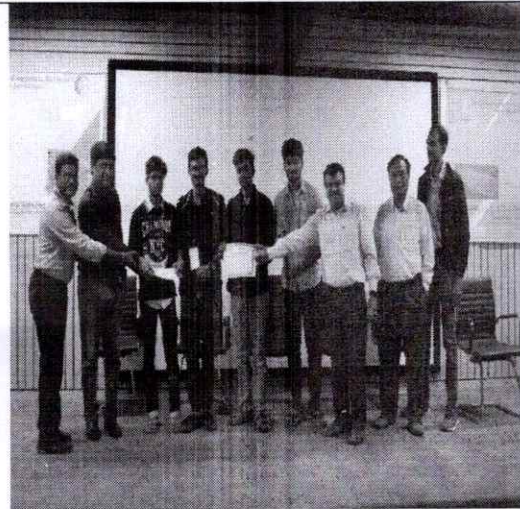

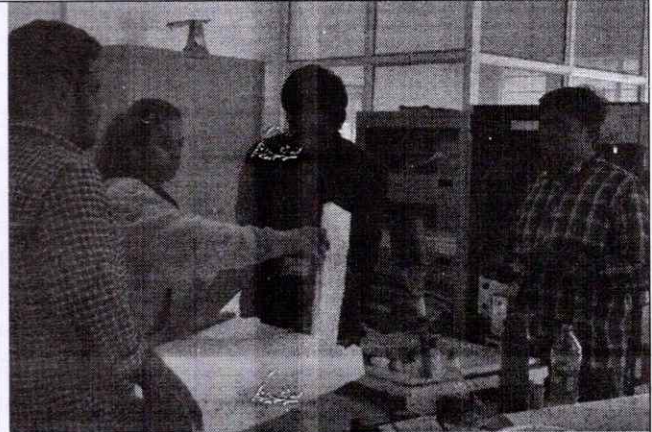

There were a total of thirty three (33) teams registered online (Excel sheet - Annexure - IV). However three more teams had registered at the registration desk on the day of Hackathon. Total registrations were thirty six for the Hackathon on Robotic Process Automation.

Table: Teams and their colleges

College Name	No. of teams
Mahindra Ecole Centrale, Hyderabad	1
KKR & KSR (KITS) Guntur, Andhra Pradesh	1
VNR VJIET	1
Anurag College	1
Sreenidhi College of Engineering	1
VJIT	1
Geethanjali College of Engineering and Technology	30

Participants were asked to sign a consent form (Annexure V) to see that discipline is maintained during the event and was also used to assign team numbers.

PRINCIPAL
 Geethanjali College of Engg. Tech.
 Cheerthoi (V), Keesora (M), R.R. Dist. (A.P.) - 501 301.

PRINCIPAL
Geethanjali College of Engg. Tech.
Chouryul (V), Keesara (M), K.R. Dist. (A.P) - 501 201

Valedictory Function:

The valedictory ceremony started at 5:00 PM on 24th Dec with interaction/feedback from the students from other engineering colleges. Convener Dr. Puppala, presented a report of the winning ideas of both the hackathons (Robotic Process Automation and Smart India internal Hackathon). Mr. Surendra Mohan, spoke at length on 'automation' and the tools that are currently being used in the industry and suggested that the students keep abreast with them. Mr. Rama Krishna opined that Robotic Process Automation (RPA) is an underrated missing block that is gaining huge traction today for comprehensive automation solutions for wide-ranging use cases by augmenting Data Analytics & AI on one end and IoT & Mobility on the other side. Cash prizes worth 50,000/- INR, as announced by the management, were awarded by Principal Prof Dr. Udaya kumar Susarla, Mr. Surendra Mohan, Mr. Ramakrishna and by the convener to the winners. Mr. YVN Phani Kumar (Co-Convener of the event) has proposed 'vote of thanks' by expressing gratitude to JHub, college management, principal, administrative officer and the legion of student volunteers (Annexure- and the photography club (dopy-team) of Geethanjali college for covering the event. Principal has appreciated the special efforts of the students Mr. Gokul (CSE – III year) and Mr. Aravind (ME – Final year) for designing the websites and logos & banners respectively.

Other Facilities:

A request for Police patrol vehicle by the GCET was kindly considered by Circle Inspector, Keesara Police station and was provided the same. Temporary rest areas were provided for boys and girls in two separate blocks renting about 100 beds. Mr. Ramanjaeyulu (CSE) and Mr. Naresh (CSE) took care of the food. Administrative officer Mr. Naveen Ram reviewed the arrangements at the canteen, resting areas. Mr. Srikanth Gangapuram (Assoc Prof EEE Dept) ensured that there was un-interrupted power supply. Mr. Dharmveer, Mr. Kamalakar Reddy ensured that there was wireless internet connection at the venue. Student volunteers did a tremendous job in assisting the jury, participants, faculty and the entire event. The list of the volunteers is attached as Annexure VIII

Process of Registration

For students of Geethanjali College of Engineering and Technology (GCET)

AICTE wants every college to conduct an Internal Hackathon and shortlist teams who can be nominated for Smart India Hackathon (SIH) 2020. Five software teams and two teams in the Hardware category with atleast one girl per team, are the constraints.

As a part of the same, Geethanjali College of Engineering is conducting an Internal Hackathon to select, train and nominate the teams for SIH – 2020.

Students can choose problem statements from SIH's portal or the problem statements given under Robotic Process Automation.

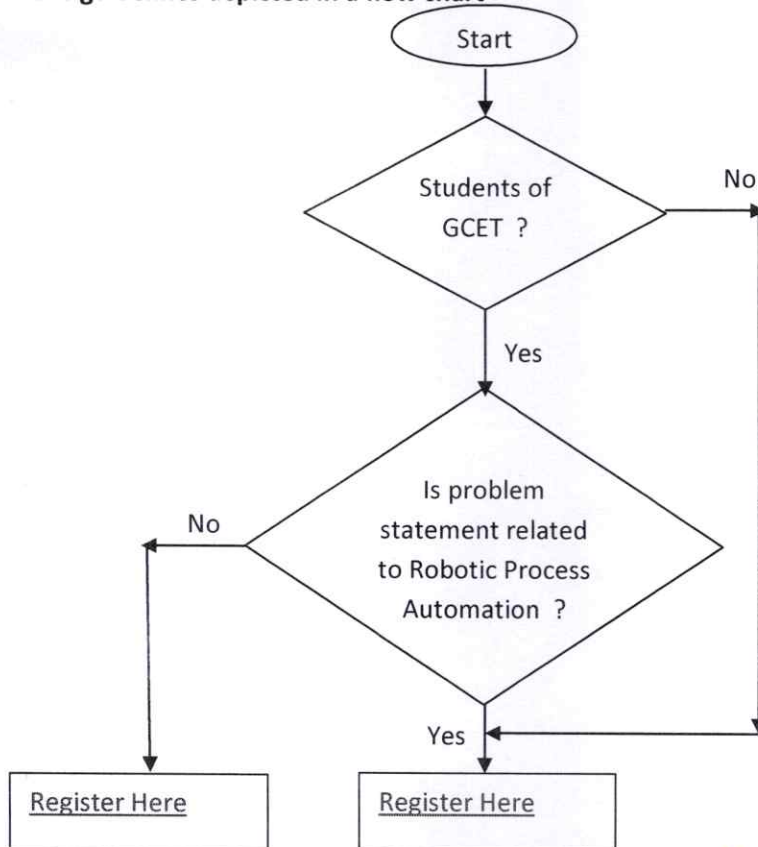

If your Problem statements are from SIH's website and are related to Robotic Process Automation, then you are suggested to fill in the [details here](#).

If your problem statement is not related to theme Robotic Process Automation, then you can use this [google form to fill the details](#)

For students of other colleges

Please ensure that the problem statements selected is/are related to Robotic Process Automation. Some of the problem statements are given here for quick reference. [This is the registration link](#)

The above guidelines depicted in a flow chart

Guidelines for the Hackathon on Robotic Process Automation

The purpose of the Hackathon

This Hackathon at GCET aims to engage students from multidisciplinary backgrounds around technology in (but not limited to) Robots and Process Automation. Anything which reduces manual labour and increases automation is a candidate for the problem statement.

Who Can Apply?

Anyone who has an innovative idea that uses engineering or technology to solve a challenge in the above area. This sector needs solutions that incorporate:

Robotics

Remote Sensing

Automation

E-Commerce

Traceability

Big Data

Artificial Intelligence

Machine learning

Sensors

Internet and IoT

Logistics

Drones

Energy efficiency

Urban Agriculture

Supply chain

General instructions:

- Teams must register by December 20th 2019 through the provided Google form. Intimation of the selected teams will be done by 21st Dec 19.^h.
- Team members may be from different academic levels and from different technology streams limiting to a maximum size of four.
- Changes in team members, after the process of registration are not encouraged.
- Participants have to bring their own laptop/devices. Participants have to make sure that their laptops should have Wi-Fi connectivity enabled.
- Teams can work on an idea that they have worked on before. Participants must clearly define what is previously developed and newly created.

Problem Statements requiring 'Robotic Process Automation' for the 36 Hour Hackathon that Geethanjali College of Engineering is planning to conduct on 23-24th Dec 2019.

Some of the problem statements proposed by local Micro Small Medium Enterprises, several departments of Geethanjali College of Engineering for the 36 Hr Hackathon are categorized into Hardware and software...

Category: Hardware

- 1. Auto change-Over from grid power to power from Generator during power failure**
Disciplines: Electrical Engineering
Problem Location: Geethanjali College of Engineering.

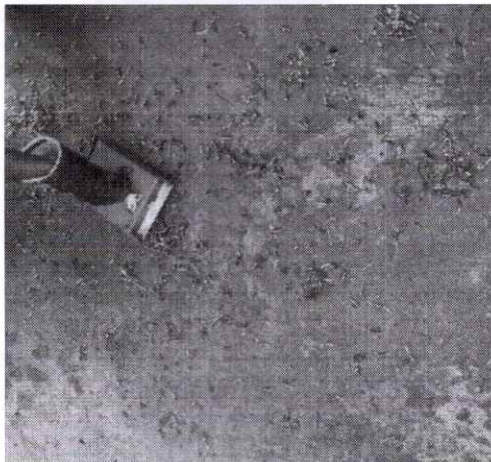

Currently, there is a down time of around 10 mins, when an operator manually switches from grid power (during power failure) to source the power from diesel generator. Operator has to disconnect the line from Solar panels, as the power from diesel generators is expected to interfere with the solar panels. Diesel generator is then started and is connected to load.

This process can be automated using Programmable Logic Controllers and eliminate human intervention. During important meetings, diesel generators are being run continuously to avoid the inconvenience during down time of the electrical power. A 'quick changeover' by process automation can save even the diesel costs during such important meetings.

PRINCIPAL
Geethanjali College of Engg. Tech.
Cheeruvu (V), Keesara (R), R.R. Dist. (A.P.) - 501 301

Disciplines: Electrical and Mechanical Engineering

Problem Location: Vijetha Engineering Industries IDA Kushaiguda

Metal scrap and non metal scrap on the shop floor is to be regularly cleaned. Metal scrap is currently cleaned by using a magnet shown above by operator. Metal/Non metal scrap chips generally have sharp edges and may injure operators or anyone who steps over it. A robot to regularly clean the shop floor is visualized. It may or may not have a battery.

Category: Software

1. Smart supply chain management

In supply Chain management the inventory tracking and replenishment management can be made faster by using IOT and RPA.

Using some sensors we can track the stock variations which enable the collection of relevant data on the firm's warehouse stock customer's orders and Software robots enable the automation of replenishment orders and free up the time spent by the operator in data collection, analysis and decision-making.

2. Predictive maintenance in industry

With predictive maintenance, firms can better keep their production lines in optimal operational condition and improve the business continuity - or at least limit the disruption time - of their service(s), thus optimizing production's performance and overall service quality.

IoT sensors enable the collection of relevant data on products, the operator and the production chain in general, Software robots enable the automated machine adjustment tasks or real-time reporting push.

3. Employees payroll automation

Employee attendance tracking is particularly useful for payroll. This ensures nonexempt employees are never over- or underpaid because exact hours are available. Employers can accurately calculate overtime pay, and if necessary, dock pay appropriately.

PRINCIPAL
Geethanjali College of Engg. Tech.
Cheeryal (R), Nellore (A.P), Andhra Pradesh (A.P) - 501 207

7. Credit Card Application

Banks can appoint RPA software robots to take up the complete responsibility of the initiating a credit card application, to gather all the required documents from the individuals, make the necessary credit checks, background checks on itself, decision making whether or not an individual is eligible for a credit card based on the details that are provided in the step earlier, issue a new card if they are eligible and on successful delivery of the card the case can be closed. The whole process is so systematic that this can be easily handed to the RPA software robots comfortably.

Advantages of Automating Credit Card Applications:

1. Improves employee productivity
2. Anywhere anytime access to online documents.
3. Availability of efficient methods to crosscheck operational metrics for process excellence.
4. Reduce turnaround time
5. High customer satisfaction

8. Shipping Notifications

E-Commerce websites and Logistics companies can reap loads of benefits from the RPA software robots as these kinds of activities can be fully automated without the intervention of any human being at all. Since these details can be fetched from the provider database and the shipments can be tracked for delivery over GPS, this can comfortably be automated.

Advantages of Automating Shipping Notifications:

1. Reduce Labor cost
2. Allows streamlining of multiple tasks into one process.
3. Increased accuracy

Avoids dimensional weight surcharges

Subject: Request to approve Honorarium to mentors and also to students who designed website and logos for the 36 Hr Hackathon – Regarding

Sir:

We are happy to let you know that Incubation center of GCET, had successfully organized two 36Hr Hackathons simultaneously on 23-24th Dec 2019 in collaboration with JHub and an internal Hackathon, as mandated by AICTE's Smart India Hackathon 2020. There were about 38 teams registered for Robotic Process Automation and about 39 teams which participated and worked on the problem statements listed in the AICTE's www.sih.gov.in website.

Mentors Mr. Ashish Agarwal and Mr. Ravi Sunder of Microsoft India, referred by Prof Ashok Sharma of CSE Department had helped the teams by interacting with them on day one and day two respectively.

Also, efforts of the students Mr. Gokul of CSE III Year and Mr. Aravind ME Final year, helped us reach out to large number of students with their efforts in website and logo, certificate, banner & poster designs respectively.

This is to request you to approve an Honorarium for them

Thanking You

Geethanjali College of Engineering and Technology
Chennai (T), Kancheepuram (H), K. Dist (A.P), SRM 30

Sept 30th 2019

To
The Principal,
Geethanjali College of Engineering and Technology,
Cheeryal, Hyderabad

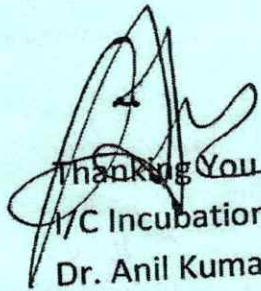

Subject: Request to approve for conducting a workshop on "Design Thinking"

Sir,

The incubation center of GCET requests you to approve us to conduct a workshop on "Design Thinking". The resource person identified is Mr. Abhimanyu Bhardwaj, an entrepreneur who works with NTUH's J-Hub and Telangana Academy for Skill Development (TASK).

He is expecting an Honorarium of Ten Thousand INR (10,000/-). The stationery for conducting the workshop is expected to cost four hundred (350/-)

Hence we request you to approve the same.

Thanking You
I/C Incubation cell
Dr. Anil Kumar Puppala

Co-Convener Incubation Cell
YVN Phani Kumar

Geethanjali College of Engineering and Technology

CHEERYAL (V), KEESARA (M), Medchal DIST-501301, Telangana

Date: 25th Sept 2019

Circular

As a precursor to the league of Hackathons that JNTUH is planning to organize in association with reputed colleges, it is inviting "Problems statements" (Samasya) from students. Interested students may please register in the following link.

<https://forms.gle/SaSqYnP113dfrnz7>

Timings for the one and half hour workshop is 3:30PM to 5:00PM on 26th and 27th Sept 2019. Venue is CSE Seminar Hall Block – I. 2nd, 3rd and 4th year students will have the session on 26th Sept and First year students will have the session on 27th Sept.

College plans to give away incentives for good problem statement(s). A jury will be constituted consisting of personnel from industry and faculty to identify maximum impact problem statements.

Transport will be arranged accordingly.

FDP – 2019 SAMASYA

PRE FDP ASSIGNMENT

PROBLEM SNAPCHAT

GET OUT OF THE BUILDING.(gootb) .

Look around.

Find something that you feel & think is a **problem** .

Take a snap shot of it on your mobile phone.

Ponder on it and study it from various angles.

Use worksheet 1 for reference.

EVERY FACULTY MUST BRING A SNAPSHOT in their mobile phone to class.

J HUB - PROBLEM ANALYSIS PROGRAM 2019-2020

WORK SHEET 1

PROBLEM IDENTIFICATION MAP

1. Identify the problem you face or see as challenges? Describe the broad area.
→ Waste disposal - Iron/scrap/e-waste
2. What are the consequences of the impact of the problem. Describe
→ Unaccessible area
→ May become a nest/hiding place for poisonous snake/scorpions
3. Is the problem affecting critical aspects of life? (High, medium, low)
→ low
4. Does the problem cause severe damage? (high, medium, low)(problem Impact)
→ No
5. What is the problem awareness level amongst the problem facers? (high, medium, low)
→ low
6. Can you size the problem facers in your city on an average? (below 1000 or above 1000)
7. Is the problem recurrent? (high, medium, low)(Frequency)
8. Does the problem occur at specific timings or at any time? (anytime, daytime, night time, seasonal, perennial)(timings)
9. Does the problem cause other hosts of problems too? (plenty, none, sometimes)

10. Describe the profile of the problem facers. And the environment that they face it in.

11. What are the current solutions adopted and where do they lack?

12. Write the problem statement.

THE PROBLEM STATEMENT IDENTIFIED IS _____
IN THE AREA _____ FACED BY _____
- WITH IMPACT LIKE _____ RESULTING IN
CONSEQUENCES LIKE _____
CURRENT SOLUTIONS LIKE FAIL TO PROVIDE SOLUTION
FOR.....(GAPS IN PROBLEM IDENTIFIED)

Prepared by Dr. Radhika Meenakshi Shankar for training purposes only.

J HUB -PROBLEM ANALYSIS PROGRAM 2019-2020

WORKSHEET 2

OPPORTUNITY EVALUATION

(based on criticality-discontent matrix by Prof.Kavil Ramachandran -ISB)

List the problems identified by each team member.

Based on the worksheet 1 prepared by the members discuss each problem identified and rank them in the table below.

Use the explanations given below the table for reference on scoring.

TABLE -PROBLEM-

Sl. No.	Problems identified	Size 10	Level of DISCONTENTMENT 20	Level of CRITICALITY to life-20	Total 50
1					
2					
3					
4					
5					

EXPLANATION – all criterions are to be **subjectively** ranked in order of 1= low score 10 = high score

Size – refers to the magnitude of problem identified. Score More if the problem is large and **impacts many people**. Score less if the problem is faced by a small segment only. example

1. **Do only a small group** have the problem (NICHE)
(eg.) **only visually challenged** have this problem - low score 1-5
2. **Is the problem** faced by a large sector of population score high 5-10
(eg.) traffic is a large problem like **pollution**

LEVEL OF DISCONTENT

Refers to how unhappy are the problem facers with current situations. Are they barely **tolerating it**

(eg.) **availability of clean water**

Prepared by Dr.Radhika-Meenakshi Shankar for training purposes only.

(C) WISE OWL CONSULTING SERVICES .HYDERABAD 2019

PRINCIPAL
Geethanjali College of Engg. Tech.
Chandrababu (V), Keesara (M), R.R. Dist. (A.P.) - 501 301

Very unhappy – score > 15

Unhappy – average- 10- 15

Satisfactory - < 0-10

LEVEL OF CRITICALITY IMPORTANCE

Refers to how critical is the subject underlying the problem is to the humans life

(eg.) clean water – very critical > 15

new breakfast cereal - not very critical < 10

THE TEAM PROBLEM IDENTIFIED IS

(explain in 4 lines why your team chose this problem)

THE TEAM PROBLEM STATEMENT: state the problem .use worksheet 1

THE PROBLEM STATEMENT IDENTIFIED IS -----
IN THE AREA----- FACED BY -----
- WITH IMPACT LIKE----- RESULTING IN
CONSEQUENCES LIKE-----
CURRENT SOLUTIONS LIKE FAIL TO PROVIDE SOLUTION
FOR.....(GAPS IN PROBLEM IDENTIFIED)

Prepared by Dr.Radhika Meenakshi Shankar for training purposes only.

Cheeraj (V), Keesara (M), R.R. Dist. (A.P.) - 501 301

J HUB -PROBLEM ANALYSIS PROGRAM 2019-2020

WORKSHEET 3

Problem Validation

This worksheet will help in validating the problem identified

This requires 2 tasks

1. Literature survey
2. Field survey

Worksheet 3A literature survey

Teams are advised to do secondary research

1. Read 20 research papers on relevant to problem

Write in 5-10 lines the gist of that research paper findings as per their understanding

Sum up 10 lines understanding of problem post literature survey

2. Find 5 competitors providing solutions currently to the problem facers

Compare solutions feature wise by ranking

Sl. No.	Features	Com 1	Com 2	Com 3	Com 4	Com 5	Remarks
1	Size						
2	Variety						
3	Price						
4	Availability						
5	Awareness etc						
6							
7							
8							
9							
10							

10 lines understanding of solutions currently used and gaps

Prepared by Dr. Radhika Meenakshi Shankar for training purposes only. © WISE OWL CONSULTING SERVICES
HYDERABAD 2019.

→ Gaps identified can be done after fill up the above table.

PRINCIPAL
Geethanjali College of Engg. Tech.
Cheerl (V), Keesara (M), R.R. Dist. (A.P.) - 501 301

WORKSHEET 3 B – FIELD SURVEY

1. Prepare a questionnaire for problem ~~interview~~ use ~~worksheet~~ 1 for reference
2. The objective of the questionnaire is to **achieve the following goal**
 - i. To understand is the problem **real**
 - ii. To size up the problem gaps how **big**
 - iii. Who has the problem **severity**
 - iv. Level of discontentment with **current with current** solutions is it high
3. Students need to go on to the field for data **collection** at least 100 interviews. The data collected needs to be then arranged and **put into** formats.
4. Use statistical tools for analysis and **measurements**
5. Represent **findings** statistically in graphs and **pie charts**
6. Prepare a findings reports sum up

WORKSHEET 3C *(Will be submitted to Jhub)*

3A and 3B worksheet findings need to be summed **up-** merged and a conclusion report of not more than 1 page presented here.

Executive Summary of GCET's -Incubation Center

Date: 29th Oct 2021

GCET - Incubation Center was established in the year 2014 and has been working under the guidelines of Institution Innovation Council (IIC), Ministry of Education, New Delhi and JHuB of Jawaharlal Nehru Technological University Hyderabad (JNTUH). It has implemented a strategic plan as early as Dec 2017 to support innovation and entrepreneurship ecosystem in the college and currently working towards adopting a policy on Innovation and StartUp policy in line with the National innovation and Start up policy (NISIP).

Vision and Mission:

The goal of establishing an Incubation Center at the college is to create an atmosphere for students and faculty to produce, grow and commercialize the ideas of creative students through appropriate training, mentoring. Forming a multi-sector, diverse team that can use a wide variety of instruments and methodologies such as design thinking, solution for concept management, open innovation, crowd sourcing and human centric design to help the community ideate, guide discussions, prototypes and solutions and create employment creators

Activities:

It has adopted the NISP for encouraging and nourishing the innovation quotient and entrepreneurial abilities of the students coming with innovative ideas and also to improve the employability levels of the other interested students. The incubation center invites ideas not only from students, faculty but also from any individuals of any nationality! Appropriate ideas, after short listing, will be seed funded by GCET and hand-held for securing funding opportunities and progress to the next level.

An expert committee to guide the incubatees is constituted with a mix of eminent personalities coming from different backgrounds viz., serial entrepreneurs, venture capitalists, industrialists, alumni at important positions and enthusiastic faculty.

regions band together virtually to create their innovative UAV designs, learning and exploring their creative faculties in the process.

This year's challenge as the scores suggest, was very tight. With so many teams delivering top quality reports, we had a tough time studying the nuances of each design and accurately appropriate scores to the teams.

Kudos to all the participants who turned in their reports!

After thorough evaluation, the top 3 teams for IPAS Challenge 2021 are:
1. Team Legendary - @legendaryrzeszow
2. DJS Antariksh - @djs_antariksh
3. Team Techno...

Subject: Selection for Regional Convention of AICTE-Chhatra Vishwakarma Awards for the year 2019

To: <aravellisricharan@gmail.com>

Dear Students,

This is to inform you that your prototype has been selected for participation in Regional Convention of AICTE-Chhatra Vishwakarma Awards for the year 2019. List of selected Teams has also been uploaded on AICTE website at the below mentioned link.

<https://www.aicte-india.org/sites/default/files/Shortlisted%20Teams%20after%20evaluation%20of%20Video%20Clips-PPTs.pdf>

Your Team will be called for Practical Demonstration of the proposed solution at your respective region. The Date and Venue will be intimated shortly by the concerned Regional Office of AICTE.

The travel expenses of the participating team & faculty In-charge for participation in Regional Convention will be reimburse by the Regional Office of AICTE, as per Rules.

The selected Teams from the Regional Convention will be called for National Convention at AICTE, Hqr., New Delhi.

Regards,

AICTE

Subject: Congratulations! For being selected in Top 30 teams in the first ever Hyderabad City Police Hackathon
To: <Vikas.manchana@gmail.com>

Dear Team Team Soul,

Congratulations! You have been selected as one of the Top 30 teams in the first ever "Hyderabad City Police Hackathon" organised by Hyderabad City Police in collaboration with WE HUB, Government of Telangana.

The Hackathon saw participation from 99 teams consisting of 4 members each from 32 institutions and 6 Regions participating in the 36 hour Hackathon held on 18th & 19th January, 2020 in Kotla Vijaya Bhaskar Reddy Indoor Stadium, Hyderabad. We are happy to mention that you are on the top 20% of the innovative ideas we received and we look forward to encouraging you to build on your ideas to transform into concrete products. To accept your slot, please confirm by acknowledging before February 6th, 2020.

In case of any queries, please feel free to reach out to hydpolicehackathon2019@gmail.com or 9059264664

We look forward to hearing and engaging with you.

Best Regards
